VIA MESSENGER

The Honorable Myron D. Jackson Senate President Thirty Second Legislature of the Virgin Islands Capitol Building St. Thomas, VI 00802

Re: Proposed Executive Budget for Fiscal Year 2019 for the Government of the Virgin Islands of the United States

Dear Mr. President:

I am pleased to submit to you the proposed Executive Budget for Fiscal Year 2019 for the Government of the Virgin Islands of the United States ("Government"). In my previous budget messages, I advised that they were "structured to lay a foundation for a future in which annual budget deficits are not the norm."

These plans were altered and became second thrift in the aftermath of the September 2017 Hurricanes. After the devastation of the Territory, the support of our national partners, led by President Donald Trump, the leadership and Members of the Congress, Federal Emergency Management Agency ("FEMA") and other federal agencies have been unprecedented. Today, the people of the U.S. Virgin Islands are enjoying one of the closest and most productive relationships with our national government that we have in our history. This close working relationship has brought us an unprecedented opportunity to rebuild and restore our infrastructure to withstand future storms and to protect our citizens from the massive devastation of future storms. Our close working relationship with our national government is putting our people to work; it is helping businesses grow, and it is, in the short term, expanding our economy.

In the years ahead, this Administration proposes to do a considerable amount of building: new schools, new and refurbished housing stock, new roads, new or refurbished hospital facilities and clinics, a transformation of our Water & Power Authority to reduce rates and increase the dependable delivery of power and water. In addition, we will expand our public transportation

system on island and between islands. We will build police and fire stations, and new offices and facilities for government departments and agencies.

Yes, our partnership with our national government has given the GVI an unprecedented opportunity to rebuild the Territory. This is evident by the receipt of billions of dollars for housing, infrastructure and road projects. To date, we have been awarded \$340 million dollars for the Sheltering and Temporary Essential Power program for immediate repairs on our homes; \$1.86 billion of CDBG-DR funds have been awarded to us to address unmet needs in housing, infrastructure and economic revitalization and mitigation against future storms; and \$2 billion for Public Assistance for mission assignments and SBA loans.

As of this writing, the Department of Public Works (DPW) has received \$30 million for modernization of 22 intersections, signals, drainage repair, lighting, road, retaining wall and embankment construction. The Virgin Islands Water and Power Authority has been awarded \$577.7 million of which \$238.4 million for mitigation/hardening and \$339.3 million for restoration. Over \$120 million of federal funds have been approved, and the Department of Education has awarded contracts to install sprung shelters and modular classrooms and to repair damaged schools to avert double sessions next school year. In addition, an amount just short of \$120 million has been approved for acquisition of modular health facilities and clinics on all three islands.

The U.S. Congress has authorized 100% federal funding of our Medical Assistance Program over the next two years and has statutorily defined pre-existing structural damages of public facilities as disaster-related damage caused by the storms. This legislative change, which is now law, qualifies pre-existing structural damages of public buildings to qualify for funding under the Stafford Act for repairs or new construction. FEMA has thus far authorized a Hazard Mitigation grant budget of approximately \$455 million and we have drawn \$196 million of the Community Disaster Loan. My friends, these are the funds drawn or authorized to be drawn to date, not the funds we ultimately qualify for.

Revenues will also be derived from infrastructure projects not associated with the recovery. Continued expenditures of Garvee Bond funds totaling \$60 million for the following projects to include Main Street enhancements, Crown Bay improvements, construction of Clifton Hill Rd, Carlton Rd, Hams Bluff Rd, Sion Valley Rd, expansion of Veteran Drive, resurfacing and improvements to Melvin Evans Highway and construction of the La Reine Mass Transit Transfer Station and VITRAN Operation and Maintenance facilities on both St. Thomas and St. Croix will also drive revenues to the General Fund.

There are other private and public projects scheduled to commence and continue through the new fiscal year; the Magen's Junction Apartments Phase II, St. Thomas's Clinton E. Phipps and St. Croix's Randall "Doc" James Race Tracks by VIGL, construction of Louis Brown Villas, Phase II and the Paul E. Joseph Stadium on St. Croix. These projects will bring significant revenue and jobs to the Territory as we continue to upgrade and improve our infrastructure as part of the

recovery.

To meet the requirement of effectively expending, reporting and tracking the significant and unprecedented federal dollars made available to our communities, we must be successful in our recruitment campaign to hire qualified and vital public employees. To do so, my proposed budget increases the salaries of government employees. I am authorizing, and will implement, wage increases for union and non-union, classified and non-classified government employees effective October 1, 2018 in an amount not to exceed 3% *per annum*. This is consistent with the increase in the private sector minimum wage that I signed into law in 2015. In addition, to recruit qualified candidates in critical areas, I will increase the base or entrance pay of several essential positions in the classified and unclassified services: police officers, teachers, nurses, social workers, correction officers, DOH environmental officers, EMTs, Head Start Teachers, School Nurses, DOH and DHS Nurses to name a few. Accordingly, I am formally lifting the Executive Branch hiring freeze and granting limited authority to our Chief Negotiator to negotiate salary increases with our unions.

My proposed Fiscal Year 2019 Executive Budget, themed, "Rebirth of Economic Sustainability"—Building Stronger and Smarter—contains sustainable levels of expenditures based on projected new revenues derived from the economic activity driven by our recovery. In addition, I expect to join some of our private sector partners and soon announce good news on the expansion of the private sector, the creation of new jobs driven by the investment of significant new private capital into our economy. You should note that anticipated revenues from these announcements are not factored in or contained in this budget proposal.

My fiscal year 2019 budget proposes \$1.278 billion in expenditures, which includes \$150 million for debt service payments and \$38 million for income tax refunds, \$238.66 million of federal funds, and \$851.34 million of local funds. From the local funds, approximately \$639.0 million is proposed for the Executive Branch departments and agencies, \$27.1 million over FY 2018 appropriation level. This budget also proposes \$20.0 million for the Legislative Branch and \$38.7 million for the Judicial Branch.

The FY 2019 budget will be balanced based upon estimates of General Fund revenues composed of \$847.5 million from taxes and other revenues, \$51.2 million in transfers from other Funds, and \$17 million from other revenue sources for a gross total of \$915.7 million, and \$124.3 million in other revenue sources not derived from the General Fund. The FY 2019 General Fund budget assumes no debt financing and no new taxes.

In this budget, you will see we are proposing higher appropriations for some departments and agencies. This is so because we have moved appropriations, which are normally carried under the Miscellaneous Section of the budget for that department or agency to its appropriate administrative jurisdiction.

The Government Employees Retirement System ("GERS") faces a crisis that has been decades in the making and is a matter of wide spread community concern. For the last 17 years, the Government Employees Retirement System has paid out more in benefits than it has received in contributions. Unless we act, GERS will be insolvent by 2024. This Administration is committed to implement multi-fold corrective measures to prevent a collapse of the system.

While my proposals today do not solve the crisis, we will extend the solvency of the Retirement System for an additional year to 2025. Through this and next year, I intend to forward comprehensive strategies to preserve GERS for our retirees and all of our hardworking employees.

In this budget proposal, we propose to infuse much needed cash into GERS, and I will submit legislation later this week to do so. First, the Government will increase the employer contribution by 3% to bring it to 23.5% of payroll. Furthermore, we propose to increase the employer contribution by 3% in fiscal years 2020 and 2021.

Second, the Government will increase the liquidity of the GERS by using the Virgin Islands Housing Finance Authority and CDBG-DR funding to acquire nonperforming assets that the Retirement System owns.

Third, we will require that the Government's highest paid employees contribute more into the pension system, matching those required by the federal social security tax limits. The legislation I am sending you will require those employees earning over \$65,000 per year to pay into the GERS up to the salary cap imposed by social security. In addition, we will propose raising the benefit cap for pension benefits to \$75,000 as a tradeoff for the additional revenues. The changes to these limits will increase cash contributions into the retirement system.

While these three proposals will provide an infusion of cash to the Retirement System, they will only extend the solvency of the GERS by a projected one year. I will soon announce additional strategies to move insolvency further out by at least another three (3) years to 2028. The financial crisis at the GERS did not occur overnight and absent a \$2 billion one-time infusion, this crisis will not be solved overnight. I am committed to working with the Thirty-Second Legislature to comprehensively address the long-term needs of the GERS, including having the plan's sponsor take more responsibility and oversight control of the system's actions.

The Medical Assistance Program has been expanded to provide 100% funding for the next two years. This expansion has eliminated the need for the local match and will reduce uncompensated care costs to our government, while bringing more funds to the Territory's hospitals.

The time has come for the Territory's hospitals to become the premier hospital system in the Caribbean. Covering uninsured patients' expenses, coping with diminishing government reimbursements and the challenges of healthcare reform are forcing hospitals everywhere to look at cost effective ways of managing care. This can only occur through comprehensive planning and a proper governance structure.

Attached to the proposed budget bill is legislation to abolish both district boards of the Virgin Islands Government Hospitals and Health Facilities Corporation. I propose the creation of one territorial board of directors who will then select one leadership team to lead the combined hospital system into the future. This merger will allow both Roy Lester Schneider ("RLS") and Governor Juan F. Luis ("JFL") Hospitals to become more efficient by combining procurement, maintenance, financial and other operational activities. Merging and improving systems and financial sustainability will allow the hospitals in the future to operate independently of the Government.

As you consider this proposed budget for Fiscal Year 2019, I want the Members of the Thirty-Second Legislature and the People of the Virgin Islands to know that I, and the members of my Administration, remain committed to working with all members of the Thirty-Second Legislature to rebuild and restore economic growth in the Territory. Fate has provided us with a significant opportunity to rebuild our beloved Virgin Islands stronger and much better than before while investing in our people. This can only be done by rebuilding efficiently, relentlessly and implementing sound fiscal policy. My Administration is committed to seeing this process through to a historically successful conclusion, and I look forward to working with the Legislature to achieve this goal.

Sincerely,

Kenneth E. Mapp Governor

Dear Governor Mapp:

I hereby submit the FY 2019 Executive Budget for the Government of the Virgin Islands (GVI) for your consideration and submittal to the 32nd Legislature of the U.S. Virgin Islands, pursuant to Title 2, Chapter 2, Section 24 of the Virgin Islands Code.

Overview

The U.S. Virgin Islands economic outlook along with the Government's five-year plan drastically changed on September 7th, and September 19th,2017 with Hurricanes Irma and Maria. These storms not only changed the landscape of the Virgin Islands community but has created an opportunity for rebirth of the US Virgin Islands through the assistance of the Federal Government. With the abundance of Federal Government assistance that has been approved for the Territory and the additional assistance supported by federal grants, Fiscal Year 2019 Executive Budget reflects a sustainable balanced budget along with a five-year forecast to provide fiscal guidance. This budget cycle begins the rebirth of the US Virgin Islands, through infrastructure improvements in major sectors of the territory i.e. roads, utility and housing that will spur some economic growth for several years.

The "Rebirth of Economic Sustainability" Rebuilding Stronger and Smarter begins with the proposed Fiscal Year 2019 Executive Budget which includes sustainable levels of expenditures based on additional revenues derived from the economic activity because of Hurricanes Irma and Maria rebuilding of the territory. In this proposal there is \$1.278 billion budget outlay which includes \$150 million for debt service payments and \$38 million for income tax refunds, is funded by \$851.34 million in local funds, \$238.66 million from Federal funds.

Over the next Fiscal year, the territory will experience a continued growth in the construction, housing and infrastructure sectors of the economy. Within the budget proposal, the projection of \$131.69 million in new revenues is a result of rebuilding activities and other sources of revenues.

First, with the continued progress of the implementation of the Sheltering and Temporary Essential Power (STEP) known as the Emergency Homes Repair Virgin Islands, the territory has been awarded \$339.5 million to the Virgin Islands Housing Finance Authority. These funds are expected to be fully expended in fiscal year 2019 and will generate approximately \$42.85 million in revenues to the treasury of the territory.

Secondly, in addition to administering the STEP program, VIHFA was designated lead agency to receive grant funds from the US Department Housing and Urban Development to address unmet needs in housing, infrastructure and economic revitalization because of both 2017 Hurricanes. To address these unmet needs, HUD awarded \$1.86 billion dollars of CDBG-R funds to the US Virgin Islands. These funds are comprised of two basic categories: \$1.09 billion for unmet needs and \$.774 billion for mitigation. These funds will be spent over a period of five years. During fiscal year 2019 funds spent from CDBG-R funds will generate approximately \$23.24 million for the fiscal year.

In regard to infrastructure projects, the Department of Public Works (DPW) have approximately \$90 million dollars in project funds for Fiscal Year 2019. First there is \$16 million in Federal Highway funded projects to include main street enhancements, crown bay improvement and Clifton Hill. Secondly, DPW also has approximately \$44 million in GARVEE bonded projects for Veteran Drive improvements, Melvin Evans Highway and Sion Valley. Third, DPW also has funding through the Federal Transit Administration of \$4 million for LA Reine transfer station, and Operation and Maintenance facilities in both ST Thomas and St Croix respectively. Finally, DPW has received awards for Hurricane recovery projects of \$30 million for traffic signals, drainage replacements, road construction and retaining wall and embankment construction. With these projects, will infuse approximately \$17.28 million in revenues for fiscal year 2019.

Finally, other rebuilding activities such as rebuilding of the VI Port Authority facility such as Cyril E King Airport, Virgin Islands Water and Power Authority mitigation projects, and other private projects such as Magen's Junction Phase II will contribute approximately \$28.3 million.

As a direct result of the Hurricanes, several major hotels in the St Thomas/St John district are closed for major repairs and will not reopen until calendar year 2019. This will continue to influence our tourism sector of our economy until these hotels are back online. The revenue forecast will show hotel occupancy tax will be significantly lower than previous years caused by the reduction in hotel accommodations. Despite the closures, these entities in their reconstruction will offset a portion of the loss revenues but not all. Hence, the expectation is that the tourism sector will generate moderate revenues with expected growth in the future years when the major hotels come back online.

Government Employees Retirement System

The pending insolvency of the Government Employees Retirement System continues to be an issue that needs to be addressed immediately and comprehensively. In the FY 2019 Executive Budget proposal the Government of the Virgin Islands have several initiatives that infuse cash into the retirement system. First, the Government will contribute an additional three (3%) percent employer matching share to the system raising the employer contribution from 20.5 to 23.5 percent. The Government intends to increase the Government contribution (employer match) for the next three fiscal years. Secondly, to increase the benefits of retirement to \$75,000.00, while allowing contributions to the limits of the Social Security Administration.

In addition to making the changes above, the Government through the Virgin Islands Housing Finance Authority will acquire nonperforming assets with the use of CDBG-DR funding and continue the \$7 million contribution annually from Matching funds revenues. This will begin the process of regaining financial stability in the retirement system.

Enabling Legislation

Government Health and Hospital Facilities Corporation

The time has come for the territory's hospitals to become the premier hospital system in the Caribbean. Covering uninsured patients' expenses, coping with diminishing government reimbursements and the challenges of healthcare reform are forcing hospitals everywhere to look at cost effective ways of managing care. This can only occur through comprehensive planning and a proper governance structure. Hence, attached to the proposed budget bill, is legislation to abolish both district boards of the Government Health and Hospital Facilities Corporation. The creation of one territorial board of Directors who will then select one leadership team to lead the combine hospital system into the future. This merger will allow both Governors Roy Lester Schneider (RLS) and Juan F Luis (JFL) Hospitals to become more efficient by combination of back-office functions such as supply chain, general operations, revenue cycle management, as well as the ability to spread the substantial costs associated with development and operation of the IT systems necessary to support value-based payment initiatives. Because of their often-weak financial condition, RLS and JFL Hospitals are unable independently to access the capital markets at reasonable rates. By merging and improving systems and financial sustainability will allow the hospitals in the future to operate independently of the Government.

Economic Review and Outlook: Reported by the Bureau of Economic Research

Hurricanes Irma and Maria wrought devastation on the US Virgin Islands with profoundly damaging effects on the economy which had begun to emerge from the fallout from the Great Recession and closure of Hovensa's oil refinery. Well into the third year of expansion, reversing four consecutive years of economic decline from 2007 to 2014, the US Virgin Islands steady improvement was set back by the storms. Before the hurricane, the Bureau of Economic Analysis (BEA) estimates of real GDP rose modestly by 0.3 percent in 2015 and 0.9 percent in 2016. However, the impacts on the economy are evident from the lost output, decline in employment, substantial increases in initial unemployment claims, and decline in tourism.

Nonagricultural wage and salary employment decreased 7 percent in the first six months of Fiscal Year 2018 to 35,561 jobs from 38,242 jobs in Fiscal Year 2017, its first such decline in over two years. The fall in employment was reflected in both public and private sectors. While the loss of public sector jobs was from resignations and retirement, most private sector job losses appear to be accounted for by the effects of the hurricanes. Private sector employment declined 8.5 percent to 25,090 from 27,431. Except for construction jobs which rebounded by seven percent from rebuilding activities, most of the sectors suffered job losses. As a result, initial unemployment claims peaked to an average 676 in the first half of the fiscal year 2018 in comparison to an average 156 in the corresponding period in the fiscal year 2017.

Tourism

Besides, the scale of the impact of the hurricanes is visible on the tourism sector. Visitor arrivals which had been on a declining trajectory before the storms experienced a dramatic 44.7 percent reduction. Total visitors declined to 799,969 in the first six months after the storms from the 1,447,219 visitors recorded for the same period in the Fiscal year 2017. Cruise visitors fell 37.3 percent to 642,201 in 2018 from 1,023,517 in 2017. Air visitor arrivals decreased 62.8 percent to 157,768 in the Fiscal year 2018 from 423,702 in 2017. The loss of accommodation rooms is evident in the number of hotels, guesthouses, and other units available after the hurricanes. Approximately 60 percent of the island's lodging accommodation is unavailable primarily due to physical damage to many of the islands' large hotels. Based on hotels and other accommodation that reported, the Territory's hotel occupancy rate averaged 11.4 percent in the first quarter of the Fiscal year 2018 compared to 50.7 percent in the fiscal year 2017. The St. Thomas and St. John district's occupancy rate was 5.9 percent versus 54.0 percent for the first quarter in 2017. The St. Croix district reported an occupancy of 28.6 percent compared to 40.4 percent in the first quarter of 2017.

Housing

The housing market was showing signs of softness before the storms. The number of homes sold in the Territory declined by 18.1 percent from 431 in 2016 to 353 in 2017. The average value of the sale price of a home was \$491,574 in 2017, down from \$500,791 in 2016. In the St. Thomas and St. John district average home prices in 2017 were close to same pricing levels as in 2016. The average home price in the St. Thomas and St. John district in 2017 was 646,118 compared to 650,076 in 2016. On the island of St. Croix home prices averaged \$350,495 in 2017 compared to \$336,215 in 2016, an increase of 4.2 percent. Territorial condominium sales price averaged \$225,480 a 1.0 percent increase over 2016. With a shortage of available homes and increased housing demand, the housing market is likely to experience a push upward in prices and sales.

The reconstruction of residential homes will also improve the housing stock. For the first two quarters in the fiscal year 2018, the total value of construction permits grew by 14.7 percent to \$75.5 million from \$65.8 million in the Fiscal year 2017. The first half of 2018 also saw permit value for private residential homes grow to \$59.1 million from \$47.2 million in 2017, an increase of 25.1 percent. The homeowners' insurance settlement claims and home rebuilding contributed to the spike in permit values for private residential homes. According to the Lieutenant Governor's Office, Division of Banking and Insurance Hurricanes Irma and Maria settlements for residential properties totaled \$451.1 million.

Several public-sector projects are scheduled to come on line, and others will continue into the Fiscal Year 2018 that will help to promote job creation, generate capital investment, and improve the tourism sector. Some examples of such project initiatives of the government and private sector are listed correspondingly. The \$9.6 million Turpentine Run Bridge and \$10.6 million Main Street Enhancement Projects are expected to continue. The \$42 million enhancement Veterans Drive phase one road project began in May 2018. The \$26.6 million Magen's Junction Apartments facility is also under construction. On the island of St. Croix, phase three of the \$34 million Louis Brown 90 villa units and the \$20.5 million Paul E. Joseph Stadium has started. Both districts will experience renovation activities occurring at the racetracks respectively with \$12 million allocated to St. Thomas Clinton E. Phipps racetrack and \$14 million to St. Croix's Randall "Doc" James facility. The Port Authority has begun the construction of a \$5 million two-level parking garage at the Urman Fredericks Marine Red Hook Terminal. The University of the Virgin Islands continues the combined \$11 million construction of both St. Thomas Medical School and the St. Croix Simulation Center facilities.

Economic Outlook 2019-2020

The outlook for the U.S. Virgin Islands' economic growth has weakened in the aftermath of the storms. While acknowledging that there is uncertainty regarding economic growth, there is heightened expectation for improvement based on the injection of federal hurricane recovery funding and passage of tax cuts which could boost short-term growth. Looking ahead, the Bureau of Economic Research expects government and consumer spending from rebuilding will be the primary contributor to growth in the economy. Policy actions taken by the government will be important in helping to get the economy back on track. Notably, the implementation of capital projects and facilitation of the recovery and rebuilding efforts, and tax cuts will provide incentives for businesses to expand capital investments and increase disposable income for taxpayers, supporting consumer confidence and spending. Additionally, the Governor's signature of Act No. 7856 and Act No. 7837 which increased wages will help to support consumer spending. Together with expansionary economic and fiscal initiatives, these policy actions should help to spur economic growth in the long-run. While the destruction wrought by the hurricanes may reduce growth somewhat in the short run, based on the rebuilding efforts and appropriate economic and fiscal policies, the longer-term growth trajectory remains in place.

Budget Overview

The total FY 2019 Budget for governmental activities of the Government of the U.S. Virgin Islands (the "FY2019 Executive Budget") is \$1.278 billion in current year expenditure and debt service. This is composed of \$1.04 billion (81%) of local Funds, and \$238.66 Million (19%) of Federal Grant Funds. The local Funds portion is composed of government activities expenditure, debt service and, totaling \$867.1 million from the General Fund and \$171.7 million from Other Local Funds which includes debt service and transfer between funds).

As illustrated in Table 1 below, the biggest share (40.2%) of the General Fund available resources after debt service and tax refund, is allocated to services that address the education, health and human services that directly impact the lives of our citizens; as it should be. Approximately (7.6%) is allocated to public safety, including police, fire and emergency response services. Approximately (52.2%) is allocated to general government. Public works and transportation, culture and recreation make up the balance.

Revenues and Sources Estimates

The FY 2019 estimates of General Fund revenues and sources is composed of \$847.5 million from taxes and other revenues, and \$51.2million in transfers from other Funds, and \$17 Million from other revenue sources for a gross of total \$915.7 million. After allowing for \$63.9 million general obligation debt service, and \$10.0 million mandatory transfers to other Funds, a net amount of \$841.8 million is estimated to be available to support budgeted General Fund appropriations and tax refunds. The FY 2019 General Fund budget assumes no debt financing and no new taxes.

The gross revenues of \$ 841.8 million, is composed of \$571.2 million from direct taxes,¹ \$249.4 million from indirect taxes,² \$26.9 million from other revenues and fees, and \$51.2 million transfers from other local Funds. The *direct tax* component is made up of: \$452.9 million from individual income taxes, \$55.3 million from corporate income taxes, and \$63-million from real property taxes. The *indirect tax* component is composed as follows: \$45.1 million from trade and excise taxes, \$193.9 million from gross receipts taxes, and \$10.4 million from other taxes; for a gross amount of \$249.4 million. Expenditure Estimates

General Fund

The FY 2019 General Fund expenditure budget request, excluding \$63.9 million for long term debt service and \$38 million for tax refund, is \$803.1 million. Approximately \$639.0 million is allocated to the Executive Branch departments and agencies which is \$27.1 million more than the rollover FY 2018 appropriation level. This budget assumes an allocation of \$20.0 million for the Legislative Branch -- \$1.0 million less than FY 2018; and \$38.7 million for the Judicial Branch -- \$1 million below the FY 2018 appropriation amount.

The Executive Branch amount is composed as follows: \$392.0 million (48.8%) for personnel services cost (salaries, employee benefits and payroll taxes); \$13.6 million (1.7%) for supplies; \$212.4 million (26.4%) other services and charges; \$19.0 million (2.4%) for utilities cost; \$2.1 million (.3%) in routine capital additions; \$164.1 million (20.4%) for contributions to semi-autonomous agencies, boards and commissions, Judicial and Legislative Branch. The semi-autonomous agencies include the University of the Virgin Islands, VI Waste Management Authority and both district hospitals. Other entities funded under the Executive Branch include the Election System (including the Board), the VI Inspector General and the Board of Education (including Career and Technical), PERB and the Labor Management Council.

The General Fund budget funds 5,263 positions; 4,962 filled and 301 vacant/new. These positions are concentrated mainly in three public service activities: education (2,195); public safety and justice (1,343); and health and human services (684). Together they account for 80% of the budgeted positions.

Unlike previous years budgets, Fiscal Year 2019 budget shows that many of the items previously reported in the Miscellaneous section of the budget are now placed in the Department or Agency that was its custodian. Therefore, some Departments and Agencies are showing large increase to its recommended budget and the Miscellaneous Budget has decrease significantly compare to previous years.

Some of these Departments and Agencies that were greatly impacted by having large sums added to their operational budget and the main items added are:

- Bureau of Information Technology
 - Maintenance of GVI IT Infrastructure \$4.1 M
 - License Fee for GVI GWAN \$2.1 M
- Office of Management and Budget
 - Wage Adjustment \$14 M
 - Critical Hiring \$4.2 M
 - Third Party Fiduciary \$2.8 M

• Division of Personnel

• Health Insurance Retirees \$37.4 M

• Department of Labor

- Interest Payment Unemployment Trust Fund \$3.2 M
- Unemployment Insurance GVI Contribution \$3.0 M

• Department of Finance

- Audit Service \$2.9 M
- Judges' Pension Fund \$0.7 M
- Lieutenants and Governors' Pension Fund \$0.6 M

• Virgin Islands Police Department

• Excess force Consent Decree \$1.9 M

• Property and Procurement

• Government Building Insurance \$7.6 M

• Department of Health

• Mental Health \$1.5 M

Listed in the regular Miscellaneous Budget are many items to include

- Grant for Virgin Islands Housing Finance Authority \$2.0 M
- East End Medical Center \$1.8 M
- Frederiksted Health Center \$1.3 M
- GERS Outstanding Employer's Contribution \$8.0 M
- GERS Additional 3% Contribution by Employer \$11.0 M
- Legal Services \$1.1 M
- Virgin Islands Economic Development Authority \$5.5 M

Other (Appropriated) Local Funds

In addition to the General Fund, there is a total of \$69 million budgeted from *Other Appropriated Local Funds*; excluding \$86.1 million in debt service payments. The source of funding is a collection of about a dozen special purpose Funds³ established by the Legislature. In summary, the budgeted uses are as follows: \$29.3 million in appropriations to the several agencies responsible for carrying out the purposes for which the Funds were established; and \$40.6 million transfer between fund.

Other (Non-Appropriated) Local Funds

In addition to appropriated amounts, some GVI departments and agencies (including semiautonomous agencies) are expected to have access to an estimated \$57.30 million in local government revenues that are not subject to annual appropriations. For the most part, the sources of revenues for this *Non-Appropriated* expenditure are primarily fees and charges for business activity services provided by governmental entities⁴.

The two significant amounts in this category are: \$13.5 million available to the Department of Finance from the Virgin Islands Insurance Guaranty Fund; and \$16.0 million available to the Department of Tourism from the Tourism Advertising Revolving Fund for promotion and marketing of the Territory's Tourism Industry. Each Fund is to be administered for the purposes for which it was established. The balance of \$27.8 million is spread among Funds in different Department and Agencies.

Federal Funds

In addition to local funds, the FY 2019 Budget is supplemented by \$238.6. million in *Federal grants funding*. This amount compares to \$259.5 million in FY2018 and \$181.2 million in FY 2017. Five VI Government departments are expected to receive \$201.9 million of these grant funds, as follows: The Department of Human Services \$112.2 million; the Department of Education \$32.0 million; the Department of Health \$20.9 million; the Department of Public Works \$17.1 million and the Department of Planning and Natural Resources \$17.7 million.

Federal grants to the Department of Human Services are intended to fund the following major programs: State Administrative Matching Grants for the Supplemental Nutrition Assistance Program, Rehabilitation Services-Vocational Rehabilitation Grants to States, Temporary Assistance for Needy Families (TANF), the Head Start Program and Medical Assistance Program.

³ See Footnote 2.

⁴ The notable exceptions are the revenues deposited in the Insurance Guaranty Fund and Tourism Revolving Fund. These revenues are generated from taxes: The Insurance Premium Tax and the Hotel Occupancy Tax, respectively.

Grants to the Department of Education are intended to fund the following major programs: National School Lunch Program, Consolidated Grant to the Outlying Areas and Special Education Grant.

Major programs grant funded under the Department of Health are: Special Supplemental Nutrition Program for Women, Infants and Children (WIC), Hospital Preparedness and Public Health Emergency Preparedness Aligned Cooperative Agreement, and Immunization Cooperative Agreements Project, HIV Care Formula Grants and Maternal and Child Health Services Block Grant.

Major programs grant funded under the Department of Public Works are: Economic, Social and Political Development of the Territories, and Highway Planning and Construction Projects.

Conclusion

Fiscal year 2019 budget proposal begins the process of addressing issues through legislation and sound fiscal policy that in the long provide a sustainable economic future for the territory. The focus of the FY 2019 budget proposal is education, health care, the Government Employees Retirement System and rebuilding of the territory after Hurricanes Irma and Maria. Therefore, beginning the "Rebirth of Economic Sustainability" Rebuilding Stronger and Smarter.

Respectfully,

Julio A Rhymer Sr Director, Office of Management and Budget

Demographics

Virgin Islands of the United States Demographics and Economy

Geography and History

The Virgin Islands of the United States are located in the turquoise seas of the Caribbean, approximately sixty (60) miles east of Puerto Rico and one thousand seventy-five (1,075) miles south of Miami, Florida. The Virgin Islands of the United States are an unincorporated Territory of the United States. Sixty-eight (68) islands comprise the group; however, three (3) main islands, St. Thomas, St. Croix, and St. John are the most significant. Water Island, which is geographically located within the boundaries of the St. Thomas-St. John District, is commonly referred to as the fourth Virgin Island. The Territory is more than one hundred and thirty-three (133.6) square miles and is almost twice the size of Washington, D.C. with territorial waters that stretch over six hundred and three (603.9) square miles into the Atlantic Ocean. The Virgin Islands of the Unites States are renowned for its white sandy beaches. Magens Bay on the island of St. Thomas and Trunk Bay on the island of St. John are considered among the ten (10) most beautiful beaches in the world ("Popular Trip Ideas and Beach Guide," Travel Channel).

The city of Charlotte Amalie on the island of St. Thomas is the capital of the U.S. Virgin Islands. St. Thomas, historically mercantile, is a cosmopolitan island; yet it retains distinctive characteristics of a European settlement manifested in the architecture of its historic district. St. Thomas is a favorite stop for cruise ship passengers who take advantage of the duty-free shopping for which the island is known. The islands of St. Thomas and St. John are mountainous and volcanic in origin. St. Thomas' Crown Mountain is the highest peak at one thousand five hundred and fifty-six (1,556) feet or four hundred and thirty-five (435.86) meters above sea level.

The largest island, St Croix, forty-three (43.74) miles south of St. Thomas, is less mountainous. St. Croix boasts two cities: Christiansted on its eastern end and Frederiksted on the western end. This tropical island is three (3) times the size of nearby St. Thomas and possesses a uniquely diverse terrain. A lush rain forest in the western mountains and undulating hills in the interior are in stark contrast to the spiny, desert vegetation and dry, rocky, red cliffs found on the eastern end. Christiansted was once the capital of the Danish West Indies and is presently designated a National Historic Site. St. Croix's Point Udall remains the most eastern point of the United States.

St. John, just three (3) miles east of St. Thomas, is home to a National Park on seven thousand two hundred (7,200) acres of land of which five thousand six hundred (5,600) were gifted to the National Park Service by Laurence Rockefeller in 1956. Though it is the smallest of the three (3) U.S. Virgin Islands, St. John's natural landscape is perhaps the least spoiled of all frequently visited Caribbean islands. In 1962, the United States Congress expanded the boundary of the Park to include five thousand six hundred and fifty (5,650) acres of submerged lands as a way to protect and preserve the beautiful coral gardens and seascapes. In January 2001, through Presidential Proclamation, the Virgin Islands Coral Reef National Monument was established. It is a three (3) mile belt of submerged land off the island of St. John that supports a diverse and complex system of coral reefs and other ecosystems such as shoreline mangrove forests and sea grass beds that adjoin the already existing 5,650 acres established in 1962. The National Park Service manages both historical and marine treasures on St. Croix's Buck Island and on Hassel Island off St. Thomas. Salt River, Columbus' landing site on St. Croix, is the only co-managed park in the United States; management is shared by the Virgin Islands Territorial Government and The National Park Service.

Water Island is four hundred and ninety-one (491.5) acres or almost two square kilometers (1.989 km²), a half mile south of the harbor of Charlotte Amalie. During World War II, the island served as a military installation. In December 12, 1996, the Department of Interior transferred Water Island to the Government of the USVI.

In the early 1600s many countries took interest in the Caribbean and in what they termed "The Virgins". Holland, France, England, Spain, Denmark and the Knights of Malta all sought colonies. England and Holland colonized and jointly inhabited St. Croix in the 1620s. Spain invaded the neighbouring island of Puerto Rico and colonized there.

The French quickly moved in, removed the Spanish, and took over St. Croix, which remained a French colony until 1733. Despite successive colonial claims to the islands, the Danes emerged as the dominant colonial power and colonized all three (3) islands within a century: St. Thomas in 1672, St. John in 1717, and St. Croix in 1733.

Chattel slavery was the dominant means of labor in the Danish West Indies (1682-1848), and West Africans were the major ethnic group chosen for slavery. In 1685, the Danish government signed a treaty with the Dutch and Danes of Brandenburg. This treaty allowed the Brandenburg American Company to establish a slave-trading post on St. Thomas. Early governors promoted St. Thomas as a haven for pirates, aware that commerce of all kinds would benefit the economy of the island. St. Croix and St. John, on the other hand, pursued agricultural development; sugarcane, cotton, indigo and rum became the chief exports of the plantations' economies. St. Croix soon became one of the largest exporters of sugarcane in the world prior to the discovery of the sugar beet. This period of prosperity was known as the "Golden Age" of St. Croix

The West Africans' constant resistance to slavery, combined with the Danish colony's adoption of harsh slave codes, resulted in the first successful slave insurrection in the New World on St. John in 1733. On the island of St. Croix, however, slavery flourished and by 1803 there were well over twenty-six thousand (26,000) enslaved Africans involved in planting and processing sugarcane. As slave revolts became more frequent, Denmark was forced to develop a 12-year plan to dissolve slavery. Unyielding in their insistence on freedom, enslaved Africans on St. Croix, led by Moses "Buddhoe" Gottlieb, revolted on July 3, 1848, forcing Governor Peter von Scholten to issue the Emancipation Proclamation declaring all people in the Danish West Indies "from that day free."

After emancipation, another repressive system of exploitation was introduced which matched the prior servitude of the slave economy. In 1849, the Danish Government created the 1849 Labor Act which instituted a policy of contracts for the freed laborers in order to retain control over them. The Danes also instituted a practice of importing immigrants to make up for worker shortfalls. These contracts were entered into on an annual basis on October 1 (Contract Day) of each year. The contract provided that laborers, who were earning meager wages, should give a full year's work to the estate on which they lived and could not quit without a pass from the estate owner. After 30 years of harsh and unfair conditions, a labor insurrection erupted in Frederiksted, St. Croix. The first revolt against the Labor Act was October 1, 1878, remembered today as Contract Day.

"The Fireburn" was an uprising of former slaves who, 30 years after emancipation, were systematically barred from leaving the island and were bound to plantations where they endured poor working conditions and egregious injustices. Over fifty (50) estates and half the town of Frederiksted went up in flames as a result of the revolt. Groups of protestors torched the town and plantations as they made their way eastward toward Christiansted. The revolt was championed by female protagonists; three of whom were known as "Queen Mary," "Queen Agnes" and "Queen Mathilda." After "The Fireburn", the Labor Acts were removed.

The Three Queens of the 1878 Revolt, "The Fireburn"

Due to Danish strategic needs and U.S. geopolitics, negotiations to sell the Danish West Indies to the United States began in 1867. The emergence of Germany as a major power with capacities for submarine warfare crippled international trade during World War I. The fear of Germany's seizing the Danish West Indies and establishing a submarine base in the Western Hemisphere drove the United States to acquire the islands. After several decades

of negotiations, on March 31, 1917 the Danish West Indies were officially sold and transferred to the United States for twenty-five million dollars (\$25,000,000) in gold. After the formal transfer, the United States Government changed the name of the islands to the Virgin Islands of the United States, making them an offshore territory. Over the next ten years Virgin Islanders appealed and agitated for U.S. citizenship which was finally granted to residents in 1927.

Government

The U.S. Virgin Islands is an organized, unincorporated Territory of the United States and a part of the United Nations list of Non-Self-Governing Territories. The Organic Act of 1936 and the Revised Organic Act of 1954 created the contemporary political system. A unicameral legislature was organized to unify the Territory after the Revised Organic Act of 1954. In 1968, the Elective Governor's Act provided for the Territory's voters to select their chief executives. In 1970, Dr. Melvin H. Evans became the first elected governor. In 1968, the position of Delegate to Congress for the Virgin Islands was approved, and in 1970 Ron de Lugo became the Virgin Islands' first Delegate to Congress. In 1982 the Judicial Branch was given more power to gradually create its own territorial court system.

The Organic Act of 1936 allowed for the creation of the Government of the Virgin Islands that was tasked with providing services and creating employment for the Territory's citizens. The Organic Act of 1954, passed by the U.S. Congress and administered by the Office of Insular Affairs, U.S. Department of Interior, established the present three branches of government: Legislative, Judicial and Executive.

The Legislative Branch is comprised of a 15-member unicameral body. Seven (7) Senators are elected from each island district of St. Thomas/St. John and St. Croix. The fifteenth (15th) senator, designated as "at-large," must be a resident of St. John. Senators are elected for two-year terms.

The Judicial Branch is comprised of a District Court of the Virgin Islands, a Supreme Court and a Superior Court. Judges for the Federal District Court are appointed for a period of 10 years. The District Court of the Virgin Islands is technically a local court, created by Congress, and is not an Article Three Court under the U.S. Constitution. The Superior Court is a court of general jurisdiction over most civil, criminal, and family cases. The newly-established Magistrate Division of the Superior Court has jurisdiction over small claims, landlord/tenant issues, traffic, probate and petty criminal matters, and other powers as prescribed by law. The newly-established Supreme Court of the Virgin Islands is responsible for appeals from the Superior Court filed on or after January 29, 2007. Appeals filed prior to that date are heard by the Appellate Division of the District Court. Judges of the District Court of the Virgin Islands are appointed by the President of the United States and confirmed by the U.S. Senate while justices of the Supreme Court of the Virgin Islands and judges of the Superior Court are appointed by the Governor of the Virgin Islands and confirmed by the Virgin Islands Legislature.

The Executive Branch is headed by the Governor and Lieutenant Governor who are elected by popular vote and serve for a period of four (4) years, with a mandated limit of two (2) consecutive terms. The Governor is responsible for the administration of government. He may grant pardons, reprieves and forfeitures against local laws as well as veto legislation. He retains the powers afforded to Governors throughout the fifty (50) states of the United States.

The Virgin Islands Flag

The flag of the Virgin Islands of the United States, adopted by Executive Order 17 May 1921, displays on a field of white nylon a golden American eagle between the letters V and I, holding in its right talon a sprig of laurel and in its

left talon a bundle of three (3) blue arrows which represent the three (3) major islands. The eagle has a shield of the United States on its breast.

The Virgin Islands Seal

The Great Seal of the Government of the Virgin Islands of the United States was adopted by the 18th Legislature in 1990 and became effective January 1, 1991. It was designed by Mitch Davis, a native Virgin Islander and was selected from among 33 other submissions from around the world. In the foreground, is the yellow breast, the official bird adopted in 1970, perched on a branch of the yellow cedar, adopted as the official flower in 1934. On the left end of the yellow cedar are three flowers and three (3) seed pods; and, on the right are three (3) leaves of the plant. The three (3) major islands surround the bird and plant. The island with the sugar mill represents St. Croix; St. John is represented by the Annaberg Ruins and St. Thomas by the Capital Building (the Virgin Islands Legislature) with the US flag flying and the Danneborg flag lowering. A sailboat is in the St. Thomas harbor and the words "United in Pride and Hope" is scrolled at the bottom of the Seal below the drawing of St. Croix.

Climate

The U.S. Virgin Islands enjoys an arid climate, moderated by trade winds. Temperatures vary little throughout the year. Typical temperature patterns range from around 91° F in the summer to 86° F in the winter. Rainfall averages about 38 inches per year, with the wettest months from September to November and the driest February and March. Hurricane season lasts from June through the end of November.

Culture

The United States Virgin Islands is among the most culturally diverse, ethnically rich and artistically vibrant societies in the Caribbean. The islands' history fostered a culturally diverse social order where a fusion of cultures has formed a distinctive society where variations are the accepted standard.

Like most of the English-speaking Caribbean, Virgin Islanders' culture is syncretic, derived mainly from Amerindian, West African, European, Creole and American influences. Despite two hundred and fifty (250) years of Danish colonization, the dominant language has been English-Creole since the early 19th century. The Dutch, French, Danes, African and Spanish all contributed to the islands' cultural diversity. Historic and recent immigration have brought persons from other island nations not limited to: Puerto Rico, the British Virgin Islands, Haiti, the Dominican Republic, St. Lucia, Antigua, St. Kitts/Nevis, Anguilla, Dominica and Trinidad/Tobago to the U.S. Virgin Islands. Additionally, persons from the Arab world, India and China contribute to the cultural mix of the U.S. Virgin Islands. However, the foundation of Virgin Islands' culture stems strongly from Africans who were imported from West Africa as laborers, agriculturalists, and craftsmen to work in tobacco indigo, cotton and cane fields, in rum manufacturing, on plantations, and in mercantile and urban industries between the 17th and 19th centuries. These Africans brought with them skills and traditions from across a wide expanse of the Africa continent, including what is now Nigeria, Senegal, the Congo, Gambia and Ghana. The amalgamation of cultures created a distinct and unique society, rich in customs, music, dance, arts, language, architecture and cuisine. The official music of the U.S. Virgin Islands is Quelbe, a synthesis of African, European and Caribbean musical forms, a mix which reflects social and cultural conditions that existed during the 18th and 19th centuries. Enslaved Africans, denied practice of their own spirituality, language, music and dance (that neither distance nor time could stifle), ingeniously adapted and integrated aspects of their European colonizers with the spiritual richness of their African culture to produce the unique musical form of Quelbe

and other musical genres such as Cariso, which is the improvisation of West African singing styles, balladry, ritual chants and songs. Twenty-first Century music genres include an opulent blend of soca, reggae, calypso and zouk.

The annual celebrations of the Crucian Christmas Carnival on St. Croix, the St. John Fourth of July Celebration, and the Virgin Islands Carnival on St. Thomas continue to provide economic stimuli as thousands of visitors pour into the Territory to enjoy the unique culture and personality of each island. The Virgin Islands Carnival officially concludes the tourist season of the Virgin Islands of the United States.

Education

The Virgin Islands Board of Education was established as an independent agency of the Government of the United States Virgin Islands by Act No. 2252. Its duties are to recommend the establishment of public schools, prescribe general regulations and orders, adopt curricula and courses of study, recommend laws and amendments, and recommend appropriations required for the operation of the public schools and the Department of Education. The Board certifies educational professionals, exercises oversight over federal dollars and manages the Territorial Scholarship Program. The USVI's public education system, administered by the Department of Education, is currently comprised of a State Education Agency (SEA) and two (2) Local Education Agencies (LEAs) for the St. Thomas/St. John District and the St. Croix District. The St. Thomas/St. John District has two high schools, three (3) middle schools and ten (10) elementary schools.

Health

The Virgin Islands Hospital and Health Facilities Corporation was established to ensure quality, comprehensive health care to residents and visitors. The Schneider Regional Medical Center, the Myrah Keating Smith Community Health Center and the Charlotte Kimelman Cancer Institute) serves St. Thomas and St. John District. On the island of St. Croix, the Governor Juan F. Luis Hospital and Medical Center provide both basic and critical care to a growing patient population; services recently expanded and include a Cardiac Center.

The V.I. Department of Health's (DOH) goal is to improve the health status of all Virgin Islands residents and to ensure they receive access to quality health care services. The DOH is responsible for helping each person live a life free from the threat of communicable diseases, tainted food, and dangerous products. To assist with its mission, the DOH regulates health care providers, facilities, and organizations, and manages direct services to patients where appropriate.

The V.I. Department of Health consists of five (5) major divisions: Public Health Services, Health Promotion & Disease Prevention, Health Information Technology, Public Health Preparedness and the Division of Licensure. The Division of Licensure consists of nine (9) boards which regulate all healthcare professionals in the Territory. As part of its mandate, the Department is also tasked with operating two (2) community health clinics, one (1) in each district.

Human Services

The Department of Human Services serves as the "state agency" for publicly financed programs that address the needs of the indigent, disabled, elderly and low-income populations. The department also addresses the needs of the juvenile population through the Foster Care, Child Abuse and Neglect, Juvenile Justice and Juvenile Delinquency Prevention Programs. Most recently the department was assigned oversight responsibility to end homelessness in the Territory.

The Department of Human Services, through partnership with other government departments, agencies and other organizations, assists in the rehabilitation of individuals in order to place them in competitive employment to achieve self-sufficiency. As a result of revenue shortfalls and budget constraints in the Territory, the Medical Assistance

Program was transferred from the Department of Health to the Department of Human Services to better serve the needs of the citizenry.

Politics

Politics are a driving force for economic and social change in the United States Virgin Islands, which are founded on the principle of elected individuals who represent the people, as opposed to autocracy or direct democracy. Elected representatives are charged with the responsibility of acting in the people's interest, but not as their proxy.

Virgin Islanders are U.S. citizens who cannot vote in U.S. presidential elections nor exercise a representative vote in Congress. However, there is an elected delegate in the United States House of Representatives who chairs and votes in congressional committees outside of the House itself. Nevertheless, once Virgin Islanders establish residency in any of the contiguous United States, Alaska or Hawaii, they can vote in presidential elections. There are three (3) political parties in the U.S. Virgin Islands (USVI): the Democratic Party, the Independent Citizens Movement and the Republican Party. Candidates for elected offices, who do not platform as a member of one of the three political parties, platform as Independents.

ANNUAL BUDGET PROCESS

Annual Budget Process

Government of the Virgin Islands' Annual Budget Process

Annual Budget Process Overview

The annual budget preparation process and statutory role of the Office of Management and Budget (OMB) are certified by Title 2, Chapter 2 and Title 3, Chapter 1, Section 4. The Executive Branch is responsible for developing, formulating, and compiling a comprehensive, balanced budget proposal, which is modified by the Legislature and enacted into law. The Governor is required by law, pursuant to Title 2, Chapter 2, Section 24, to seek and coordinate requests from all the departments and agencies of the government; to develop a complete spending plan of proposed expenditures, listing revenues available to support them; and to create a prospective, balanced budget. This budget, along with the necessary appropriation bills and enabling legislation, is mandated by law to be submitted to the Legislature by May 30th each year. The Governor is also required to execute the adopted budget through administrative actions during the fiscal year.

The Government of the Virgin Islands' fiscal year begins October 1 and ends September 30; however, the actual "budget cycle," representing the time between early budget preparation and final disbursements, extends over the entire year, commencing in the first quarter of the current fiscal year.

The budget process consists of six major activities:

- 1. Budget Formulation
- 2. Agency Budget Preparation
- 3. OMB Budget Review/Recommendation
- 4. The Governor's Proposal
- 5. Legislature's Action
- 6. Budget Execution

Budget Formulation

December – January: The budget formulation process begins with the development of the revenue projections. The Financial Team which is comprised of the Director of the Office of Management and Budget (hereinafter "OMB"), the Commissioner of the Department of Finance, the Director of the Internal Revenue Bureau, the Director of the Division of Personnel, the Chief Negotiator of the Office of Collective Bargaining, the Director of the Bureau of Economic Research, two (2) liaisons from the Office of the Lieutenant Governor and a liaison from the Office of the Governor, meet periodically to analyze past economic trends and monitor revenue flow to begin developing revenue projections for the upcoming fiscal year. During the month of December, the Director and staff of OMB, begin the development of the budget ceilings for all departments and agencies based on projected revenues for the upcoming fiscal year.

January: The Director of OMB issues budget guidance to all departments and agencies with the projected ceiling levels as dictated by projected revenues. During this time, OMB conducts budget orientation sessions in both the St. Thomas/St. John and St. Croix districts with the commissioners, directors, fiscal personnel, and program directors and explains all budget guidelines. Analysts assigned to each department and agency answer inquiries about the guidelines. The analysts work with the departments and agencies on a one-to-one basis to address particular budgetary concerns. Additionally, site visits are conducted during this period to familiarize the analysts with the departments and agencies' operational plans.

Agency Budget Preparation

February: The departments and agencies develop their spending plans in agreement with the expenditure ceilings and guidelines in the Budget Call along with training and hands-on budget orientation sessions.

OMB Budget Review/Recommendation

March – April: The departments and agencies submit their proposed budgets for the upcoming fiscal year to OMB. The Director, along with the OMB staff, analyzes the individual budgets and prepares recommendations for the departments and agencies; updates the departments and agencies' narratives; drafts the necessary appropriation bills and enabling legislation; and develops budget schedules, summaries, and revenue statements. The OMB Director and staff then presents the head of each department and agency with a copy of OMB's recommendation (justification letter, management letter, and personnel listing) for their particular Department and Agency to review and discuss with OMB's staff at scheduled internal budget hearings, if necessary. In the event of changes made during the internal budget hearings, the analysts revise a department or agency's budget along with the budget schedules, summaries, and revenue statements for submission to the Governor's financial team for review, recommendations, and approval. If necessary, analysts make changes and update the budget and supporting documents for presentation to the Governor.

The Governor's Proposal

May: In consultation with the Governor, the recommended budget for the Executive Branch are finalized and submitted to the Legislature. The Governor's submission includes message to the Legislature, along with OMB Director's budget message to the Governor.

Pursuant to Title 2, Chapter 2, Section 24, subsection (b) and Chapter 12, Section 251 Virgin Islands Code, a balanced budget for the Government of the Virgin Islands is then submitted to the Legislature by May 30th or otherwise authorized.

The proposed Executive Budget includes government funds subject to appropriations pursuant to law from the General Fund, Internal Revenue Matching Fund, Government Insurance Fund, and others. It also includes non-appropriated government funds, which are funds that generate revenues from fees, services, and other sources; and funds used by the revenue-generating departments and agencies (i.e. Data Processing Fund and Fire Service Emergency Fund).

Legislature's Action

June – September: During this time, the Legislature reviews and deliberates on the proposed Executive Budget, supporting appropriation bills, enabling legislation, schedules, and summaries as submitted by the Governor. The Post-Audit Division of the Legislature analyzes the budgetary information and prepares reports for the Committee on Finance to conduct individual departments and agencies' budget hearings. During the hearings, commissioners, directors, and their key financial personnel take the opportunity to testify on their recommended budgets. At the conclusion of all hearings, the Committee on Finance acts on the Governor's proposed Executive Budget and forwards its recommendations to the Committee on Rules and Judiciary, and finally to the entire Legislative body for consideration at a legislative session.

During the legislative process, the Legislature may add, change, or delete any item in the budget proposed by the Governor. The proposed Executive Budget and accompanying legislative bills must be approved by the Legislature and signed into law by the Governor on or before September 30th. If the budget is not approved before the commencement of the new fiscal year, October 1st, pursuant to the 1954 Revised Organic Act, Section 9(e), the appropriations of the preceding fiscal year, as they may be deemed applicable, are automatically re-appropriated until approval of a new budget. Once approved, this becomes the Adopted Budget as amended by the Legislature.

Adopted Budget Execution

September: Upon approval of the Adopted Budget, the Governor has another opportunity to veto the budget partially or in its entirety and return it to the Legislature with his objections. This is known as a gubernatorial veto. A gubernatorial veto can be overridden by a two-thirds majority of all members of the Legislature and thereby become law. The Governor could also allow the budget to become law without his signature.

October – September: Once the budget is enacted, fiscal control of expenditures is exercised by the Governor through the Director of OMB. If the fiscal resources available to the Government in any fiscal year are insufficient to cover the appropriations approved for that year, the Governor, through the Director of OMB, may take administrative measures (such as reducing or withholding budget allotments) to align expenditures with available resources.

REVENUE OVERVIEW

Revenue Overview

Revenue Overview

The FY 2019 Executive Budget is presented as a balanced budget with revenues presented in accordance with the Virgin Islands Code, Title 2, Chapter 12, Section 251. Also, Act No. 7521 authorizes the principles of the Revenue Estimating Conference to approve the revenues that will forecast the anticipating revenues of the Territory. Such principals noted are the Director of the Office of Management and Budget, the Commissioner of Finance, the Director of the Bureau of Internal Revenue, the Post Auditor of the Legislature, the President of the Legislature, the Chief Economist of the Bureau of Economic Research, the President of the St. Croix Chamber of Commerce, the President of the St. Thomas – St. John Chamber of Commerce, and the President of the University for the Virgin Islands (or the entity's respective representative)

After experiencing two hurricanes (Irma and Maria), providing assumptions and forecast can be a challenge. This means that in conjunction to the traditional forecasting, many other areas of revenue projections were examined. High consideration was given to the local and national economies, new and ongoing businesses introduced due to the hurricanes, capital projects of both public and private sector, new policies, regulation of local and Federal Laws, availability of Federal Funds and loans, historical trends and assumptions for new businesses that will continue after the restoration. Attention was given to the possible taxes that can be generated and the number of employment that will be generated from the new jobs. Then there is the increase in minimum wage which will affect the withholding collection.

The FY 2019 revenues forecast to support budgeted appropriations from the General Fund total \$841.8 million, which is based on projections of fees, taxes, and transfers from other Funds.

Taxes and Other Revenues

The major areas of revenue collections for Fiscal Year 2019 include Individual Income Taxes, Corporate Income Taxes, Real Property Taxes, Trade and Excise Taxes and Gross Receipts Taxes.

- Individual Income Taxes are projected at \$452.9 million. This is based on estimates, increase in minimum wage and anticipating salary increases, and enhance revenue collection by the task force with anticipation of implementation of the salary increase and timely reporting and payment of income taxes.
- *Corporate Income Taxes* are projected at \$55.7 million with baseline estimate and enhance collection by task force collection. This projection can be impacted by local business activity and its profit margin.
- *Real Property Taxes* are projected at \$63. Million, which is composed of baseline and enhance collection of outstanding property taxes.
- *Trade and Excise Taxes* are projected at \$45.1million, which is based on its baseline and a full year collection of taxes on carbonated drinks, rum, wine and cigarettes.
- Gross Receipts Taxes are projected at \$193.9 Million, which is based on the regular sale of goods, services and the anticipated increase in both due to the hurricanes. The demand for supplies for rebuilding and home replacement goods will impact this tax. In addition, as like the other taxes, enhanced collection by the Internal Revenue Bureau will also impact the collection.

Added to these taxes are \$37.2 of other revenues to include stamp taxes, malpractice insurance, permits, fees and fines associated with licenses, customs duties, franchise taxes and other miscellaneous revenues collected during the year.

Transfers from Other Funds

An amount of \$41.2 million is projected as a net interfund transfer to the General Fund. This is a result of contribution from local funds to the General Fund. Major contributors are the Internal Revenue Matching Fund \$16.5 million, which is derived from the excise tax on rum made in the Virgin Islands and sold in the United States; the Insurance Guaranty Fund \$13.5 million; the Transportation Trust Fund \$11.5 million; Caribbean Basin Initiative \$8.5 million; and other funds totaling \$1.2 million. These transfers into the General Fund are offset by \$10 million of mandatory transfers from the General Fund to Other Funds annually.

Transfers to Debt Service Account

An estimated amount of Gross receipts taxes is specifically pledged for the repayment of the GVI's general obligation bonds. An amount of \$63.9 Million will be utilized for debt service on outstanding general obligation debt, which will be transferred from gross receipts taxes.

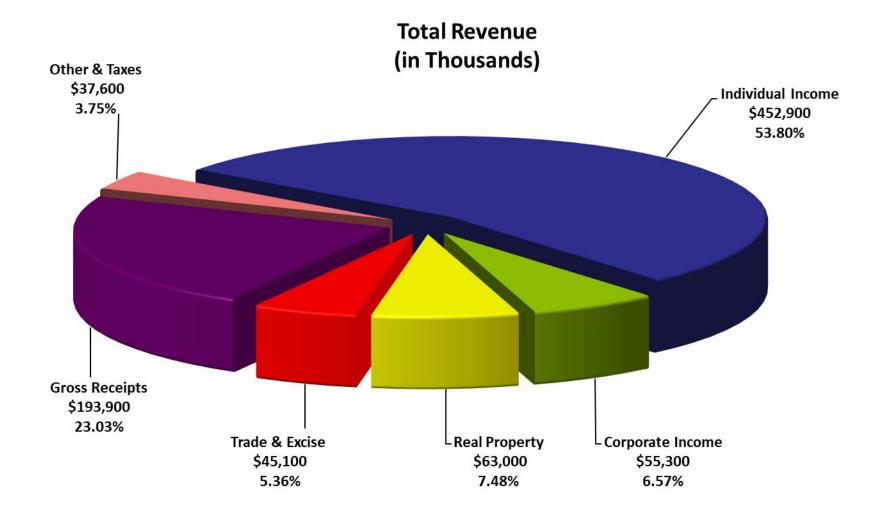

Other Sources

An anticipated amount of \$17 million will be derived from ongoing negotiations with entities that will be operating in the Virgin Islands. These negotiations will impact many other revenue sources as it will involve employment and sales.

OMB will continue to monitor its revenues as it advances in the year. In doing so, it will adjust allotments and seek legislation, if needed, to make adjustments. OMB will also look at ways it can streamline expenditures and encourage Departments and Agencies to utilize as much Federal Funding that is available to the Territory.

Bureau of Information Technology Capital Projects

Replacement of Damaged Microwave System Combined with 911 Hops - \$3,571,844

The Bureau of Information Technology (the "Bureau") requests to replace the damage equipment that supports the Government Wide Area Network (GWAN). The GWAN (backbone) is used to support the entire government. It connects St. Thomas, St, John and St. Croix with services such as the Internet, e911 (backhaul), VPNs, Voice over IP (VOIP), and Data Back Up. VPNs allow Government users, IT Contractors and BIT Network Administrators to securely access our Local Area Network (LAN) from anywhere that has reliable Internet services. This allows all VI Government employees to access applications such as the ERP on BIT's infrastructure. BIT offices can communicate between islands with the Avaya VOIP telephone services. We can also have virtual meetings via Skype and video conferences with our Polycom equipment. The GWAN backbone is used by our First Responders for their radio communications. The e911 System Tower sites connect to the GWAN which provides the backhaul or transport services for the First Responders' radios in the territory. Services on BIT servers are synced between St. Croix and St. Thomas to back up data.

The Stratex equipment that was destroyed at these locations are no longer available to purchase and are obsolete. The quotation from Aviat Networks shows the cost to replace the damaged equipment with the equipment that is available today. The indoor (IDU), rackmount unit that resides in the tower shelters and the outdoor (ODU) unit that is connected to the Dish on each tower that provides the connectivity between islands and agencies are necessary to replace the original, obsolete Stratex equipment

The Dishes that are mounted on the towers are connected to an **ODU** (**Outdoor Unit**). The ODUs are connected to an **IDU/INU** (**In Door Unit/Intelligent Node Unit**) that allow the data to be transferred throughout the GWAN. The polarization (orientation) of the transmitted signal, horizontal or vertical, is determined by the Dish (antenna). The polarization (orientation) of the ODU is set to match its Dish (antenna). The ODU 600 replaces the previous Stratex ODU models and has a wide frequency range that can accommodate the over-sea and over-land links.

Expansion of Enterprise Hybrid Cloud Storage Solution - \$300,000

LIPS

Pursuant to 3 V.I.C. §10A, the Bureau develops the GVI's Comprehensive Technology Strategy that maintains the territorial data centers. The Bureau requests to expand the Microsoft Azure platform, which serves as the USVI Government's official disaster recovery/business continuity platform. The Bureau strives to bring our Government into the digital age of "cloud computing". The Bureau has successfully implemented and replicated critical services to the cloud security and high availability environment, where systems are durable and likely to operate continuously without failure for a long time. The Bureau needs to expand this capacity and establish redundancy to ensure data stored on-premise are securely backed up to the Azure platform.

Acquisition of On-Premise Private Cloud Equipment - \$3,000,000

The Bureau is mandated to design, develop and maintain territorial data centers. The Bureau requests to purchase two new private cloud infrastructure equipment to house in our data centers on St. Thomas and St. Croix. The Bureau continues to utilize the V-Block in our St. Croix data center for continuity of operations and data storage. BIT also uses this platform as a research and development structure to test future IT products within a sterile environment. The current V-Block system is at the end of its useful life and the equipment needs to be upgraded. Furthermore, the Bureau needs to establish redundancy and have in place a system in both districts.

Expansion of Digital Signature Technology Platform - \$274,904

The Bureau requests to purchase an additional 400 licenses to expand the DocuSign Enterprise Pro Edition ("DocuSign") digital signature technology. The technology provides the most secure form of electronic signature, while accelerating approval processes and eliminating the paper-related costs. The solution will serve as a platform for government agencies to secure electronic exchanges of contracts and signed documents.

Acquisition and Implementation of Two Factor Authentication Protocol - \$100,000

The Bureau requests to put in place a two-factor authentication system in efforts of hardening our security environment. This requires the purchase of physical access card readers and accompanying locking mechanisms to apply to physical access devices and computer related equipment. This platform is intended to be deployed at the Office of the Governor, BIT, VITEMA, Department of Justice, VIPD and OMB.

Acquisition Ticketing System Software - \$100,000

The Bureau requests to acquire an enterprise helpdesk ticketing system to log / monitor the issues or problems faced by customers by the means of incident management tickets.

Procurement of DNS Hosting Service - \$15,000

The Bureau requests to add this service through a third-party vendor to harden the security infrastructure of the Government of the Virgin Islands

Acquisition of Replacement Switches - \$70,000

The Bureau requests to purchase replacement and additional switches to harden the security infrastructure of the Government of the Virgin Islands.

Acquisition of Wireless System Devices - \$36,000

The Bureau requests to purchase two Wi-Fi branded products to provide indoor and outdoor wireless access points and wireless controllers to harden the security infrastructure of the Government of the Virgin Islands.

Acquisition of Portable Towers - \$450,000

The Bureau requests to purchase five portable mobile tower systems to deploy when the primary tower equipment and technology is unavailable due to the impact of natural disasters and/or other events.

Acquisition of Backup Point-to-Point Links, Antennas, Connectors, and Cables - \$100,000

The Bureau requests to purchase spare parts and have them in inventory and readily available when the primary tower equipment and technology is unavailable due to the impact of natural disasters and/or other events.

Acquisition of Portable Generators - \$300,000

The Bureau requests to purchase portable generators and have them in inventory and able to deploy when the primary source and/or secondary source of power is impacted due to the impact of natural disasters and/or other events.

Acquisition of Fuel Tanks for Generators - \$65,000

The Bureau requests to purchase fuel tanks to ensure efficient fueling of our generators when the primary source and/or secondary source of power is impacted due to the impact of natural disasters and/or other events.

Acquisition of Data Center Standing A/C Units - \$180,000

The Bureau requests to purchase two replacement standing A/C Units to be housed in our territorial data centers. The existing units are at the end of their useful lives and need to be replaced. The St. Thomas Unit is currently not functioning. This can cause damaged to our equipment in the data centers.

Installation of Security Cameras at Tower Sites - \$40,000

The Bureau request to install security cameras at the government-owned tower site locations in efforts of eliminating security breach of our equipment.

Construction of Generator Shelters at Tower Sites – \$120,000

The Bureau requests to construct a shelter for the generators at the government-owned tower site locations in efforts of securing the equipment during natural disasters and other events.

Migrate LMR Network from Analog to DMR - \$984,310

The Territory's 911-radio system needs to be upgraded. This system has components that are failing due to the age of the equipment; additionally, the vendor is no longer in existence. Our public safety personnel and our citizens are at risk of not getting needed help in times of crisis. The Bureau requests to migrate the land mobile radio (LMR) network from the MPT-1327 analog system to digital mobile radio (DMR). This move is critical because the technology is moving fast ahead, while our system is falling behind. The cost of keeping an analog system online is not cost effective. This upgrade will also lead the Territory on a path towards incorporating some aspect of the federal standard of Project 25 (P25 or APCO-25). P25 is a suite of standards for digital radio communications used by federal, state and local Public safety organizations to enable them to communicate with other agencies and mutual aid response teams in emergencies.

ENABLING LEGISLATION

Consolidation of Territory's Hospitals

BILL NO.

THIRTY-SECOND LEGISLATURE OF THE VIRGIN ISLANDS

REGULAR SESSION

2018

An Act amending Title 19, Virgin Islands Code consolidating the District Governing Boards of the Virgin Islands Government Hospitals and Health Facilities Corporation into one Board of Directors for the administration and management of the Territory's health care facilities.

RECOMMENDED BY THE GOVERNOR

Be it enacted by the Legislature of the Virgin Islands:

SECTION 1. Title 19, Virgin Islands Code, chapter 15, section 239 is amended by deleting the words "governing board of such facility" in the first sentence and inserting in place "Virgin Islands Government Hospitals and Health Facilities Corporation".

SECTION 2. Title 19, Virgin Islands Code, chapter 16, subchapter I, section 240 is amended in the following instances:

- a. In subsection (c) by deleting the words "with the day-to-day operating decisions delegated to district-level managers".
- In subsection (d) by inserting, after "1986", the words "and the subsequent creation of District Governing Boards in 1994".
- c. In subsection (e) by deleting the phrase "preserves decentralized control over health facilities, yet" and inserting in place thereof ", to the maximum extent possible,".

d. By deleting subsections (f) and (n) in their entirety and re-lettering the remaining paragraphs in sequential order.

SECTION 3. Title 19, Virgin Islands Code, chapter 16, subchapter I, section 241 is amended in the following instances:

- (i) By deleting subsection (d) in its entirety and re-lettering the remaining paragraphs in sequential order.
- (ii) By adding a new subsection (g) to read as follows:

"(g) "Uncompensated care" means the sum of "charity care" and "bad debt" resulting from health care services provided by the Corporation after due diligence to collect. Contractual adjustments in reimbursement for services based upon an agreement with a payer (to include but not limited to Medicaid and Medicare) are not uncompensated care.

(iii) By adding a new subsection (h) to read as follows:

"(h) "Charity care" means the unreimbursed cost to the Corporation of providing health care services on an inpatient or emergency department basis to a person classified by the Corporation as "financially indigent" or "medically indigent"."

(iv) By adding a new subsection (i) to read as follows:

"(i) "Financially indigent" means an uninsured or underinsured person who is accepted for care with no obligation or a discounted obligation to pay for the services rendered based on the eligibility system developed by the Corporation."

(v) By adding a new subsection (j) to read as follows:

"(j) "Medically indigent" means a person whose medical or hospital bills after payment by third-party payers (to include but not limited to Medicaid, Medicare) exceed a specified percentage of the patient's annual gross income, determined in accordance with the Corporation's eligibility system, and the person is financially unable to pay the remaining bill."

(vi) By adding a new subsection (k) to read as follows:

(k) "Bad debt" means the unreimbursed cost to the Corporation of providing health care services on an inpatient or emergency department basis to a person who is financially unable to pay, in whole or in part, for the services rendered and whose account has been classified as bad debt based upon the Corporation's bad debt policy. The Corporation's bad debt policy shall be in accordance with generally accepted accounting principles (GAAP) and with all cost reports submitted annually to the Centers for Medicare and Medicaid Services (CMS)."

SECTION 4. Title 19, Virgin Islands Code, chapter 16, subchapter I, section 242 is amended in the following instances:

- a. In subsection (b) by deleting the words "and delegate day-to-day operating hospital policy decisions to the District Governing Boards".
- b. In subsection (g) by deleting the words "for as long as a significant portion of the cost of health care delivery is appropriated from public revenues".

SECTION 5. Title 19, Virgin Islands Code, chapter 16, subchapter I, section 243 is amended in the following instances:

a. By deleting subsection (b) in its entirety and replacing it with the following:

"(b) The Corporation shall be administered by a Board of Directors consisting of eleven (11) members as follows: the Director of the Office of Management and Budget, the Commissioner of Finance, and one other member of the Governor's Cabinet as appointed by the Governor. Four members shall be appointed by the Governor with the advice and consent of the Senate, two of whom shall represent the District of St. Croix, one of whom shall represent St. Thomas, and one of whom shall represent St. John. Two members shall be doctors and two members shall be nurses, one of each from the Districts of St. Croix and St. Thomas/St. John, who shall not be employed by a Government Hospital or Health Facility, and shall be elected by their respective members to serve on the Board. No person appointed or elected to represent a District may reside in a District other than the District from where he or she has been appointed or elected to represent."

- In subsection (c) by deleting the phrase "provided, however that no member appointed from a District Board may serve beyond the term of his membership on the District Board".
- c. In subsection (d) by deleting the third sentence in its entirety.
- d. By deleting subsection (g) in its entirety and replacing with a new section (g) to read as follows:

"Seven (7) members of the Board shall constitute a quorum and all final decisions of the Board must be voted on by a quorum."

- e. In subsection (h) by deleting the language "or a District Governing Board".
- f. By deleting subsection (i) in its entirety and replacing it with a new section (i) to read as follows:

"Notwithstanding Title 3, Virgin Islands Code, section 65a, each member of the Board of Directors may continue to serve a maximum of 180 days past his term while his successor is being qualified. Vacancies occurring during the term of any member of the Board of Directors shall be filled in the manner of the original appointment for the unexpired term, except that for the members who are doctors or nurses, if such vacancy exists for more than one year, the Governor shall appoint a doctor or nurse from the respective District to fill the vacancy."

g. By deleting subsection (j) in its entirety and replacing it with a new section (j) to read as follows:

"(j) The Board of Directors shall formulate and determine hospital policy and planning for health care delivery at the territorial level. The Board of Directors shall coordinate hospital policy, planning and decisions between the two Districts to ensure efficient and coordinated hospital policy direction between the Districts. The Board of Directors shall delegate management operations to the appropriate staff and hold the staff accountable for the execution of hospital policy decisions. No Board member shall become involved in the day-to-day management operations of the health care facilities."

SECTION 6. Title 19, Virgin Islands Code, chapter 16, subchapter I, section 244 is amended in the following instances:

- a. By deleting subsection (h) in its entirety and inserting the following language in place thereof "employ and remove a Chief Executive Officer. In addition to the Board's removal powers under this subsection, the Governor may remove the Chief Executive Officer for cause."

"(a) The Board shall establish and maintain one or more bank accounts and may make direct fiscal disbursement from such accounts to pay all necessary costs and obligations of the health care facilities under its jurisdiction. Revenues generated by health care facilities under its jurisdiction shall be deposited in its accounts as the Corporation shall direct. The disbursements shall be made by the Board pursuant to regulations issued by the Corporation."

b. By deleting subsection (b) in its entirety and inserting the following language in place

thereof "Notwithstanding the provisions of subsection (a) of this section, the Corporation may contract with the Department of Finance to assist in the payrolls of the health care facilities under its jurisdiction."

SECTION 13. Title 19, Virgin Islands Code, chapter 16, subchapter III, section 262 is amended by deleting the words "to the District Boards".

SECTION 14. Title 33, Virgin Islands Code, chapter 111, section 3100b(f) is amended

by deleting the words "District Governing Boards" and inserting in place thereof "Board of Directors".

BILL SUMMARY

The purpose of the bill is to consolidate the functions of the currently existing District Governing Boards of the Virgin Islands Government Hospitals and Health Facilities Corporation ("Corporation") into one Board of Directors for the Territory. The efficient and coordinated management of the Territory's health care facilities which include hospitals and clinics under the jurisdiction of the Corporation has been hindered by the operation of three boards in the Territory.

This bill eliminates the two district governing boards, and establishes an eleven-member Board of Directors made up of (1) three members of the Governor's Cabinet including the Director of the Office of Management and Budget, the Commissioner of the Department of Finance, and one other Cabinet member to be appointed by the Governor; (2) two residents of St. Croix, one resident of St. Thomas, and one resident of St. John; and, (3) two doctors and two nurses, one of each from the Districts of St. Croix and St. Thomas/St. John. The Board of Directors is authorized to hire a Chief Executive Officer to oversee and manage the affairs of the health care facilities. The Chief Executive Officer is empowered to appoint a Chief Financial Officer, a Chief Operating Officer and the Medical Directors for the hospitals with the advice and consent of the Board. The Chief Executive Officer and the Chief Operating Officer must reside in different districts. The streamlining of the boards and managerial staff will allow for the efficient and effective management of, and the optimization of the resources necessary to modernize the Territory's health care facilities.

Mission Statement

The prosecution of all violations of the Virgin Islands Code and the representation of the Government in all civil actions brought against it or on behalf of the Government; and provide efficient and effective financial and access support services to children and custodial parents.

Scope and Overview

The Department of Justice serves as the chief law enforcement office in the Territory. Created by Act No. 5625 as an executive department of government, it has a three-fold mission to prosecute all violations of the Virgin Islands Code and represent the Government in all civil actions brought against it or brought on behalf of the government. The Division of the Attorney General provides the leadership for the Department and that allows the department to carry out its mission. The Division of General Legal Services handles the litigation activities for the Department in both the Criminal Division, which prosecutes all crimes in the name of the People of the Virgin Islands and the Civil Division, which represents the Government of the Virgin Islands. The Solicitor General Division provides general advice to government agencies; reviews all contracts and other legal documents and handles appeals of all cases in which the Government is a party.

Pursuant to Title 3 Chapter 8, Section 119 of the Virgin Islands Code, the Division of Paternity and Child Support is responsible for the collection and distribution of child support payments for the children of the Virgin Islands, who do not reside with both natural parents. The Division of Paternity and Child Support also provides services to facilitate access and visitation for children and with their non-custodial parent(s).

Activity 11000 Office of the Attorney General

Functional Statement

The Office of the Attorney General oversees the prosecution of all criminal cases in the Territory, represents the Government of the U. S. Virgin Islands in all civil litigation, manages the Division of Paternity and Child Support and provides advice and opinions to all commissioners, agencies, and instrumentalities.

It is the intent of the Attorney General's Office to maintain a consistent momentum in the prosecution of individuals who commit crimes as part of the process of vigilant law enforcement. It is also an initiative to enhance the collections of money to increase the Territory's revenues and stimulate the economy. This will be done by the Tax Collection Task Force and through other collection efforts.

Department of Justice – Federal CFDA

The **Paul Coverdell Forensic Sciences Improvement Grant Program (CFDA 16.742)** aims to improve the quality and timeliness of forensic science and medical examiner services and/or to eliminate backlogs in the analysis of forensic evidence, including controlled substances, firearms examination, forensic pathology, latent prints, questioned documents, toxicology, and trace evidence for criminal justice purposes. The FY 2019 projected award is approximately **\$108,332**.

The **Support for Adam Walsh Act Implementation Grant Program (CFDA 16.750)** provides assistance to this jurisdiction with developing and/or enhancing programs designed to implement requirements of the Sex Offender Registration and Notification Act (SORNA), Title I of the Adam Walsh Child Protection and Safety Act of 2006; support to other grant programs authorized by the AWA, and for the maintenance and operation of the Dru Sjodin National Sex Offender Public Website (NSOPW). The FY 2019 projected award is approximately **\$100,000**.

The **High Intensity Drug Trafficking Areas Program (CFDA 95.001)** reduces drug trafficking and drug production by (a) facilitating cooperation among Federal, State, local, and tribal law enforcement agencies to share information and implement coordinated enforcement activities; (b) enhancing law enforcement intelligence sharing among Federal, State, local, and tribal law enforcement agencies; (c) providing reliable law enforcement intelligence to law enforcement agencies needed to design effective enforcement strategies and operations; and (d) supporting coordinated law enforcement strategies which maximize use of available resources to reduce the supply of illegal drugs in designated areas and in the United States as a whole. The FY 2019 projected award is approximately **\$95,953**.

The objectives of the **Child Support Enforcement Program (CFDA 93.563)** are to enforce the support obligations owed by absent parents to their children, locate absent parents, establish paternity, and obtain child, spousal and medical support. The FY 2019 projected award is approximately **\$4,558,278**.

Grants to States for Access and Visitation Programs (CFDA 93.597) create programs which support and facilitate access and visitation by non-custodial parents with their children. Activities include mediation, counseling, education, development of parenting plans, visitation enforcement and development of guidelines for visitation and alternative custody arrangements. The FY 2019 projected award is approximately \$100,000.

The objective of the **State Medicaid Fraud Control Units grants (CFDA 93.775)** is to eliminate fraud and patient abuse in the State Medicaid Programs. Medicaid Fraud Control Units (MFCUs) investigate and prosecute Medicaid provider fraud as well as patient abuse or neglect in health care facilities and board and care facilities. The MFCUs, usually a part of the State Attorney General's office, employ teams of investigators, attorneys, and auditors; are constituted as single, identifiable entities; and must be separate and distinct from the State Medicaid agency. OIG, in exercising oversight for the MFCUs, annually recertifies each MFCU, assesses each MFCU's performance and compliance with Federal requirements, and administers a Federal grant award to fund a portion of each MFCU's operational costs. The FY 2019 projected award is approximately **\$1,345,471**.

OFFICE OF MANAGEMENT AND BUDGET

Budget Administration Federal Programs Policy Formulation/Policy Evaluation

Office of Management and Budget

Office of Management and Budget

ORGANIZATION TYPE: Policy

Mission Statement

To improve public services.

Scope and Overview

The Office of Management and Budget (OMB) functions pursuant to the mandate of Title 3, Section 4, of the Virgin Islands Code, while the responsibilities of the Director are mandated by Title 2, Sections 22, 23, 26, 27 and 28 of the Virgin Islands Code.

Through the budget preparation and execution process, OMB instills management, planning, review and evaluation techniques throughout the government agencies and departments. The office also places emphasis on management and policy responsibilities as is more specifically defined by Title 2, Section 4(c), (d) and (e), of the Virgin Islands Code.

VIRGIN ISLANDS EMERGENCY MANAGEMENT AGENCY

Administrative & Financial Services Operations Grants Management Preparedness Logistics

Virgin Islands Territorial Emergency Management Agency

Virgin Islands Territorial Emergency Management Agency

ORGANIZATION TYPE: Enforcement and Regulatory

Mission Statement

To prepare for, coordinate the response to and the recovery from all hazards and threats that impact the Virgin Islands.

Scope and Overview

It is the policy of the Government of the Virgin Islands and the mandate of the Virgin Islands Territorial Emergency Agency (VITEMA) to ensure and provide clear direction, coordination and support to all agencies directly and indirectly involved in the preparedness and response readiness of the entire territory, including efficient distribution of all federal assets made available as well as for training personnel in all aspects of emergency management. It is the responsibility of VITEMA to establish standards and procedures for addressing threats to homeland security and to coordinate with other agencies for the protection of life, public health, property and infrastructure in the event of terrorist attacks, natural disasters and man-made incidents.

Virgin Islands Territorial Emergency Management Agency (VITEMA) – Federal CFDA

Meteorologic and Hydrologic Modernization Development (CFDA No. 11.467) is to maintain a cooperative university and Federal partnerships to conduct meteorological training, education, professional development, and research and development on issues common to the hydro meteorological community. The FY 2019 projected award is approximately \$286,872.

Emergency Management Performance Grants (CFDA No. 97.042) provide resources to assist state, local, tribal and territorial governments in preparing for all hazards, as authorized by Section 662 of the Post Katrina Emergency Management Reform Act (6 U.S.C § 762) and the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended (42 U.S.C. §§ 5121 et seq.). Title VI of the Stafford Act authorizes FEMA to make grants for the purpose of providing a system of emergency preparedness for the protection of life and property in the United States from hazards and to vest responsibility for emergency preparedness jointly in the federal government and the states and their political subdivisions. The FY 2019 projected award is approximately **\$722,135**.

Pre-Disaster Mitigation (CFDA No. 97.047) provide funding support to states, Indian tribal governments, territories, and communities for pre-disaster mitigation planning and projects primarily addressing natural hazards. This program promotes implementation of activities designed to reduce injuries, loss of life, and damage and destruction to property from natural hazards which is consistent with DHS QHSR Goal 5.1, "Mitigate Hazards" and links to Presidential Policy Directive (PPD-8) - National Preparedness, Security, Resilience, Prevention, Mitigation, Response, Protection, and Recovery. The FY 2019 projected award is approximately **\$6,771,066**.

Homeland Security Grant Program (CFDA No. 97.067) provides grant funding to assist state and local governments in obtaining the resources required to support the National Preparedness Goal's (NPG's) associated mission areas and core capabilities. FY 2016 HSGP provides funding directly to eligible tribes to help strengthen the nation against risks associated with potential terrorist attacks. The FY 2019 projected award is approximately **\$362,750**.

Bureau of Information Technology

Bureau of Information Technology

Bureau Information Technology

ORGANIZATIONAL TYPE: Service

Mission Statement

The Bureau of Information Technology (BIT) provides reliable, contemporary, and integrated technology to support and facilitate government actions and activities utilizing industry best practices and state of the art products through an IT service and delivery framework consistent with evolving industry standards. In addition, the Bureau coordinates communications interoperability actions, activities and programs to facilitate and support emergency management operations. BIT also facilitates and manages other essential communications services, equipment and devices to support 911 and other emergency service oriented operations throughout the territory.

Scope and Overview

The Bureau of Information Technology (BIT) was created in 2003 by Act No. 6634 to develop a comprehensive technology strategy or framework for the Government of the United States Virgin Islands. This strategic framework supports and promotes the use of innovative technology solutions to improve the business of Government. The two major operational responsibilities for BIT as a central coordinating agency are to address Emergency Communication and Information Technology (IT) Infrastructure concerns within the Executive branch of the USVI Government.

Title 3, Section 10 of the Virgin Islands Code (VIC) mandates that BIT promote the use of innovative information technologies within the territorial government as a means of saving money, increasing worker productivity, improving governmental services to the public, and demonstrating effective management tools

Virgin Islands Energy Office

ORGANIZATIONAL TYPE: Policy/Service

Mission Statement

The mission of the Virgin Islands Energy Office is to promote sustainable energy policies throughout the Virgin Islands which encompasses energy production, distribution, efficiency and consumption through training, outreach, financial incentives, and technical assistance.

Scope and Overview

The Virgin Islands Energy Office (VIEO) was established by Executive Order 182-1974 to devise and execute energy policy. The VIEO establishes, monitors, and coordinates the integration of policies relating to conservation, use, control, distribution, and allocation of energy with respect to all energy matters. The VIEO is also the state designated agency for the planning, implementation, oversight, and administration of federal funds to include the State Energy Program (SEP), the Weatherization Assistance Program (WAP), and the energy programs of the U.S. Department of Interior-Office of Insular Affairs' 2016 Empowering Insular Communities Opportunity.

Virgin Islands Energy Office – Federal CFDA

The State Energy Program (CFDA 81.041) seeks to increase market transformation of energy efficiency and renewable energy technologies through policies, strategies, and public-private partnerships that facilitate their adoption and implementation. It promotes sustainable energy policies in the Virgin Islands encompassing energy production, distribution, and consumption through training, outreach, financial incentives, and technical assistance. The Program anticipates receiving \$214,060 in FY 2019 to continue fulfilling its objectives.

The Weatherization Assistance Program for Low-Income Persons (WAP) (CFDA 81.042) provides improvement of the thermal efficiency and cooling of dwellings by the installation of weatherization materials such as the replacement of boilers and air-conditioners. The program seeks to improve home energy efficiency for low-income families through the most cost-effective measures possible. The Program provides services to ensure reduction in energy usage to low income families with children under the age of five, the elderly, people with disabilities, and families with high energy burdens. Recipients are educated in energy efficiency and water conservation measures. In FY 2019, the program projects to receive \$184,770 in federal awards.

The Energy Efficiency Potential (Empowering Insular Communities) – (CFDA 15.875) USDOI-OIA provides financial assistance that will be utilized for a variety of activities including capital improvements, government operations, and technical assistance. The program seeks to determine the maximum cost-effective energy consumption reductions that can be achieved in various building types and to demonstrate how change in consumption behavior can effectively reduce the energy costs in residential, commercial, and government sectors.

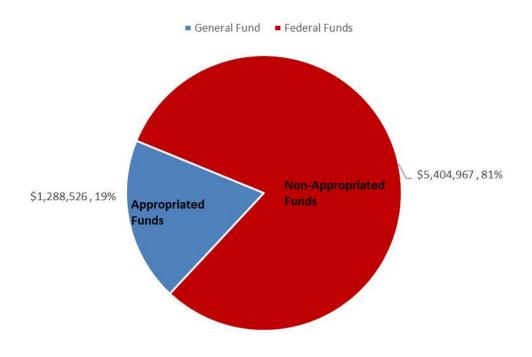

The Distributed Generation Market Structure (Empowering Insular Communities) – (CFDA 15.875) USDOI-OIA provides financial assistance that will be utilized for a variety of activities including capital improvements, government operations, and technical assistance. It will enable the USVI to reduce its dependence on fossil fuel powered generation and to diversify our energy portfolio further. The ability to identify distributed generation sources such as net metering, backup generators, and stand-alone systems will prove useful in determining the needed utility grade storage necessary.

Office of the Adjutant General

Office of the Adjutant General

ORGANIZATION TYPE: Service

Mission Statement

The mission of the Office of the Adjutant General is in direct support to the VI National Guard to plan, coordinate and implement their support of the Territory when responding to natural and man-made disasters, civil disturbances, foreign and domestic threats and Weapons of Mass destruction (WMD).

Scope and Overview

The Office of the Adjutant General (OTAG) was organized by Executive order NO. 304-1987. OTAG's revised structure consists of three (3) divisions: the Administrative Services, Maintenance and the Security Divisions. Each division of OTAG develops and implements policies and procedures to support the key strategic objectives of the VI National Guard (VING) while conducting its federal and local missions. There are three (3) collective performance goals and two (2) strategic goals:

OFFICE OF LIEUTENANT GOVERNOR

Administration Real Property Tax Division Recorder of Deeds Banking and Insurance Corporation and Trademarks

Office of the Lieutenant Governor

Office of the Lieutenant Governor

ORGANIZATION TYPE: Administrative and Regulatory

Mission Statement

The mission of the Office of the Lieutenant Governor is to regulate Financial Institutions; assess and collect taxes; and process documents.

Scope and Overview

The Office of the Lieutenant Governor is committed to fulfilling its regulatory responsibility of monitoring the activities of banks, insurance companies, and other financial institutions operating in the Territory; processing requests for articles of incorporation, insurance licenses, recording of deeds, and the assessing of all real property taxes in a courteous, professional, efficient, and timely manner to increase the collection of taxes and fees for the Government of the Virgin Islands.

The Lieutenant Governor is the Secretary of State, the Chairman of the Banking Board, the Commissioner of Insurance with direct responsibility for five (5) major divisions and three (3) subdivisions of the Office of the Lieutenant Governor. The five (5) Divisions are Administration and Financial Management, Banking and Insurance, Real Property Tax, Recorder of Deeds and Corporation and Trademarks. The three (3) Subdivisions are V.I. Passport Acceptance Facility, Notary and Virgin Islands State Health Insurance Assistance Program (VI SHIP/Medicare).

The Division of Administration and Financial Management provides administrative support and oversees the daily administrative requirements of the other divisions. This Division also regulates the Passport and Notary Services. The Passport Subdivision is charged with the responsibility of accepting all applications for passports filed in the Territory for the United States Department of State (Passport Services). Additionally, all requests for notary certifications are processed and recorded in the Administrative Office of the Lieutenant Governor.

The functions and duties of the Banking Board are described in Title 9 of the Virgin Islands Code. The Lieutenant Governor is the ex-officio Chairman of the Board, which regulates and supervises domestic and foreign banking institutions and small loan companies operating in the Territory. The Board has the responsibility to promulgate and enforce laws, rules, and regulations, and ensure compliance with banking practices.

The functions and duties of the Insurance Division are found in Title 22, of the Virgin Islands Code. The Commissioner of Insurance has the authority to enforce the statutory provisions of this title, promulgate rules and regulations, and conduct investigations where violations may exist, hold hearings, and bring actions against violators in a court of law. Additionally, the Commissioner is responsible for licensing insurance companies, agents, and brokers, as well as examining records of companies and agents, and authority to revoke licenses for cause. Finally, the Commissioner is responsible for the review of products offered by companies and for the administration of qualifying exams to agents and brokers.

The V.I. Ship Program is a subdivision of the Office of the Lieutenant Governor, which was awarded a Federal grant from the Health Care Financing Administration to operate health insurance counseling and assistance services applicable to Medicare, Medicaid, Medigap, Long Term Care and other health insurance benefits.

Title 33, Sections 2363 and 2402 of the Virgin Islands Code authorizes the Governor to appoint a Tax Assessor attached to the Office of the Lieutenant Governor, who shall perform functions and duties under the supervision of the Lieutenant Governor. The Office of the Tax Assessor is charged with the responsibility and authority of assessing

and taxing all real property in the Virgin Islands. Act No. 6976 transferred the duties ancillary to the collection of real property taxes and public sewer fees from the Department of Finance to the Office of the Lieutenant Governor.

The Recorder of Deeds acts as a custodian of all legal instruments relative to real and personal properties; and within the St. Thomas/St. John and St. Croix districts performs functions outlined in Title 33, Section 2362 and Title 28, Chapters 7 and 33 of the Virgin Islands Code, as well as Title 11a of the Uniform Commercial Code. Title 33, Section 124, Virgin Islands Code, sets guidelines for the sale of Internal Revenue Stamps by the Recorder of Deeds. All revenue collections carried out by the Recorder of Deeds Office are in accordance with the law, and are reported on monthly.

Title 13, Title 11, Chapter 21, Title 11A, Title 14, Section 611, and Title 26 of the Virgin Islands Code govern the functions and administration of the Division of Corporation and Trademarks. This Division processes registration/applications for all business entities and issues "Certificates of Good Standing". Businesses required to register include domestic, exempt, foreign, foreign sales, Virgin Islands foreign sales, cooperative and nonprofit corporations, domestic and foreign limited liability partnerships, limited liability partnerships; domestic and foreign limited liability companies; and federally registered trademarks.

BUREAU OF INTERNAL REVENUE

Director's Office Audit Enforcement Processing Delinquent Records Computer Operations

Bureau of Internal Revenue

Bureau of Internal Revenue

ORGANIZATION TYPE: Administrative

Mission Statement

Our mission is to administer and enforce the internal revenue tax laws of the Virgin Islands.

Scope and Overview

Title 33 Section 680 of the Virgin Islands Code creates the Virgin Islands Bureau of Internal Revenue as a separate independent agency of the Government of the United States Virgin Islands, which, for budgetary purposes only, shall be included under the Office of the Governor.

The Bureau shall have the power and it shall be its duty to:

- 1. Administer and enforce the laws of imposing corporate and individual income taxes, gross receipts, trade and excise, production taxes, gift taxes, highway users' taxes, hotel occupancy taxes, inheritance taxes, fuel taxes, miscellaneous excise taxes, and all laws relating thereto;
- 2. Take such steps as may be necessary and lawful to fully enforce and collect the tax revenues owed the Government of the United States Virgin Islands;
- 3. Employ personnel, on contract and subject to laws applicable to the Virgin Islands Personnel Merit System, to assist in carrying out its powers and duties;
- 4. Provide for the collection of a surety bond from each employee of the Bureau who is required to certify, disburse, or handle public monies;
- 5. Promulgate, pursuant to Virgin Islands law, such rules and regulations as may be necessary to carry out the provisions of this chapter;
- 6. Report from time to time, but not less than once annually, to the Governor and the Legislature on the operations of the Bureau, and recommend changes in existing law that would assist the Bureau in efficient tax collection;
- 7. By the fifteenth calendar day after the last day of each month, report to the Governor, the Legislature, the Commissioner of Finance and the Director of the Office of Management and Budget the total revenues collected for such month and the tax categories under which the revenues were collected;
- 8. Perform such other duties as may be assigned by law;
- 9. Restructure and create, in accordance with existing law, such divisions and units within the Bureau as the Director deems necessary for the proper administration of the Bureau; and
- 10. Report to the Commissioner of Licensing and Consumer Affairs any instance in which a person, corporation, or association licensed to do business in the Virgin Islands has willfully claimed an exemption from any excise tax, gross receipts tax, or customs duty, knowing such claim to be false.

The Bureau was created in August 1980 by Act No. 4473, and was later amended by Act No. 4479 in September of the same year. The Bureau is a separate independent agency of the Government of the Virgin Islands. By law, the supervision of the Bureau is vested in a Director and two Deputy Directors. Department Chiefs head the various sections of the organization. The primary divisions of the Bureau are: Processing, Audit, and Collections. A department chief also heads the following offices that are located within the Director's Office: Criminal Investigation Division, Legal Counsel's Office, Reviewer/Conferee, and Computer Operations.

In addition to the above displayed major divisions within the Bureau, the Director's Office also includes the Business Office, Human Resources Office, and Disclosure Office.

The **Director's Office** provides for the overall operations of the Bureau, including the administration and enforcement of the tax laws, technical assistance and training, the procurement of goods and services, hiring personnel, formulation and management of the annual budget priorities, filing of US Claims and disclosure protections. Policy decisions are made in this office, along with any necessary review and interpretation of the tax laws. The Director's Office is comprised of the following offices: Federal Disclosure Unit, Human Resources Office, Legal Counsel Office, Business Office, Reviewer/Conferee, Criminal Investigation Division and Computer Operations.

The *Processing and Accounts Branch* is the service center of the Bureau. This branch is responsible for processing all tax returns; collecting, depositing and recording all tax revenue; making assessments and issuing bills for taxes due; responding to taxpayer inquiries; and providing clearance services at the ports of entry.

The **Audit Branch** is tasked with conducting office and field examinations of tax returns. This division also is responsible for implementing the annual Taxpayer Assistance Program, which provides assistance in completing income tax returns.

The **Delinquent Accounts and Returns Branch** is charged with securing delinquent tax returns and collecting outstanding tax liabilities. The branch is responsible for protecting the interest of the government utilizing the collection tools available by law.

BUREAU OF MOTOR VEHICLES

Office of the Director Administration Drivers Licensing and Identification Registration and Inspection Records Management and Information Systems

Bureau of Motor Vehicles

Bureau of Motor Vehicles

ORGANIZATION TYPES: Service

Mission Statement

To deliver coordinated customer services to the motoring public that contributes to a safer community.

Scope and Overview

The Bureau of Motor Vehicles (BMV) was established under Title 3, Virgin Islands Code as amended. The BMV is primarily charged with the administration of laws and collection of fees from the operation and licensing of motor vehicles. Act No. 6761, Bill No. 26-0025, identifies two statutory responsibilities that comprise the two divisions of the BMV:

- Administrative Support Services Division: Is comprised of the Office of the Director and support staff.
- **Customer Services Division:** Consists of Drivers' Licensing and Identification, Registration and Inspection and the Records Management and Information Systems sections.

The primary emphasis of the BMV is the provision of basic customer services to the motoring public relevant to the issuance and renewal of driver licenses, vehicle registration, certificate of title and other miscellaneous functions. For these services, the BMV collects fees which are deposited into the Treasury of the Government of the United States Virgin Island.

Activity 37030 Bureau of Labor Statics

Functional Statement

The Bureau of Labor Statistics (BLS) unit collects, processes, analyzes, and disseminates essential statistical data to the Governor, the Commissioner of the Department of Labor and business. The BLS also serves as a statistical resource to VIDOL, and conducts research into how much families need to earn to be able to enjoy a decent standard of living.

The BLS data must satisfy a number of criteria, including relevance to current social and economic issues, timeliness in reflecting today's rapidly changing economic conditions, accuracy and consistently high statistical quality, impartiality in both subject matter and presentation, and accessibility to all.

Activity 37210 Apprenticeship and Training

Functional Statement

The Apprenticeship, pursuant to Chapter 10, Title 24, V.I. Code, develops, implements, certifies, and monitors State Apprenticeship Agency means an agency of a State government that has responsibility and accountability for apprenticeship within the State. Only a State Apprenticeship Agency may seek recognition by the US Department of Labor' s Office of Apprenticeship as an agency which has been properly constituted under an acceptable law or Executive Order, and authorized by the Office of Apprenticeship to register and oversee apprenticeship programs and agreements for Federal purposes. The Virgin Islands Department of Labor bears the responsibility of the State Apprenticeship agency and administers the implementation, registration and complete process of Registered Apprenticeship within the territory.

The Registered Apprenticeship system provides a wide array of benefits to employers, employees, unions, and other stakeholders. For employers, the program provides a pipeline of skilled workers enrolled in customized programs that meet a variety of the employer's needs, e.g., increased competitiveness or higher worker retention rates. For workers, enrolled apprentices receive a pay check that is guaranteed to increase as their training and skill levels increase. Apprentices also complete a combination of industry-specific classroom education and hands-on career training leading to nationally recognized, portable Certificates of Completion.

Activity 37220 Youth Employment

Functional Statement

Youth Services, Employment and Training (ETA), offer a variety of employment and training programs designed to enhance the experience of our youth. The youth we serve are in-school and out-of-school individuals who are between the ages of 14-25. They are exposed to career exploration programs, work experiences, pad internships under VIDOL's LIFT program, and soft skills workshops. Additionally, the Department of Labor and the Department of Education jointly administer the Jobs for America's Graduates program at our four (4) public high schools in the Virgin Islands. JAGVI students, 11th and 12th graders with significant barriers, are prepared the workforce after graduating high school, with an emphasis on mastering job-related competencies, including accountability, leadership, and time management. Youth staff also assists participants in identifying employment goals, help youth navigate career pathways, and serve as a guest speaker and participant at a number of events throughout the community.

Department of Labor – Federal CFDA

The Labor Force Statistics grant (CFDA 17.002) provides, analyzes, and publishes statistical data on payroll employment and the civilian labor force, employment and unemployment, persons not in the labor force, labor demand and turnover, wages, hours, earnings, occupational employment, time use, and employment projections. Data are for the nation, states, metropolitan areas, and counties. Data can be monthly, quarterly, or annual. For FY 2019, the program projects to receive \$350,391.

The Compensation and Working Conditions grant (CFDA 17.005) provides, analyzes, and publishes a diverse set of measures of employee compensation, including cost, wages, and benefits and work-related injuries, illnesses, and fatalities, compile work stoppages statistics, and conduct research to improve the measurement process. For FY 2019, the program anticipates receiving \$109,000 in federal funds.

The Employment Service/Wagner-Peryser Funded Activities grant (CFDA 17.207) brings together individuals looking for employment and employers looking for job seekers. It does this by providing a variety of services, which are available to all individuals. The program provides Job seekers with career services, including labor exchange services, job search assistance, workforce information, referrals to employment, and other assistance. The FY 2019 projection for federal award is \$1,356,073.

The Unemployment Insurance (CFDA 17.225) oversees unemployment insurance programs for eligible workers through federal and state cooperation, including unemployment compensation for federal employees or ex-service members, Disaster Unemployment Assistance, and to assist in the oversight of Trade Adjustment Assistance and Alternative Trade Adjustment Assistance, and Reemployment Trade Adjustment Assistance programs. For FY 2019, the program anticipates receiving \$1,979,903 in federal awards.

The Workforce Innovation and Opportunity Act WIOA (CFDA 17.258) serves individuals and helps employers meet their workforce needs. It enables workers to obtain good jobs by providing them with job search assistance and training opportunities. The Adult Program is one of the six core programs authorized by Title I of the Workforce Innovation and Opportunity Act (WIOA). For FY 2019 the program anticipates receiving \$520,644 in federal funds.

The WIA/WIOA Youth Activities (CFDA 17.259) helps low income youth, between the ages of 14 and 24, acquire the educational and occupational skills, training, and support needed to achieve academic and employment success and successfully transition into careers and productive adulthood. The FY 2019 projection for federal awards is \$545,530.

The WIOA Dislocated Worker Formula Grants (CFDA 17.278) helps dislocated workers become reemployed. It provides them with job search assistance, career services, and/or training that builds their skills to meet labor market needs. Dislocated Worker services are targeted for workers who are unemployed and have lost a job through no fault of their own, or who have exhausted their Unemployment Compensation. For FY 2019 the program projects receiving \$1,095,831 in federal awards.

The Occupational Safety and Health State Program grant (CFDA 17.503) funds federally approved comprehensive State occupational safety and health programs that are "at least as effective" as the Federal program. For FY 2019 the program anticipates receiving \$195,700 in federal funds.

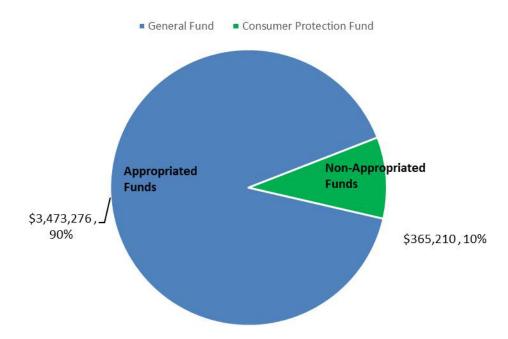

The Disabled Veterans' Outreach Program (CFDA 17.801) provides individualized career services to meet the employment needs of disabled and other eligible veterans identified by the Secretary of Labor with maximum emphasis in meeting the employment needs of those who are economically or educationally disadvantaged, particularly for veterans with significant barriers to employment. The FY 2019 projection for federal awards is \$115,000.

Department of Licensing and Consumer Affairs

Department of Licensing and Consumer Affairs

ORGANIZATIONAL TYPE: Policy/Service

Mission Statement

The mission of the Department of Licensing and Consumer Affairs (DLCA) is to review applications and issue business licenses in a timely manner, assist and protect consumers, and insure that all persons comply with the licensing and consumer protection laws of the Virgin Islands.

Scope and Overview

The Department of Licensing and Consumer Affairs (DLCA) provides and administers consumer services and programs pursuant to Title 3, Chapter 13 and the Consumer Protection Law of 1973, as set forth in Title 12A of the Virgin Islands Code. DLCA is charged with establishing, administering, coordinating and supervising the regulation and licensing of private business and professions. The Department also ensures that no person shall engage in any deceptive or unconscionable trade practice involving any consumer goods or services, or in the collection of consumer debts. The department also coordinates with other agencies and boards and commissions in the licensing of professions and occupations as provided for the Consumer Protection Law and Title 27 of the V.I. Code.

PUBLIC SERVICES COMMISSION

Public Service Commission

Public Service Commission

ORGANIZATIONAL TYPE: Policy

Mission Statement

To regulate all public utilities operating in the territory to ensure a fair and reasonable rate of return while providing the rate payers with the highest quality service in a safe, consistent and efficient manner.

Scope and Overview

The Public Services Commission (PSC) is a regulatory agency with a broad mandate to ensure that all Virgin Islanders have access to reliable public utility services. The Commission addresses issues of consumer protection, such as, renewable and alternative energy; telecommunications services; efficient provision of public marine transportation between the islands; reasonable solid waste and wastewater disposal user rates.

Pursuant to Virgin Islands law, the Commission is composed of nine (9) members. A total of seven (7) voting members are appointed by the Governor and confirmed by the Legislature. Commissioners serve three-year terms as provided in Chapter 30 Virgin Islands Code. The Senate President appoints two (2) non-voting senators to the Commission, representing both the St. Thomas/St. John District and the St. Croix District. Representatives are equally divided throughout the Territory with three (3) representatives residing on St. Thomas, three (3) representatives residing on St. Croix and one (1) representative residing on St. John. The law also requires annual elections for the position of chair and vice chair. Unlike commissioners in the United States, the Virgin Islands PSC serves on a volunteer basis. Majority of the voting commissioners constitutes a quorum, and the Commission cannot take formal action in the absence of a quorum.

Org 38000 Public Service Commission

Functional Statement

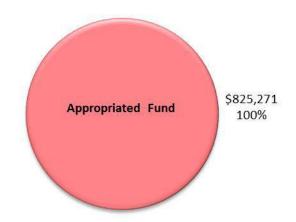

The Public Service Commission regulates: electric power service, water supply service, except retail deliveries; telephone service, public marine passenger transportation services operating under a government grant of exclusive franchise; cable television service, with limitations; and waste management services. It ensures that consumers receive safe and reliable utility service at reasonable rates, with the least adverse effect on the environment.

Virgin Islands Taxicab Commission

Virgin Islands Taxicab Commission

ORGANIZATIONAL TYPE: Service/Enforcement

Mission Statement

The mission of the Virgin Islands Taxicab Commission is to oversee the operation of vehicles for hire through regulation, education and enforcement of the laws, rules and regulations governing the Taxicab Industry and to ensure the delivery of transportation services that will enhance our tourism product, customer experience, and serve the local community through courteous, respectful, and knowledgeable operators in a cost- effective manner.

Scope and Overview

The Virgin Islands Taxicab Commission is charged with the responsibility of regulating the automobile-for-hire industry which includes taxis and tour operators. To execute these responsibilities safely, the Agency must improve operational efficiency and effectiveness by educating industry operators and consumers. Achievement of organizational goals necessitate: a) updating the Rules and Regulations Handbook for all automobile-for-hire operators and b) implementation of "United In Pride and Hope"; a professional development program designed for the benefit of all first-time industry operators and all other industry operators interested in service improvement.

Department of Property and Procurement

Department of Property and Procurement

ORGANIZATIONAL TYPE: Service

Mission Statement

The mission of the Department of Property and Procurement, as mandated by the Virgin Islands Code, is to administer a procurement system that is conducted efficiently, accurately, and fairly. This manner and quality of conduct extend to the Department's responsibilities in the areas of Property Management, Transportation Services, Warehousing and Supply Distribution, and Printing Production.

Scope and Overview

The Department of Property and Procurement, formerly the Department of Insular Affairs, operates pursuant to Title 3 of the Virgin Islands Code Annotated Sections 212-221, Title 31, Sections 151-169, Sections 231-251 and 281-283, and all other corresponding Virgin Islands Rules and Regulations. While administering a procurement system that is fair, the Department must also exercise general control and enforcement of the laws and regulations governing the procurement and acquisition of government property, disposition of real and personal property, review of construction and professional services contracts, purchase and maintenance of the Virgin Islands Government's vehicle fleet, sale of supplies and gasoline coupons to other departments, inventory and warehousing activities, and operation of the government's Printing Office. Other support services to government Departments And Agencies pertaining to the procurement and supply services for all property and non-personal services is encompassed in Title 31, Chapter 23 of the Virgin Islands Code.

The Department is comprised of the following divisions: The Commissioner's Office, Management Information Systems, Fiscal & Personnel Services, Property & Printing, Procurement, Central Stores, and Transportation. The Divisions of Management Information Systems and Fiscal & Personnel Services fall under the auspices of the Commissioner's Office, and together they serve as supporting arms for the entire Department. In addition to its primary procurement functions, the Department of Property and Procurement has the authority, under the Virgin Islands Federal Emergency Response Plan, to administer two major emergency services: Transportation and Resource Management.

Department of Agriculture

Department of Agriculture

ORGANIZATION TYPE: Service, Regulatory and Enforcement

Mission Statement

The mission of the Virgin Islands Department of Agriculture is to develop, support, and promote an economically profitable agriculture industry in the U.S. Virgin Islands, while protecting consumers and the environment.

Scope and Overview

The Virgin Islands Department of Agriculture (VIDOA) was created pursuant to Title 3, Chapter 17, Section 291. Act No. 5265 repealed this section and established the Department of Economic Development and Agriculture (ED &A). In 1995, Act No. 5265, as amended by Act No. 6070 abolished the Department of Economic Development and Agriculture and created two separate entities; The Department of Agriculture and the Department of Tourism.

Department of Agriculture – Federal CFDA

Urban and Community Forestry Program (CFDA No. 10.675) plans for, establishes, manages and protects trees, forests, green spaces and related natural resources in and adjacent to cities and towns. The urban forestry program provides ecosystem services, social and economic benefits. It links these benefits to governmental, private and grassroots organizations and resources to improve the quality of life in these cities and towns. For FY 2019, the program anticipates receiving \$98,115 in federal awards.

Forest Stewardship Program (CFDA No. 10.678) promotes and enables the long-term active management of nonindustrial private and other non-federal forest land to sustain the multiple values and uses that depend on such lands. For FY 2019, the program anticipates receiving \$80,634 in federal awards.

Forest Legacy Program (CFDA No. 16.676) effectively protects and conserves environmentally important forest areas threatened by conversion to nonforest uses, through conservation easements or fee simple purchase. The Forest Legacy Program (FLP) is a voluntary private land conservation partnership between the Forest Service, participating States, land trusts, private landowners, and others. The Program works with State partners and operates on a willing-seller and willing-buyer basis and is completely nonregulatory in its approach. For FY 2019, the program anticipates receiving \$38,634 in federal awards.

Plant and Animal Disease, Pest Control, and Animal Care (CFDA No. 10.025) protects U.S. agriculture from economically injurious plant and animal diseases and pests, ensure the safety and potency of veterinary biologic, and ensure the humane treatment of animals. The Cooperative Agricultural Pest Survey Program (CAPS), Umbrella Animal Health Program: Avian and Swine Surveillance, Animal Disease Traceability, and Bont Tick Surveillance and Treatment Programs fall under the Plant and Animal, Pest Control, and Animal Care. For FY 2019, the program anticipates receiving \$108,658 in federal awards.

Specialty Crop Block Grant Program - Farm Bill (CFDA No. 10.170) solely enhances the competitiveness of specialty crops defined as fruits and vegetables, dried fruits, tree nuts, horticulture, and nursery crops (including floriculture). Specialty Crop Multi-State Program (SCMP) - solely enhances the competitiveness of specialty crops by funding collaborative, multi-state projects on a competitive basis that address the following regional or national level specialty crop issues: food safety, plant pests and disease, research, crop-specific projects addressing common issues, and marketing. The Program will continue to utilize its funding in FY 2018 to fulfill its deliverables.

Activity 24010 Administration

Functional Statement

The Administration Unit is responsible for effective administration of the Agency's financial resources, as well as providing administrative support to all Fire personnel. In its effort to be fiscally proactive and responsible, the Unit continues to explore revenue-enhancing opportunities, such as grants to augment funds allocated from the General Fund. The Unit examines all departmental operations to ensure that resources are cost efficient.

Virgin Islands Fire Service – Federal CFDA

Cooperative Forestry Assistance (CFDA 10.664) assists with development and transfer of new and improved fire prevention, control, suppression and prescribed fire technologies; organization of shared fire suppression resources, and achievement of more efficient fire protection for States and local communities; and provision of financial, technical and related assistance to local rural fire fighting forces. In FY 2019, the program projects to receive \$100,00 in federal awards.

Economic, Social, and Political Development of the Territories grant programs (CFDA 15.875), predominantly for capital and infrastructure improvements, empower insular communities by improving the quality of life, creating economic opportunity and promoting efficient and effective governance in the U. S. territories.

The purpose of the **Assistance to Firefighters Grant Program (AFG) (CFDA 97.044)** is to enhance the safety of the public and firefighters with respect to fire and fire-related hazards by providing direct financial assistance to eligible fire departments, nonaffiliated EMS organizations, and State Fire Training Academies (SFTA) for critically needed resources to equip and train emergency personnel to recognized standards, enhance operational efficiencies, foster interoperability, and support community resilience.

The **Homeland Security Grant Program (CFDA 97.067)** provides funding to enhance the ability of states and territories to prevent, protect against, respond to, and recover from potential terrorist acts and other hazards.

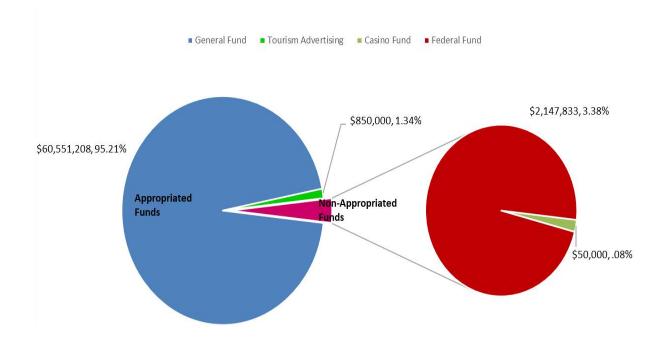

The goal of the **Staffing for Adequate Fire and Emergency Response (SAFER) grant program, (CFDA 97.083)**, is to assist the Virgin Islands Fire Service with staffing and deployment capabilities in order to respond to emergencies, and assure that the community has adequate protection from fire and fire-related hazards. The Program anticipates receiving \$1,001,207.60 in FY 2019 to continue fulfilling its objectives.

Virgin Islands Police Department – Federal CFDA

The Public Safety Partnership and Community Policing Grants (CFDA 16.710) advance the practice of community policing as an effective strategy in communities' efforts to improve public safety. There is no projection of award for FY 2019; however, the carryforward balance of \$1,659,215 will be utilized in FY 2019 to support Personnel of \$414,834 and Fringe Benefits of \$207,583.

The Motor Carrier Safety Assistance (CFDA 20.218) is a formula grant program that provides financial assistance to States to reduce the number and severity of accidents and hazardous materials incidents involving commercial motor vehicles (CMV). For FY 2019, the Program anticipates receiving \$350,000.

State and Community Highway Safety (CFDA 20.600) provides a coordinated national highway safety program to reduce traffic crashes, deaths, injuries, and property damage. In FY 2019, the Program projects to receive \$1,175,418.

LAW ENFORCEMENT PLANNING COMMISSION

Law Enforcement Planning Commission

Law Enforcement Planning Commission

ORGANIZATIONAL TYPE: Regulatory

Scope and Overview

The Virgin Islands Law Enforcement Planning Commission (LEPC) was established as an agency of the Government of the United States Virgin Islands, within the Virgin Islands Police Department for budgetary purposes only, subject to the jurisdiction of the Governor, and is charged with and empowered to carry out the functions and responsibilities provided for under the provisions of the Omnibus Crime Control and Safe Streets Act of 1968, the Juvenile Justice and Delinquency Prevention Act of 1974 and all acts amendatory of and supplementary thereto. LEPC confronts criminal and delinquent activities before they escalate, and the head of the agency is empowered to advise and assist the Governor in developing policies and programs for improving the coordination, administration and effectiveness of the Criminal Justice System in the Virgin Islands. LEPC is able to accomplish its objectives by working in conjunction with a number of Government agencies, non-profit organizations, and faith-based entities.

Law Enforcement Planning Commission – CFDA

Residential Substance Abuse Treatment for State Prisoners (RSAT) 16.593 for State Prisoners Program helps states and local governments to develop and implement substance abuse treatment programs in state and local correctional and detention facilities and to create and maintain community-based aftercare services for offenders. For FY 2019, the program anticipates receiving **\$51,051** in federal awards.

Violence Against Women Formula Grant (16.588) assist States, Indian tribal governments, tribal courts, State and local courts, and units of local government to develop and strengthen effective law enforcement and prosecution strategies to combat violent crimes against women, and develop and strengthen victim services in cases involving crimes against women. The Program encourages the development and implementation of effective, victim-centered law enforcement, prosecution, and court strategies to address violent crimes against women and the development and enhancement of victim services in cases involving violent crimes against women. For FY 2019, the program anticipates receiving **\$636,67**3 in federal awards.

Edward Byrne Memorial Justice Assistance Grant Program (JAG) (16.738) funds support all components of the criminal justice system from multijurisdictional drug and gang task forces to crime prevention and domestic violence programs, courts, corrections, treatment, and justice information sharing initiatives. JAG funded projects may address crime through the provision of services directly to individuals and/or communities and by improving the effectiveness and efficiency of criminal justice systems, processes, and procedures. For FY 2019, the program anticipates receiving \$655,876 in federal awards.

Crime Victims Assistance (16.575) provides an annual grant from the Crime Victims Fund to each State and eligible territory for the financial support of services to crime victims by eligible crime victim assistance programs. For FY 2019, the program anticipates receiving **\$1,072,967** in federal awards.

The Prison Rape Elimination Act (PREA) (16.735) Program provides funding to states, units of local government, and federally-recognized Indian tribes for demonstration projects within confinement settings, including adult prisons and jails, juvenile facilities, community corrections facilities, law enforcement lockups and other temporary holding facilities, and tribal detention facilities. The goal of this program is to assist correctional facilities in implementing comprehensive prevention, identification, and response mechanisms that will reduce the incidence of sexual abuse in confinement facilities; promote a culture of "zero tolerance" toward sexual abuse; and support facilities' efforts to achieve compliance with the PREA standards. For FY 2019, the program anticipates receiving **\$33,210** in federal awards.

Juvenile Justice & Delinquency Prevention (16.540) Provides (1) grants to states to assist them in planning, establishing, operating, coordinating, and evaluating projects for the development of more effective juvenile delinquency prevention (i.e., education, training, research, prevention, diversion, treatment, and rehabilitation); (2) support technical assistance grants to facilitate state compliance with the core requirements under the JJDP Act (42 USC 5633(a)(11), (12), (13),and (22); (3) support training and technical assistance to benefit the formula grant program; and (4) support research, evaluation, and statistics activities designed to benefit the formula grant program. For FY 2019, the program anticipates receiving **\$118,666** in federal awards.

Department of Planning and Natural Resources

ORGANIZATION TYPE: Regulatory

Mission Statement

The mission of the Department of Planning and Natural Resources is to protect, maintain, and manage the natural and cultural resources of the Virgin Islands through proper coordination of economic and structural development with local, federal, and non-governmental organizations, for the benefit of present and future generations that they will live safer, fuller lives in harmony with their environment and cultural heritage.

Scope and Overview

The Department of Planning and Natural Resources was established by Act No. 5265 signed into law June 24, 1987. It administers and enforces all laws pertaining to the preservation of fish and wildlife, trees and vegetation, and water resources, including the protection of safe drinking water, air, water pollution, oil pollution, flood control, sewers and sewage disposal. The Department also monitors and regulates compliance for mineral and other natural resources, in addition to preservation of the archaeological, architectural, cultural and historical resources. Additionally, it administers and requires adherence to laws pertaining to growth and development in the coastal zone, coastal lands and offshore islands and cays. It also oversees the compliance of boat registration; mooring and anchoring of vessels within the territorial waters; land survey and land sub-division; development and building permits and code enforcement; earth change permits in the first and second tiers; and zoning administration.

The Department is also responsible for formulating long-range comprehensive and functional development plans for the human, economic and physical resources of the Territory. It is also authorized to promote, support, implement, maintain, and coordinate library information services and museums on a territory-wide basis. In addition, it has to preserve the archives of the Virgin Islands, in conjunction with the official Archive Council, and record other items having sufficient historical value for the educational, social, economic, physical and cultural well-being of the Territory.

Activity 80020/80130/80900 Enforcement

Functional Statement

Enforcement serves as the obligatory arm of the Department. Its primary function is to enforce all environmental, boating safety, and permitting laws of the United States Virgin Islands and to protect, conserve, and preserve the natural resources of the Territory. Its secondary functions are to support the philosophy of "zero tolerance" to illegal drugs by assisting when called upon by federal and local enforcement agencies to participate in joint initiatives aimed at eradicating illegal drugs within the USVI borders; the enforcement of Homeland Security duties through land and marine patrols focused at preventing terrorist attacks aimed at crippling the Territory's economy; and the enforcement of federal fisheries laws as stipulated in the "Joint Enforcement Agreement".

Activity 80400 Coastal Zone Management

Functional Statement

The Coastal Zone Management (CZM) Program, pursuant to Act No. 4248, Title 12, Chapter 21, Section 903 (b), Virgin Islands Code, serves to protect, maintain, preserve, and where feasible, enhance and restore the quality of the environment in the coastal zone (including the trust lands and other submerged and filled lands of the Virgin Islands), and the natural and manmade resources therein; and promote economic development and growth in the coastal zone. The Coastal Zone Management Program also permits and regulates all development within the first tier of the coastal zone; develops, manages, and promotes the St. Croix East End Marine Park; oversees the negotiation and implementation of submerged and filled land leases; and assists in the protection of marine environments, particularly coral reefs, via implementation of erosion and sedimentation control regulations and programs and non-point source pollution control policies and programs.

Activity 80410 Comprehensive and Coastal Zone Planning

Functional Statement

Comprehensive and Coastal Zone Planning (CCZP), whose functions are referenced in the Virgin Islands Code under the Division of Planning, formulates long-range plans and policies, including the development of a comprehensive plan to properly guide and manage physical, economic, and social growth and development trends in the Territory. The Division is also responsible for administering DPNR's zoning map amendments, subdivision processes, and for reviewing their effectiveness and appropriateness. The Division provides technical planning support and serves as a resource center for DPNR, other government agencies, and the general public. The Division is also responsible for coordinating territorial planning activities and capital projects between the public and private sector.

Activity 80500 Libraries and Administration

Functional Statement

The Division of Libraries, Archives and Museums provides library and information services through the development and preservation of its collections, facilities, and resources to meet the information needs of its clientele, including the preservation of Virgin Islands culture and literary heritage. It identifies, preserves, and promotes the relevance of historical and cultural related public records of the Virgin Islands. Traditional and electronic means are used to assist in meeting the educational, recreational, and professional needs of the community. The needs of special populations such as the visually impaired and physically challenged are served. Additionally, the library houses archival records and is a depository for government records throughout the Territory.

Activity 80800 Division of Archaeology and Historic Preservation

Functional Statement

The Division of Archaeology and Historic Preservation preserves the cultural and historic heritage by preserving and protecting, as well as fostering a meaningful awareness and appreciation of the unique history of the United States Virgin Islands (USVI). This history is contained in prehistoric and historic archaeological deposits, both terrestrial and marine, manifested in sites of cultural and spiritual meaning, and reflected in the outstanding architecture and beauty of aboveground historic buildings and sites of the USVI. This mission is accomplished through encouragement and education and by sponsoring and assisting programs that promote historic preservation in the USVI.

Activity Virgin Islands Council on the Arts

Functional Statement

The Virgin Islands Council on the Arts' (VICA) mission is to enrich the cultural life of the Virgin Islands through focused leadership that preserves, supports, and makes accessible excellence in the arts to all Virgin Islanders. This is accomplished through a competitive grant award process, in which VICA provides technical and financial assistance to schools, arts organizations, individual artists, non-profit organizations, and other entities that meet the Council's funding criteria, demonstrates need and accessibility, are financially accountable, and engaged in art projects and programs that addresses the Council's mission. It is also accomplished through extensive programming, projects and partnerships with various organizations across the territory and internationally. VICA receives federal funding from the National Endowment for the Arts, which is matched with local appropriations and re-granted territory-wide.

Department of Planning and Natural Resources - CFDA

Interjurisdictional Fisheries Act of 1986 (CFDA No. 11.407) assists States in managing interjurisdictional fisheries resources. For FY 2019, the program anticipates receiving \$13,175 in federal awards.

Coastal Zone Management Administration Awards (CFDA No. 11.419) assist States in implementing and enhancing Coastal Zone Management and related programs that have been approved by the Secretary of Commerce. For FY 2019, the program anticipates receiving \$927,000 in federal awards.

Marine Fisheries Initiative – MARFIN (CFDA No. 11.433) provide financial assistance for research and development projects that will provide information for the full and wise use and enhancement of fishery resources in the Southeast U. S. Gulf of Mexico and the South Atlantic beginning with the State of North Carolina south to Florida. In addition, beginning in Fiscal Year 1998 similar assistance is provided for the coastal New England states. For FY 2019, the program anticipates receiving \$104,000 in federal awards.

Cooperative Fishery Statistics (CFDA No. 11.434) maintain a cooperative State and Federal partnership to provide a continuing source of fisheries dependent statistics to support fishery management in the States' Territorial Sea and the U.S. Exclusive Economic Zone. For FY 2019, the program anticipates receiving \$137,530 in federal awards.

Southeast Area Monitoring and Assessment Program – SEAMAP (CFDA No. 11.435) maintains a cooperative program which engages State and Federal agencies in the coordinated collection, management, and dissemination of fishery - independent information on marine fisheries in support of State Territorial Sea and U.S. Exclusive Economic Zone fisheries management programs. For FY 2019, the program anticipates receiving \$62,366 in federal awards.

Coral Reef Conservation Program (CFDA No. 11.482) provides matching grants of financial assistance in support of coral reef conservation programs and projects that preserve, sustain, and restore U.S. and international coral reef ecosystems. For FY 2019, the program anticipates receiving \$505,000 in federal awards.

Sport Fish Restoration - Dingell-Johnson Sport Fish Restoration Program (CFDA No. 15.605) funds support activities designed to restore, conserve, manage, or enhance sport fish populations; the public use and benefits from these resources; and activities that provide boat access to public waters. Sport fisheries research and management activities; boating access development and maintenance; aquatic resource education activities; lake construction and maintenance; land acquisition; technical assistance; planning; habitat enhancement; administration; coordination; and hatchery construction are eligible under the Act. For FY 2019, the program anticipates receiving \$1,694,776 in federal awards.

Wildlife Restoration and Basic Hunter Education - Pittman-Robertson Wildlife Restoration Program (CFDA No. 15.611) provides grants to State, Commonwealth, and territorial fish and wildlife agencies for projects to restore,

conserve, manage, and enhance wild birds and mammals and their habitat. Projects also include providing public use and access to wildlife resources; hunter education and safety; and the development and management of shooting ranges. For FY 2019, the program anticipates receiving \$1,317,909 in federal awards.

Cooperative Endangered Species Conservation Fund (CFDA No. 15.615) provides Federal financial assistance to any State or Territory (hereafter, "States"), through its appropriate State or territorial agency, to assist in the development of programs for the conservation of endangered and threatened species.

State Wildlife Grants – (CFDA No. 15.634) funds the development and implementation of projects for the benefit of fish and wildlife and their habitats, including species that are not hunted or fished. Priority is placed on projects that benefit species of greatest conservation concern. For FY 2019, the program anticipates receiving \$139,869 in federal awards.

U.S. Geological Survey Research and Data Collection (USGS) (CFDA No. 15.808) supports research complementary to USGS program efforts in classification of the public lands and examination of the geological structure, water, mineral, and biological resources, and products of the national domain. This entry covers a variety of USGS assistance awards not covered by any other CFDA program entries. Awards are typically supported by funding from internal projects and programs, and funds are not separately budgeted or reserved for external projects or proposals under this entry. For FY 2019, the program anticipates receiving \$26,000 in federal awards.

Economic, Social, and Political Development of the Territories (CFDA No. 15.875) empowers insular communities by improving the quality of life, creating economic opportunity and promoting efficient and effective governance in the U. S. territories of Guam, American Samoa, the U.S. Virgin Islands, and the Commonwealth of the Northern Mariana Islands as well as the three Freely Associated States: The Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau. For FY 2019, the program anticipates receiving \$103,000 in federal awards.

Historic Preservation Fund Grants-In-Aid (CFDA No. 15.904) provide matching grants to States for the identification, evaluation, and protection of historic properties by such means as survey, planning technical assistance, acquisition, development, and certain Federal tax incentives available for historic properties; to provide matching grants to States to expand the National Register of Historic Places, (the Nation's listing of districts, sites, buildings, structures, and objects significant in American history, architecture, archeology, engineering and culture at the National, State and local levels) to assist Federal, State, and Local Government agencies, nonprofit organizations and private individuals in carrying out historic preservation activities; and to provide grants to Indian Tribes and Alaskan Native Corporations to preserve their culture. For FY 2019, the program anticipates receiving \$375,183 in federal awards.

Interagency Hazardous Materials Public Sector Training and Planning Grants (CFDA No. 20.703) increase State, local, territorial and Native American tribal effectiveness to safely and efficiently handle hazardous materials accidents and incidents; enhance implementation of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA); and encourage a comprehensive approach to emergency planning and training by incorporating response to transportation standards. For FY 2019, the program anticipates receiving \$68,103 in federal awards.

Grants to States (CFDA No. 45.310) is the largest grant program run by IMLS; it provides funds to State Library Administrative Agencies (SLAAs) using a population-based formula. SLAAs may use federal funds to support statewide initiatives and services; they also may distribute the funds through subgrant competitions or cooperative agreements to public, academic, research, school, and special libraries in their state. For FY 2019, the program anticipates receiving \$98,030 in federal awards.

Surveys, Studies, Research, Investigations, Demonstrations, and Special Purpose Activities Relating to the Clean Air Act (CFDA No. 66.034) support Surveys, Studies, Research, Investigations, Demonstrations and Special Purpose assistance relating to the causes, effects (including health and welfare effects), extent, prevention, and control of air pollution to include such topics as air quality, acid deposition, climate change, global programs, indoor

environments, radiation, mobile source technology and community-driven approaches to transportation and emissions reduction. For FY 2019, the program anticipates receiving \$39,504 in federal awards.

State Clean Diesel Grant Program (CFDA. No. 66.040) - The Diesel Emissions Reduction Act, 42 U.S.C. 16131 et seq., as amended, authorizes EPA to award assistance agreements to States to develop and implement such grant, rebates, and low-cost revolving loan programs in the State as are appropriate to meet State needs and goals relating to the reduction of diesel emissions. For FY 2019, the program anticipates receiving \$1,469 in federal awards.

Multipurpose Grants to States and Tribes (CFDA No. 66.204) implement high priority activities, including the processing of permits, which complement programs under established environmental statutes. These grants are to be awarded to states and territories to assist with the implementation of environmental programs, and to tribes eligible under Clean Water Act 518(e) to assist with the implementation of environmental programs

Construction Grants for Wastewater Treatment Works (CFDA No. 66.418) assist and serve as an incentive in construction of municipal wastewater treatment works which are required to meet State and/or Federal water quality standards and improve the water quality in the waters of the United States. From fiscal year (FY) 2004 onwards, American Samoa, Commonwealth of Northern Mariana Islands, Guam, Virgin Islands, and the District of Columbia may use up to four percent of the funds appropriated under Title VI for administration and closeout of their construction grant program. For FY 2019, the program anticipates receiving \$4,323,332 in federal awards.

Water Quality Management Planning (CFDA No. 66.454) assist States (including territories and the District of Columbia), Regional Public Comprehensive Planning Organizations (RPCPOs), and Interstate Organizations (IOs) in carrying out water quality management (WQM) planning. For FY 2019, the program anticipates receiving \$100,000 in federal awards. For FY 2019, the program anticipates receiving \$150,450 in federal awards.

Capitalization Grants for Drinking Water State Revolving Funds (CFDA No. 66.468) - Grants are made to States and Puerto Rico to capitalize their Drinking Water State Revolving Funds (DWSRFs) which will provide a long-term source of financing for the costs of drinking water infrastructure. Grants are also made to the District of Columbia, U.S. Territories (Virgin Islands, Mariana Islands American Samoa, and Guam), and Indian Tribes. For FY 2019, the program anticipates receiving \$5,406,884 in federal awards.

Beach Monitoring and Notification Program Implementation Grants (CFDA No. 66.472) assist Coastal and Great Lakes States and Tribes eligible under Section 518(e) of the Clean Water Act, as amended, in developing and implementing programs for monitoring and notification for coastal recreation waters adjacent to beaches or similar points of access that are used by the public. For FY 2019, the program anticipates receiving \$552,000 in federal awards.

Performance Partnership Grants (CFDA No. 66.605) - Improving EPA's partnership with the States and Tribes is critical to accelerating environmental outcomes. Performance Partnership Grants (PPGs) are the cornerstone of the National Environmental Performance Partnership System (NEPPS) -- EPA's strategy to strengthen partnerships and build a results-based management system. PPGs are innovative grant delivery tools that allow States and Tribes to combine up to 20 eligible State and Tribal Assistance Grants (STAG) grants into a single grant with a single budget. PPGs can reduce administrative transaction costs, provide the flexibility to direct resources toward the highest priority environmental problems, and support cross-media approaches and initiatives. EPA's overarching goal is to optimize the leveraging power of PPGs to focus strategically on the joint priorities of EPA, States and Tribes. PPGs do not include any funding in addition to the state and tribal assistance grants provided under other statutory authorities. For FY 2019, the program anticipates receiving \$2,726,795 in federal awards.

Underground Storage Tank Prevention, Detection and Compliance Program (CFDA No. 66.804) assist States, Territories, Tribes and/or Intertribal Consortia (LUST Prevention only for Tribes and/or Intertribal Consortia) that meet the requirements at 40 CFR 35.504 in the development and implementation of underground storage tank (UST) programs and for leak prevention, compliance and other activities authorized by the Energy Policy Act (EPAct) of

2005, Public Law 105-276, and EPA's annual appropriations acts. For FY 2019, the program anticipates receiving \$99,950 in federal awards.

Leaking Underground Storage Tank Trust Fund Corrective Action Program (CFDA No. 66.805) support State (including Territories that are included in the definition of "State" in the Solid Waste Disposal Act) and Tribal corrective action programs that address releases from underground storage tanks. For FY 2019, the program anticipates receiving \$50,000 in federal awards.

State and Tribal Response Program Grants (CFDA No. 66.817) - EPA's CERCLA Section 128(a) grant program funds activities that establish or enhance state and tribal response program capacity, capitalize revolving loan funds (RLFs), and support insurance mechanisms. The goal of this funding is to provide financial support to establish and enhance the four elements of an effective state or tribal response program as specified in CERCLA Section 128 and to ensure that states and tribes maintain a public record of sites included in their programs. For FY 2019, the program anticipates receiving \$268,463 in federal awards.

Boating Safety Financial Assistance (CFDA No. 97.012) - Awards are made to States to encourage greater participation and uniformity in boating safety, permit the States to assume the greater share of boating safety education, assistance, and enforcement activities, and to assist the States in developing, carrying out and financing their recreational boating safety programs. Awards are made available to national non-profit public service organizations to support national recreational boating safety activities. Awards for a national recreational boating safety survey are designed to gather information necessary to produce valid and reliable estimates of: the numbers of different types and sizes of boats that are owned in the continental United States, Alaska, Hawaii, District of Columbia and Puerto Rico; the number of boats that are operated on the water; the number of days and hours that boats are operated and the number of persons aboard; the number and characteristics of persons comprising the general population that go out on the water in recreational boats; and other needed data regarding recreational boating safety. For FY 2019, the program anticipates receiving \$577,285 in federal awards.

Mission Statement

The Virgin Islands Department of Education provides a safe and nurturing environment, high quality instruction, and continuous supports so ALL students succeed in college and careers as citizens in a globally diverse world.

Scope and Overview

The United States Virgin Islands Department of Education is an executive branch of the Government of the U.S. Virgin Islands mandated under Titles 3 and 17 of the Virgin Islands Code. It is the largest governmental entity in the Virgin Islands and it functions both as a Local Education Agency (LEA) and a State Education Agency (SEA). The Department is headed by a Commissioner at the SEA level and an Insular Superintendent at the two LEAs.

The Department's role as stipulated by Title 3, Chapter 7, Section 96, V.I. Code, encompasses the authority to exercise general control over the enforcement of laws relating to free public education in the Virgin Islands. Its responsibilities include the development, implementation, and monitoring of instructional programs for all k-12 students and adult learners, as well as, provision of support services such as: child nutrition, pupil transportation, library services, and the maintenance of educational facilities and offices under its purview. Services are provided at 33 buildings supporting 43 activity centers.

It is through the combination of the general and federal funds that the Department is able to execute its programs and carry out its mandates under local and federal law. The Department employed a workforce of two thousand five hundred forty-two (2,542) employees which carry out the essential student services and accounts for most of the funds received from the General Fund. From October 2014 to the end of FY 2015, there were one hundred eighty-nine (189) separations territory wide.

In Fiscal year 2017, the Department endeavored to address the needs of 13,194 students enrolled in the system. 930 students territory wide were identified as students with disabilities and 1,060 as English Second Language (ESL). Additionally, there is a total of 65 students that are identified as students with disabilities and ESL. This does not include those served in the evening or adult programs.

This past year, the Department worked on revising its strategic plan and its performance indicators as many indicators were old and did not reflect the current direction; there were also too many indicators that were not being tracked. Therefore, the goals and indicators below do not reflect those in the new strategic plan. However, they fundamentally address the work which is ongoing in the department.

Activity 41617 Special Education Administration – State Office

Functional Statement

The State Office of Special Education is mandated to maximize the educational potential of Virgin Islands children with special needs, age three through twenty-one, by means of an integrated and cohesive set of support programs, services, and activities that will result in the acquisition of lifelong skills and independence. The State Office of Special Education ensures students have available to them a full continuum of placement options including access to the general curriculum, accessible facilities, and programs and services that are implemented in the Least Restrictive Environment (LRE), preferably in the general education setting. This Office is charged with monitoring the services provided to children and youth in public, private, and residential settings to ensure local and federal regulations are met. Additionally, the Office provides technical assistance and professional development to support the Districts.

Activity 41700 Property Proc. & Aux. Services STT-STJ/STX

Functional Statement

The Division of Property and Procurement Auxiliary Services is responsible for the procurement of equipment and supplies for the Department. This Division processes requisitions for goods and services with adherence to applicable procurement regulations under local and federal guidelines. All equipment and supplies are received and checked for accuracy in conjunction with an applicable requisition, and are tagged and inventoried before distribution to the schools and offices. The receiving reports for the equipment and supplies are forwarded to the Business Affairs division for payment processing.

Department of Education – Federal CFDA

The National School Lunch Program (CFDA 10.555) assists States, through cash grants and food donations, in providing a nutritious nonprofit lunch service for school children and to encourage the domestic consumption of nutritious agricultural commodities. In FY 2019, the program projects to receive \$7,194,601 in federal awards.

The Child and Adult Care Food Program (CFDA 10.558) assists States, through grants-in-aid and other means, to initiate and maintain nonprofit food service programs for children and elderly or impaired adults enrolled in nonresidential day care facilities, children attending afterschool care programs in low-income areas, and children residing in emergency shelters. For FY 2019, the program projects receiving \$61,500.

The State Administrative Expenses for Child Nutrition (CFDA 10.560) provides each State agency with funds for its administrative expenses in supervising and giving technical assistance to local schools, school districts and institutions in their conduct of Child Nutrition Programs. State agencies that administer the distribution of USDA Foods to schools and child or adult care institutions, are also provided with State Administrative Expense (SAE) funds. For FY 2019, the project anticipates receiving \$409,612 in federal funds.

The Emergency Food Assistance Program (Administrative Costs) (CFDA 10.568) helps supplement the diets of lowincome persons by making funds available to States for processing, storage and distribution costs incurred by State agencies and local organizations, such as soup kitchens, food banks, and food pantries, including faith-based organizations, that provide food assistance to needy persons. For FY 2019, it is anticipated that the program will receive \$11,961 in federal funds.

The Child Nutrition Discretionary Grants Limited Availability (CFDA 10.579) - Administrative Review and Training (ART) grants are available to State agencies to conduct additional administrative reviews of selected local educational agencies, and to provide funding for state agencies to be used for oversight and training of administrative personnel on application, certification, verification, meal counting, and meal claiming procedures. Equipment Assistance grants are available to States agencies for providing equipment to improve school food services. For FY 2019, the program projects to receive \$32,000 in federal awards.

The Fresh Fruit and Vegetable Program (CFDA 10.582) assists States, through cash grants, in providing free fresh fruits and vegetables to elementary schools with high percentages of children that receive free or reduced price meals through the National School Lunch Program. For FY 2019, the program anticipates receiving \$25,000 in federal awards.

The Economic, Social, and Political Development of the Territories Grant (CFDA 15.875) empowers insular communities by improving the quality of life, creating economic opportunity and promoting efficient and effective governance in the U. S. territories of Guam, American Samoa, the U.S. Virgin Islands, and the Commonwealth of the Northern Mariana Islands as well as the three Freely Associated States: The Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau. For FY 2019, the program projects to receive \$1,000,000.

The Adult Education – Basic Grants to States (84.002) funds local programs of adult education and literacy services, including workplace literacy services, family literacy services, and English literacy and integrated English literacycivics education programs. Participation in these programs is limited to adults and out-of-school youths aged 16 and older who do not have a high school diploma or equivalent and who are not enrolled or required to be enrolled in a secondary school under State law. For FY 2019, the program anticipates to receive \$483,338.

The Special Education – Grants to States (CFDA 84.027) provides grants to assist States in providing special education and related services to all children with disabilities. For Federal Fiscal Year 2019 (FFY 2018), the program projects receiving \$8,645,926.

The Impact Aid Program (CFDA 84.041) provides financial assistance to local educational agencies (LEAs) where affected by Federal activities, i.e., where the tax base of a district is reduced through the Federal acquisition of real property (Section 7002, ESEA), and where the presence of certain children living on Federal property places a financial burden on the LEAs that educate them (Sections 7003 and 7007, ESEA). For FY 2019, the program projects to receive \$65,000 in federal awards.

The School Safety National Activities (CFDA 84.184) (formerly, Safe and Drug-Free Schools and Communities-National Programs) improves students' safety and well-being during and after the school day. There is no projection of awards for FY 2019 (FFY 2018); however, the carryforward balance of \$1,106,264 will be utilized in FY 2019 to support Personnel Services of \$305,000 and Fringe Benefits of \$150,469.

The Consolidated Grant to the Outlying Areas (CFDA 84.403A) makes an annual consolidated grant to assist an Insular Area in carrying out one or more State-administered formula grant programs of the Department. (i.e., - ESEA,Title I, Part A-Grants to LEAs; ESEA,Title I, Section 1003(g), - School Improvement Grants; ESEA,Title II, Part A-Teacher Quality Grants; ESEA,Title III, English Language Acquisition Grants; ESEA, Title IV, Part B-21st Century Community Learning Centers Grants; ESEA,Title V, Part A-State Grants for Innovative Programs; Adult Education and Family Literacy Act (AEFLA)-Section 243-Adult Education State Administered Program grants; Perkins Act, Title I-Career and Technical Education Basic State Grants; ESEA,Title VI, Part A-State Assessments; McKinney-Vento Homeless Assistance Act-Title VII-B Grants; ESEA, Title II, Part, B-Mathematics and Science Partnerships grants; ESEA, Title VI, Part B, Rural and Low-Income School Program. The program projects receiving \$14,691,336 in FY 2019 (FFY 2018).

Activity 70010 Health Planning, Research and Statistics

Functional Statement

The Bureau of Vital Statistics and Research records and preserves the Territory's birth and death events. The Bureau is also mandated to record incidences of cancer in the Territory. The Department of Health's Office of Licensure and Health Planning promotes the delivery of essential health care services to the residents of the Virgin Islands by establishing standards that improve access to and quality of healthcare and the containment of healthcare costs. The Office cultivates knowledge and understanding of health care delivery systems and the Certificate of Need (CON) process through public participation, involvement in planning and data collection efforts, and a constant focus on best practices for ensuring public health, safety and welfare. The Office ascertains competency of care via the licensure of health care professionals, the enforcement of standards of practice and the dissemination of information to healthcare practitioners and to the public.

Department of Health – CFDA

Special Supplemental Nutrition Program for Women, Infants, and Children (CFDA 10.557), provides low-income pregnant, breastfeeding and postpartum women, infants, and children to age five who have been determined to be at nutritional risk, supplemental nutritious foods, nutrition education, and referrals to health and social services at no cost. WIC also promotes breastfeeding as the feeding method of choice for infants, provides substance abuse education and promotes immunization and other aspects of healthy living. The Food and Nutrition Service (FNS) makes funds available that, in turn, pay the costs of specified supplemental foods provided to WIC participants, and pay for specified nutrition services and administration (NSA) costs, including the cost of nutrition assessments, blood tests for anemia, nutrition education, breastfeeding promotion, and health care referrals.

Special Education-Grants for Infants and Families (CFDA 84.181), provide grants to assist to implement and maintain a comprehensive, coordinated, multidisciplinary, interagency system to make available early intervention services to infants and toddlers with disabilities and their families.

Birth Defects and Developmental Disabilities - Prevention and Surveillance (CFDA 93.073), works with health agencies in planning, implementing coordinating or evaluating programs, research or surveillance activities related to improved birth outcomes, prevention of birth defects, and the improvement of infant and child health and developmental outcomes. To provide a focus for the prevention of conditions of persons with birth defects; to employ epidemiological methods to set priorities, build capacity and direct health promotion interventions for persons with birth defects; to expand public health training opportunities through fellowships to introduce geneticists, epidemiologists, and clinicians to public health practice through education, training and career-enhancing experiences. To enhance surveillance and research for birth defects; to prevent congenital heart defects and other major birth defects associated with medication use during pregnancy; to advance neural tube defect prevention; and enhance the quality and usefulness of newborn screening data and programs.

Hospital Preparedness Program (HPP) and Public Health Emergency Preparedness (PHEP) Aligned Cooperative Agreements (CFDA 93.074), provides resources that support public health departments and healthcare systems/organizations in demonstrating measurable and sustainable progress toward achieving public health and healthcare emergency preparedness capabilities that promote prepared and resilient communities.

Maternal and Child Health Federal Consolidated Programs (CFDA 93.110), carry out special maternal and child health (MCH) projects of regional and national significance; to conduct training and research; to conduct genetic disease testing, counseling, and information development and dissemination programs; for the screening of newborns for sickle cell anemia, and other genetic disorders; and to support comprehensive hemophilia diagnostic and treatment centers.

Emergency Medical Services for Children (CFDA 93.127), supports demonstration projects for the expansion and improvement of emergency medical services for children who need treatment for trauma or critical care.

Cooperative Agreements to States/Territories for the Coordination and Development of Primary Care Offices (CFDA 93.130), coordinates resources contributing to primary care service delivery and workforce issues to meet the needs of medically-underserved populations through health centers and other community-based providers of comprehensive primary care and the retention, recruitment, and oversight of health professions for medically underserved populations.

Injury Prevention and Control Research and State and Community Based Programs (CFDA 93.136), are research grants that: (1) support injury control research on priority issues; (2) integrate aspects of engineering, public health, behavioral sciences, medicine, engineering, health policy, economics and other disciplines in order to prevent and control injuries more effectively; (3) rigorously apply and evaluate current and new interventions, methods, and strategies that focus on the prevention and control of injuries; (4) stimulate and support Injury Control Research Centers (ICRCs) in academic institutions which will develop a comprehensive and integrated approach to injury control research and training; and (5) bring the knowledge and expertise of ICRCs to bear on the development of effective public health programs for injury control.

Family Planning Services (CFDA 93.217), provides educational, counseling, comprehensive medical and social services necessary to enable individuals to freely determine the number and spacing of their children, and by so doing helping to reduce maternal and infant mortality, promote the health of mothers, families and children.

Substance Abuse and Mental Health Services Projects of Regional and National Significance (CFDA 93.243), addresses priority substance abuse treatment. Expansion of the availability of effective substance abuse treatment and recovery services available to Americans to improve the lives of those affected by alcohol and drug additions, and to reduce the impact of alcohol and drug abuse on individuals, families, communities and societies and to address priority mental health needs and assist children in dealing with violence and traumatic events. Grants and cooperative agreements are for (1) knowledge and development and application projects for treatment and rehabilitation and the conduct or support of evaluations of such projects; (2) training and technical assistance; (3) targeted capacity response programs (4) systems change grants including statewide family network grants and client-oriented and consumer run self-help activities and (5) programs to foster health and development of children; (6) coordination and integration of primary care services into publicly-funded community mental health centers and other community-based behavioral health settings.

Universal Newborn Hearing Screening (CFDA 93.251), supports programs in developing a comprehensive and coordinated system of care targeted toward ensuring that newborns and infants receive appropriate timely services including continuous screening, evaluation, diagnosis and early intervention services. Additionally, family engagement and leadership is also a focus of this program, as families have a unique perspective on how the system currently affects them personally and can provide invaluable insight on the strategies that can be implemented to improve the system.

Immunization Cooperative Agreements (CFDA 93.268), assists communities in establishing and maintaining preventive health service programs to immunize individuals against vaccine-preventable diseases (including measles, rubella, poliomyelitis, diphtheria, pertussis, tetanus, hepatitis B, hepatitis A, varicella, mumps, haemophilus influenza type b, influenza, and pneumococcal pneumonia).

Epidemiology and Laboratory Capacity for Infectious Diseases (ELC) (CFDA 93.323), protects the public health and safety of the USVI people by enhancing the capacity of public health agencies to effectively detect, respond, prevent and control known and emerging (or re-emerging) infectious diseases. This is accomplished by providing financial and technical resources to (1) strengthen epidemiologic capacity; (2) enhance laboratory capacity; (3) improve information systems; and (4) enhance collaboration among epidemiology, laboratory, and information systems components of public health departments.

Behavioral Risk Factor Surveillance System (CFDA 93.336), provides assistance to Health Departments to maintain and expand: 1) Specific health surveillance on the behaviors of the general adult population that contribute to the occurrences and prevention of chronic diseases, injuries, and other public health threats through the Behavioral Risk

Factor Surveillance System (BRFSS), and 2) Collection, analysis, and dissemination of BRFSS data to Health Department categorical programs for their use in assessing trends, directing program planning, evaluating program priorities, developing policy, and targeting relevant population groups.

Affordable Care Act (ACA) Maternal, Infant, and Early Childhood Home Visiting Program (CFDA 93.505), is designed: (1) to strengthen and improve the programs and activities carried out under Title V; (2) to improve coordination of services for at risk communities; and (3) to identify and provide comprehensive services to improve outcomes for families who reside in at risk communities. Voluntary evidence-based home visiting is the primary strategy to deliver services. A nurse, social worker, parent educator, or other paraprofessional regularly visits an expectant mother or father, new parent, or primary caregiver of a young child from birth to kindergarten entry to support and strengthen the parent-child relationship to improve the health, development and well-being for the child and family.

Preventive Health and Health Services Block Grant funded solely with Prevention and Public Health Funds (PPHF) (CFDA 93.758), provides resources to improve the health status of the population of each grantee by: (A) conducting activities leading to the accomplishment of the most current Healthy People objectives for the nation; (B) rapidly responding to emerging health threats; (C) providing emergency medical services, excluding most equipment purchases; (D) providing services for sex offense victims including prevention activities; and (E) coordinating related administration, education, monitoring and evaluation activities.

Domestic Ebola Supplement to the Epidemiology and Laboratory Capacity for Infectious Diseases (ELC) (CFDA 93.815), addresses priority domestic capacity building around Ebola and other emerging and highly-infectious diseases. The Competing Supplement (1) provides additional resources to accelerate ELC activities around infection control assessment and response, laboratory safety, and global migration, border interventions, and migrant health; and (2) aligns with ELC's existing purpose which is to protect the public health and safety of the people by enhancing the capacity of public health agencies to effectively detect, respond, prevent and control known and emerging (or re-emerging) infectious diseases. This is accomplished by providing financial and technical resources to (1) strengthen epidemiologic capacity; (2) enhance laboratory capacity; (3) improve information systems; and (4) enhance collaboration among epidemiology, laboratory, and information systems components of public health departments.

Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations' (CFDA 93.898), goals are to (1) seek efficiencies across the management and operations of cancer prevention and control programs, (2) focus on high-burden cancers with evidence-based, scalable interventions that already exist and can be broadly implemented, (3) develop organized screening programs that are more effective and efficient than current opportunistic approaches, and (4) maintain high-quality cancer registries and expand their application in prevention and screening.

HIV Care Formula Grants (CFDA 93.917), enables the territory to improve the quality, availability, and organization of a comprehensive continuum of HIV/AIDS health care, treatment, and support services for eligible individuals living with Human Immunodeficiency Virus (HIV) disease.

HIV Prevention Activities - Health Department Based (CFDA 93.940), assists in meeting the cost of establishing and maintaining Human Immunodeficiency Virus (HIV) prevention programs.

Human Immunodeficiency Virus (HIV)/Acquired Immunodeficiency Virus Syndrome (AIDS) Surveillance (CFDA 93.944), continues and strengthens effective human immunodeficiency virus (HIV) and acquired immunodeficiency syndrome (AIDS) surveillance programs and affects, maintains, measures and evaluates the extent of HIV/AIDS incidence and prevalence throughout the territory, providing information for targeting and implementing HIV prevention activities.

Assistance Programs for Chronic Disease Prevention and Control (CFDA 93.945), works with health agencies and other public and private nonprofit organizations in planning, developing, integrating, coordinating, or evaluating

programs to prevent and control chronic diseases; assists in monitoring the major behavioral risks associated with the 10 leading causes of premature death and disability in the United States including cardiovascular diseases; and, establish new chronic disease prevention programs like Racial and Ethnic Approaches to Community Health (REACH), State Nutrition, Physical Activity and Obesity Programs (NPAO).

Block Grants for Community Mental Health Services (CFDA 93.958), provide financial assistance to States and Territories to enable them to carry out the plan for providing comprehensive community mental health services to adults with a serious mental illness and to children with a serious emotional disturbance; monitor the progress in implementing a comprehensive community based mental health system; provide technical assistance to States and the Mental Health Planning Council that will assist the States in planning and implementing a comprehensive community based mental health system.

Block Grants for Prevention and Treatment of Substance Abuse (CFDA 93.959), provides financial assistance to States and Territories to support projects for the development and implementation of prevention, treatment and rehabilitation activities directed to the diseases of alcohol and drug abuse.

Preventive Health Services -Sexually Transmitted Diseases Control Grants (CFDA 93.977), emphasize the development and implementation of nationally uniform prevention and control programs which focus on the core public health functions of assessment, assurance and policy development. This includes surveillance activities, including the reporting, screening, and follow up persons diagnosed with STDs, and disease intervention activities to find cases and notify and refer exposed partners to STD into care.

Maternal and Child Health Services Block Grant to the States (CFDA 93.994), enables States to maintain and strengthen their leadership in planning, promoting, coordinating and evaluating health care for pregnant women, mothers, infants, and children, children with special health care needs (CSHCN) and families in providing health services for maternal and child health populations who do not have access to adequate health care.

Department of Human Services

Department of Human Services

ORGANIZATIONAL TYPE: Social and Service

Mission Statement

The Department of Human Services mission is to provide social services that will enhance the quality of life for individuals and families with diverse needs.

Scope and Overview

Pursuant to Title 34 of the Virgin Islands Code, the Department of Human Services is the State Agency for all publicly financed, social service programs, except those of public health and housing programs, and provides services to the poor, the disabled, the juvenile delinquent, the elderly, and the low-income family. Moreover, in accordance with Title 5, Section 2536 of the Virgin Islands Code, it serves as the authorized agency for the protection and care of abused and neglected children. Additionally, Executive Order No. 416-2005 authorizes the Department of Human Services to serve as the lead agency for coordinating the activities of the Inter-Agency Council on Homelessness.

Consistent with its statutory authority, the Department of Human Services provides a comprehensive service delivery system organized through the following divisions: Division of Children, Youth and Families; Division of Disabilities and Rehabilitation Services; Division of Financial Programs; and the Division of Senior Citizens Affairs. It also contains the Office of Child Care and Regulatory Services; Office of Intake and Emergency Services, and the Office of Residential Services.

Department of Human Services – Federal CFDA

Temporary Assistance for Needy Families (93.558) provide grants to States, Territories, the District of Columbia, and Federally-recognized Indian Tribes operating their own Tribal TANF programs to assist needy families with children so that children can be cared for in their own homes; to reduce dependency by promoting job preparation, work, and marriage; to reduce and prevent out-of-wedlock pregnancies; and to encourage the formation and maintenance of two-parent families. For FY 2019, the program anticipates receiving 2,829,976 in federal awards.

Personal Responsibility Education Program (93.092) The purpose of this program is to educate adolescents and young adults on both abstinence and contraception for the prevention of pregnancy and sexually transmitted infections, including HIV/AIDS. The Affordable Care Act was established and provided funding for this program through FY 2014. For FY 2019, the program anticipates receiving \$250,000 in federal awards.

Supplemental Nutrition Assistance Program State Administrative Match (SNAP) (10.561) provide Federal financial participation to State agencies for costs incurred to operate the Supplemental Nutrition Assistance Program (SNAP). SNAP Employment and Training (E&T) 100 Percent Federal Funds and Reimbursement for 50 percent of allowable expenses: Funds provide grants to States to provide E&T education to assist SNAP participants in finding work. An E&T program may consist of many different types of components, including but not limited to: independent job search; job search training and support; workfare; educational programs to improve employability; work experience or training to improve employability; other employment oriented activities (e.g., job placement, supported work experience, Workforce Investment Act (WIA) services); and self–employment training. USDA provide States with 100 percent Federal funding for E&T based on a specific formula.

USDA also reimburses States for 50 percent of certain allowable, reasonable and necessary E&T expenses that exceed their 100 percent grant. USDA also provides 50 percent reimbursement for transportation and childcare costs to ensure successful participation in E&T programs. States are not allowed to use 100 grants for participant expenses.

The Nutrition Education and Obesity Prevention Grants (SNAP-Ed) are 100 percent Federal funding for States based on a specified formula for nutrition education for low income people. For FY 2019, the program anticipates receiving \$6,098,919 in federal awards.

Medical Assistance Program (MAP) (93.778) provide financial assistance to States for payments of medical assistance on behalf of cash assistance recipients, children, pregnant women, and the aged who meet income and resource requirements, and other categorically-eligible groups. In certain States that elect to provide such coverage, medically-needy persons, who, except for income and resources, would be eligible for cash assistance, may be eligible for medical assistance payments under this program. Financial assistance is provided to States to pay for Medicare premiums, copayments and deductibles of qualified Medicare beneficiaries meeting certain income requirements. More limited financial assistance is available for certain Medicare beneficiaries with higher incomes. For FY 2019, the program anticipates receiving \$30,541,544 in federal awards.

Senior Community Service Employment Program (SCSEP) 17.235 foster's individual economic self-sufficiency; provide training in meaningful part-time opportunities in community service activities for unemployed low-income persons who are age 55 years of age or older, particularly persons who have poor employment prospects; and to increase the number of older persons who may enjoy the benefits of unsubsidized employment in both the public and private sectors. For FY 2019, the program anticipates receiving \$212,020 in federal awards.

Child Care and Development Block Grant 93.575 is the primary federal funding source dedicated to providing child care assistance to low-income families. As a block grant, CCDF gives funding to states, territories, and tribes to provide child care subsidies through grants and contracts with providers, as well as vouchers or certificates to low-income families. CCDF is a dual-purpose program with a two-generational impact. CCDF provides access to child care services for low-income families so they can work, attend school, or enroll in training to improve the well-being of their families. At the same time, it also promotes the healthy development and school success of our nation's low-and moderate-income children by providing them with higher-quality early learning and afterschool experiences. For FY 2019, the program anticipates receiving \$3,235,644 in federal awards.

Head Start (93.600) promotes school readiness by enhancing the social and cognitive development of low-income children, including children on federally recognized reservations and children of migratory farm workers, through the provision of comprehensive health, educational, nutritional, social and other services; and to involve parents in their children's learning and to help parents make progress toward their educational, literacy and employment goals. Head Start also emphasizes the significant involvement of parents in the administration of their local Head Start programs. For FY 2018, the program anticipates receiving \$8,787,245 in federal awards.

Social Services Block Grant (93.667) enable each State to furnish social services best suited to the needs of the individuals residing in the State. Federal block grant funds may be used to provide services directed toward one of the following five goals specified in the law: (1) To prevent, reduce, or eliminate dependency; (2) to achieve or maintain self-sufficiency; (3) to prevent neglect, abuse, or exploitation of children and adults; (4) to prevent or reduce inappropriate institutional care; and (5) to secure admission or referral for institutional care when other forms of care are not appropriate. For FY 2019, the program anticipates receiving \$7,208,777 in federal awards.

Medicare Prescription Drug Program (93.770) provide prescription drugs to Medicare beneficiaries through their voluntary participation in prescription drug plans, with an additional subsidy provided to lower-income beneficiaries. For FY 2018, the program anticipates receiving \$1,306,000 in federal awards.

Children's Health Insurance Program (93.767) provide funds to States to enable them to maintain and expand child health assistance to uninsured, low¬ income children, and at a state option, low-income pregnant women and legal immigrants, primarily by three methods: (1) obtain health insurance coverage that meets the requirements in

Section 2103 relating to the amount, duration, and scope of benefits; (2) expand eligibility for children under the State's Medicaid program; and (3)reduce the number of children eligible for Medicaid, CHIP and insurance affordability programs under the ACA, who are not enrolled and improve retention of those who are already enrolled. For FY 2019, the program anticipates receiving \$8,204,000 in federal awards.

Supportive Housing Program (14.235) is designated to promote the development of supportive housing and supportive services to assist homeless individuals and families in the transition from homelessness and to enable them to live as independently as possible. For FY 2019, the program anticipates receiving \$39, 177 in federal awards.

Department of Public Works – Federal CFDA

Economic, Social, and Political Development of the Territories grant programs (CFDA 15.875), funded by the Department of the Interior, predominantly for capital and infrastructure improvements, empower insular communities by improving the quality of life, creating economic opportunity and promoting efficient and effective governance in the U. S. territories.

Highway Planning and Construction grants (CFDA 20.205) help: to plan, construct, and preserve highway systems; to provide for the improvement of roads; to foster safe highway design; to replace or rehabilitate deficient or obsolete bridges and to preserve bridges that are still in good condition; and to provide for other special purposes. This program also provides transportation engineering services and funding for planning, design, construction, and rehabilitation of the highways and bridges. This program provides funding to invest in infrastructure and operational improvements that reduce congestion, improve safety and productivity. For FY 2019, the program anticipates receiving \$15,409,288 in federal funds.

Federal Transit Formula Grants (CFDA 20.507) support public transportation services in urbanized areas. Funds are used for capital projects to finance the planning, acquisition, construction, cost-effective lease, improvement, and maintenance of equipment and facilities for use in transit. The FY 2019 projection for federal award is \$1,646,328.

Construction Grants for Wastewater Treatment Works (CFDA 66.418), awarded by the U.S. Environmental Protection Agency, assist and serve as an incentive in construction of wastewater treatment works which are required to meet Federal water quality standards and improve the water quality.

Department of Tourism

Department of Tourism

ORGANIZATIONAL TYPE: Other

Mission Statement

The mission of the Department of Tourism (DOT) is to increase visitor expenditures, to aid in the economic development of the Territory.

Scope and Overview

The 21st Legislature of the Virgin Islands created the Department of Tourism on May 8, 1995. The department is primarily responsible for the economic development of the Territory through the promotion of tourism and related activities. Other responsibilities relate to the formulation, implementation, administration and coordination of programs and policies pertaining to all aspects of tourism. The department is under the supervision of the Commissioner of Tourism.

Activities conducted by the Department of Tourism include developing strategies that will make the Territory competitive and desirable as a tourism destination; communicating and cooperating with all local tourist or tourist-related businesses to determine their needs and how best to promote the industry; promoting Virgin Islands culture as a part of the tourism experience; promoting an understanding of the importance of the tourism experience; developing strategies for the U.S. Virgin Islands in all businesses and industries throughout the Territory; identifying and promoting the unique features of St. Croix, St. John, St. Thomas, and Water Island in tourism advertising; and, developing long-term strategies to successfully develop the overall economy.

Activity 92000 Administration and Management

Functional Statement

The Administration and Management Unit is responsible for ensuring that the department operates in accordance with local and federal rules.

This Unit provides daily oversight and management of the entire financial operations of DOT, administers annual budgets and ensures that disbursements of funds in accordance with authorized amounts and comply with the rules and regulations governing the purchase and acquisition of goods and services. This Unit provides financial leadership and support to all divisions and collaborates with division heads to meet mandates and works in tandem with other financial institutions in resolving and reporting all issues and concerns regarding the disbursement of funds. The Unit is charged with providing all financial data when reporting to legislative inquiries and making appearances at budget hearings. Periodically, the Unit must conduct audits of the financial operations of all offices operating outside of the Territory of the Virgin Islands. This Unit is also responsible for overseeing the Department's human resource needs and services, such as compensation, hiring, performance management, organization development, safety, wellness, benefits, employee motivation, communication, administration, training, and collective bargaining.

Activity 92020 Film Promotion

Functional Statement

The Office of Film Promotion advances, markets and advertises the U.S. Virgin Islands as a location for the production of audio-visual commodities. Activities within the Film Division remain an important part of the destination's tourism mix, contributing millions to the local economy. The Department will continue to encourage a variety of productions such as television, still shoots, music videos and feature films, using the USVI as backdrop. With the recent passing of the S.T.A.R.S. Act, the Department anticipates increased activity during this fiscal year.

Activity 92100 Tourism Administration

Functional Statement

The Administration Unit manages the daily operations of the Department, such as planning, implementation, supervision, and coordination of all programs. This includes the Greeters, the Stranded

Passengers program, the Visitor's Bureau, and Welcome Centers. It has oversight of all advertising, public relations, and promotional programs for the U.S. Virgin Islands.

This Unit coordinates and executes all internal and external activities for the Department, serving as liaison between clients and vendors. It has an unwavering commitment to build productive, beneficial, and collaborative relationships with other government agencies, the private sector, and other organizations. Good customer service before, during and after each guest's visit is essential to the overall promotion of the U.S. Virgin Islands as a premier tourism destination. Stationing Greeters at airports, cruise ports, and downtown ensures that guests receive a hassle-free experience and obtain guidance, directions, information, and assistance as needed. The Stranded Passengers' Assistance Program provides support during unforeseen events, such as lost luggage, or rescheduled flights, and procures transportation and meal and hotel vouchers during long delays. By offering emotional support as an "island friend," trained team members transform travel setbacks into positive experiences for guests.

Activity 92110 Convention and Visitors' Bureau - STT/STJ/STX

Functional Statement

The Convention and Visitor's Bureau provide direct support services to current and prospective visitors through various services, including disbursement of informational brochures, pamphlets, and other promotional materials. The Cruise Ship Division compiles relevant statistics concerning passengers, provides promotional and support services in cooperation with cruise ship companies, and distributes information at disembarkation sites. The Bureau also prepares the bi-annual cruise ship schedules.

Communication is essential to successful promotion of the U.S. Virgin Islands. The Visitors' Bureau and Welcome Centers provide information about the Territory as passengers disembark the cruise ships. Trained staff offer direct support services to on-island and prospective visitors from convenient, handicapaccessible locations. DOT's team also handles a substantial volume of communications – verbal, email, post, and fax – responding cordially to a wide variety of queries and requests for assistance on any topic related to the V.I. The Bureau regularly reviews and analyzes complaints and takes prompt, corrective action.

AUTONOMOUS AND SEMI-AUTONOMOUS AGENCIES

Autonomous and Semi-Autonomous Agencies

Autonomous and Semi-Autonomous Agencies

Government Employees' Retirement System

GERS was established by Act No. 479 as an independent and separate agency of the Government of the United States Virgin Islands. Responsibility for the operation of the System and the provisions of the V.I. Code are vested in the Board of Trustees, which is composed of seven (7) members; five (5) of whom are appointed by the Governor with advice and consent of the Virgin

Islands Legislature. Two (2) members are retirees. The following members comprise the current Board:

- 1) Dr. Wilbur Callender, Chairperson (Elected Retiree);
- 2) Carol Callwood, Vice-Chairperson;
- 3) Stephen Cohen, Member (Elected Retiree);
- 4) Vincent Liger, Member;
- 5) Desmond Maynard, Esq., Member;
- 6) Michael McDonald, Member; and
- 7) Leona Smith, Member.

The Administrator/CEO of GERS is Mr. Austin Nibbs, CPA, CGMA.

Virgin Islands Port Authority

The Virgin Islands Port Authority (VIPA) was created through Act. No. 2375 of the Seventh Legislature of the Virgin Islands on December 24, 1968. Act No. 2405 later changed the official establishment date of the Authority to February 11, 1969. The Act established VIPA as a semi-autonomous agency charged with the ownership, operation, development, and management of

all air and marine ports in the United States Virgin Islands. The Authority is also responsible for the Territory's harbors, but it does not control the mooring and anchoring of vessels. It is governed by a Board of Governors which sets policy. The Executive Director is responsible for implementing these policies and overseeing the day-to-day operation of the agency. The Board is comprised of nine (9) members who represent St. Thomas, St. Croix, and St. John. Four (4) members of the Governor's Cabinet sits on the Board and serve at the discretion of the Governor. The five (5) other Board positions are reserved for private citizens who are appointed by the Governor and are subject to the approval of the Legislature of the Virgin Islands. These members are appointed to a three (3) year term of office and each is eligible for reappointment. The current members of the Board are the following:

- 1) Laurel Hewitt-Sewer, Chair;
- 2) Yvonne Thraen, Vice Chair;
- 3) Claude Walker, Secretary;
- 4) Jose A. Penn, Member;
- 5) Beverly Nicholson-Doty, Member;

- 6) Nelson Petty, Member;
- 7) Marvin Forbes, Member;
- 8) Lee Steiner, Member; and
- 9) Vacant.

The Executive Director of the Virgin Islands Port Authority is Mr. David W. Mapp, Sr.

Virgin Islands Water and Power Authority

In 1964, the Authority was created as an instrumentality of the Government of the U.S. Virgin Islands (the "Government") pursuant to Chapter 5 of Title 30 of the U.S. Virgin Islands Code, as amended by Act 4108, approved on March 1978 and Act 4497 approved on October 23, 1980 (the "Virgin Islands Water and Power Authority Act" or the "Act"), for the purpose of developing

an adequate electric and water supply for the Virgin Islands. Pursuant to the powers established by the Act, the Authority owns, operates and maintains electric generation, distribution, and general plant facilities that supply electric power and energy to over 54,000 customers in the U.S. Virgin Islands, which include the islands of St. Thomas, St. Croix, and St. John. The Authority also provides electric service to Hassel Island and Water Island, which are located near the St. Thomas harbor. Generally herein, references to the number of customers, sales and loads on the island of St. Thomas include data associated with the island of St. John, Hassel Island, and Water Island

The Executive Director/CEO of the Virgin Islands Water and Power Authority is Lawrence J. Kupfer. The following are WAPA's Board Members:

- 1) Elizabeth Armstrong, Chair;
- 2) Noel Loftus, Vice Chair;
- 3) Juanita Young, Secretary and Chair of the Finance & Audit Committee;
- 4) Gerald Groner, Esquire, Member;
- 5) Cheryl Boynes-Jackson, Member;

- 6) Director Marvin Pickering, Member;
- 7) Commissioner Devin Carrington, Member and Chair of the Planning Committee;
- 8) Hubert Turnbull, Member; and
- 9) Commissioner Nelson Petty, Member.

Virgin Islands Public Finance Authority

The Virgin Islands Public Finance Authority (PFA or the Authority) was created by Act No. 5365 as a public corporation and autonomous governmental instrumentality, operating on behalf of the Government of the U.S. Virgin Islands (the Government). Its primary duties are: (1) to aid the Government of the U.S. Virgin Islands in the performance of its fiscal duties; (2) to raise capital, public or private, for essential public projects; and (3) to create programs and enter into

contracts which will support the financing needs of the Government, promote economic recovery and contribute to the stability of the Territory's economy.

The U.S. Virgin Islands Code provides that the debts, obligations, contracts, bonds, assets, receipts, expenditures, accounts, funds, facilities, and property of the Authority shall be deemed to be those of the Authority and not to be those of the Government, or any of its Offices, Bureaus, Departments, Agencies, Commissions, Branches, Agents or employees.

The PFA is headed by Mrs. Margaret Guanino, the Director of Finance and Administration, under the direction of the Executive Director and the Board of Directors that is chaired by the Governor of the United States Virgin Islands, the highest elected official of the Territory. The members of the PFA's Board of Directors are as follow:

- 1) Governor Kenneth E. Mapp, Chairman;
- 2) Valdamier O. Collens, Executive Director of the PFA (Commissioner, Department of Finance)
- 3) Julio Rhymer, Member (Director, Office of Management and Budget)
- 4) Pablo O'Neill, St. Croix District Member,
- 5) Keith O'Neale, Jr., Secretary and St. Croix District Member.

Currently, two Board vacancies exist for the St. Thomas/St. John/Water Island District.

viNGN, Inc. – Virgin Islands Next Generation Network

viNGN, INC. d/b/a Virgin Islands Next Generation Network (viNGN) was created as a public corporation on October 22, 2010, rather than as a private corporation, and established as a wholly-owned subsidiary of the Virgin Islands Public Finance Authority (PFA), just as with the

PFA-owned West Indian Company Limited (WICO).

viNGN, INC.'s primary purpose is to design, engineer, construct, develop, and operate a wholesale, 100% fiber optic cable, open access, high speed broadband network, in order to provide more accessible, reliable, high speed internet connections at affordable prices and on equitable terms to ALL retail Internet Service Providers (ISPs), other broadband service providers, and public infrastructure stewards, who will, in turn, provide improved internet and other broadband services to businesses, residences, and government operations. viNGN's unprecedented build-out of a wholesale, 100% fiber optic, open access, high speed broadband network across the four (4) inhabited United States Virgin Islands, with direct connections to the U.S. mainland and to the rest of the world, is designed to accelerate broadband deployment in unserved and underserved areas, to encourage broadband use/adoption, and to support institutions that are most likely to provide significant public benefit(s).

The members of viNGN's Board of Directors are as follows:

- 1) Governor Kenneth E. Mapp, Chairman;
- 2) Ms. Elizabeth Armstrong, Deputy Chairwoman;
- 3) Dr. Peter Schultz, Secretary;
- 4) The Honorable Mr. Johann Clendenin, Board Member;
- 5) Mr. Jose Luis Garcia Serrano, Board Member; and
- 6) Mr. Gordon Ackley, Board Member.

The West Indian Company Limited

The West Indian Company Limited was created in 1993 by the Legislature of the United States Virgin Islands (USVI) through the enactment of Act No. 5826, which approved the stock purchase agreement between the Government of the Virgin Islands and Selandia Finance and Investment B.V. for the purchase of WICO. The Virgin Islands Public Finance Authority is the sole shareholder of WICO's stock.

WICO's operations consist of berthing and servicing cruise ships owned by established shipping lines and leasing building space and land to third parties and providing direct management of the Havensight Mall pursuant to a management agreement with the Government Employees' Retirement System (GERS). WICO is composed of four (4) departments: Marine & Cruise Operations, Construction, Leasing and Maintenance (CLM), Security and Accounting.

The members of WICO's Board of Directors are as follows:

- 1) Joyce Dore Griffin, Chairperson;
- 2) Michael Watson, Vice Chairperson;
- 3) Edward Thomas, Secretary;
- 4) Ricardo Lettsome, Member;
- 5) Michele Nico, Member;

- 6) April Newland, Member;
- 7) Vivek Daswani, Member;
- 8) Pedro Cruz, Member; and
- 9) Celestino White, Sr.

The President and Chief Executive Officer of WICO is Mr. Clifford Graham.

Virgin Islands Economic Development Authority

The United States Virgin Islands Economic Development Authority ("USVIEDA" or "Authority") is a semi-autonomous governmental instrumentality responsible for the development, promotion and enhancement of the economy of the U.S. Virgin Islands.

The USVIEDA is the umbrella organization which assumes, integrates, and unifies the functions of the following subsidiary entities: the Economic Development Bank ("EDB"), the Economic Development Commission ("EDC"), the Economic Development Park Corporation ("EDPC"), and the Enterprise Zone Commission ("EZC").

The USVIEDA operates under one Governing Board ("Board") in order to achieve maximum efficiency of operation to avoid duplication of services, positions, and responsibilities; to reduce expenses of personnel, physical plant and operations; and to develop comprehensive programs for the economic development of the U.S. Virgin Islands. The USVIEDA is a vehicle by which the Virgin Islands Government develops and nurtures the economic growth of the Territory. According to the legislation which governs the USVIEDA, the Authority shall be governed by a seven (7) member board. Of the seven (7) members, three (3) shall not be employees of the Government of the Virgin Islands or the Government of the United States and shall be appointed by the Governor, with the advice and consent of the Legislature, for a term of three (3) years. Of the three (3) non-governmental employees, one must be a resident of St. Thomas, one must be a resident of St. John, and one must be a resident of St. Croix. Three (3) members shall be appointed from either the Board or executive staff of the Employees Retirement System of the Government of the Virgin Islands. Government of the Virgin Islands. Sovernment members shall serve during the term of their government position, at the pleasure of the Governor, and may not receive compensation for their service on the Board. Non-government members are compensated at a rate of \$150.00 a day, or any fraction thereof. All members are entitled to per diem or reimbursement for necessary travel expenses.

Members of the Board of Directors are as follows:

- 1) José A. Penn, Chairperson;
- 2) Philip Payne, Vice-Chairperson;
- 3) Avery Lewis, Secretary;
- 4) Haldane Davies, Ph.D., Member;

- 5) Eugene Farrell, Member;
- 6) Juan Figueroa, Member; and
- 7) Catherine Hendry, Esq., Member.

The Acting Chief Executive Officer ("CEO") of the VIEDA is Mr. Wayne A. Biggs, Jr.

Virgin Islands Housing Authority

The Virgin Islands Housing Authority (VIHA) and the United States Department of Housing and Urban Development (HUD) entered into Annual Contributions Contract No. PR-37, dated May 26, 1959. The Housing Authority's powers, duties, and functions are pursuant to V.I. Code Ann. Title 29, Chapter I, as amended by Act No. 5523. The purpose of VIHA is to leverage economic resources to provide financial assistance for families to afford housing and provide programs for families to progress towards economic self-sufficiency.

The Virgin Islands Housing Authority mission is to encourage the development and professional management of a variety of affordable housing opportunities, facilities and supportive services to sustain vibrant and progressive communities, provide economic development and self-sufficiency options for residents, assuring equal access to quality housing and safer communities through partnerships.

The vision of the Board of Commissioners is to support the need to "right-size" the old public housing inventory through aggressive implementing an asset repositioning plan which entails eliminating old non-viable public housing and the redevelopment of attractive energy-efficient affordable housing coupled with a strategy to provide housing assistance for more families through expanding the housing choice vouchers program.

VIHA is federally funded through three primary programs: 1) the Public Housing Program; 2) the Housing Choice Voucher Program (HCVP); and 3) the Capital Fund Program (CFP). Total annual federal funding for all programs averages approximately \$40 million. Public Housing receives \$21 million; HCVP, \$14 million and CFP, \$5 million. VIHA's fiscal year is a calendar year and the combination of several funding sources facilitates a full-time staff allocation of 195 employees.

The current business model (asset management) for Public Housing comprises eleven (11) overall cost centers, ten (10) cost centers or groupings of properties, and one (1) Central Office Cost Center (COCC) that comprises a main office in each district. In Fiscal Year 2018, the Housing Authority will evolve its public housing inventory to build resilient affordable housing utilizing vouchers as a primary resource to assist families. In the next several years, VIHA will collaborate with VIHFA to produce more home ownership opportunities by supporting resident self-sufficiency goals.

Virgin Islands Lottery

The Virgin Islands Lottery (VIL) was founded in 1937 and its mandate was amended in 1971, within Title 32, Chapter 13 of the Virgin Islands Code. VIL is an instrumentality of the Government of the United States Virgin Islands and is the oldest continuous lottery of any state or territory. For the past seventy-eight (81) years, VIL has been part of the social

structure of the Territory of the Virgin Islands. From its inception, the traditional or "passive game" has been its staple, providing employment and a means of extra income for participants. The Lottery has experienced significant growth and development. VIL has increased its portfolio of games as a value-added measure and as a means of increasing players' satisfaction. As a result, the agency has become a more visible and viable contributor to the economy of the U.S. Virgin Islands.

An Executive Director, appointed by the Governor and supervised by the Virgin Islands Lottery Commission, manages VIL, the official lottery of the Virgin Islands. The Commission is comprised of the Department of Finance Commissioner, the Office of Management and Budget Director and five (5) appointed members. Each member of the Commission serves for a period of four (4) years. The Lottery Commission is the policy-making body, providing advice and oversight on operating and administrative activities. The Commission is authorized to promulgate rules and regulations governing the establishment and operations of the Lottery. The rules and regulations may include, but are not limited to, the passive game, lotteries conducted and classified as video gaming machines, slot machines, or any other type of gaming machine or device.

The Virgin Islands Lottery operates its income as an enterprise-fund parallel to operations in the private sector and uses the full accrual basis of accounting in accordance with the Generally Accepted Accounting Principles (GAAP) in the United States of America.

Virgin Islands Public Broadcasting System - WTJX

The Virgin Islands Public Broadcasting System with the FCC-granted call letters, WTJX-TV, was created on November 13, 1968, as an independent, autonomous instrumentality. Governor Ralph M. Paiewonsky created the Virgin Islands Public Television Commission in the 60s and requested a feasibility study to recommend the best structure for Public Television in the Virgin

Islands. Subsequently, the Virgin Islands Public Broadcasting System, otherwise known as WTJX, was established by Act 2364, by the Seventh Legislature of the Virgin Islands.

For 45 years, WTJX-TV has provided quality television to the people of the Virgin Islands and enriched lives, stimulated thinking, and increased public understanding of our complex world. WTJX ensures that our culturally and socially diverse audience has access to free, locally-based, enriching programs and education services. Additionally, five years ago, the Virgin Islands Public Broadcasting System acquired a non-commercial radio station: WTJX-FM, 93.1. WTJX-FM went on the air in January 2015 and is now the territory's only NPR (National Public Radio) station, providing quality news and information to the Virgin Islands community.

WTJX-TV is eligible for funds from the Corporation for Public Broadcasting (CPB), which is a private corporation created by the Federal government. It is the largest single source of funding for television and radio programming; and is regulated by the Federal Communications Commission (FCC). WTJX-TV is a member of PBS (Public Broadcasting Service) a private, non-profit media enterprise, owned and operated by member stations. PBS produces and distributes rich, high-quality, television programs. The Government of the Virgin Islands' Executive and Legislative Branches, which appropriates and allots approximately 85% of funds for WTJX's operation, exercise some oversight.

The Chief Executive Officer is Tanya-Marie Singh who is responsible for the day-to-day operation of the System. WTJX is run by a Board of Directors. The following are the current board members of the Virgin Islands Public Broadcasting System:

- 1) Jose Raul Carrillo, Chairman;
- 2) George Moore, Vice Chairman;
- 3) James A.D. Francis, Treasurer;
- 4) Dr. LaVerne E. Ragster, Member;
- 5) Dr. David Hall, Member;

Election System of the Virgin Islands

The Election System of the Virgin Islands (ESVI) was created through Act No. 936 on February 20, 1963, by the Legislature of the Virgin Islands. The authority for the Election System of the Virgin Islands is derived from Title 18 of the Virgin Islands Code. The statute establishes the organizational structure of the Agency, which is comprised of four divisions: Joint Boards of

Elections, St. Thomas-St. John District Board of Elections, St. Croix District Board of Elections, and the Office of the Supervisor of Elections. Each District Board of Elections consists of seven (7) members elected from the respective districts for a four (4) year term; the St. Thomas-St. John District must include two (2) members who reside on the island of St. John. The Boards are the policy making bodies of the Election System of the Virgin Islands.

The following are current members of the Joint Boards:

- 1) Arturo Watlington, Jr., Esq., Chair;
- 2) Adelbert M. Bryan;
- 3) Glenn Webster;

- 4) Barbara Jackson McIntosh;
- 5) Lilliana Belardo de O'Neal;
- 6) Raymond J. Williams;

- 7) Maurice Donovan, Jr.;
- 8) Lisa Harris Moorhead;
- 9) Alecia Wells;
- 10) Carla J. Joseph;

The Supervisor of Elections is Mrs. Caroline Fawkes.

Hospital and Health Facilities Corporation

P In accordance with Act No. 6012, as amended by Act No. 6279, the Virgin Islands Government Hospital & Health Facilities Corporation was established to ensure that quality, comprehensive health care is available to residents and visitors throughout the territory. The

Corporation, whose authority was expanded to incorporate the functions of human resources, the procurement of goods and/or services, and the financial management of the Hospital Revolving Fund, is committed to providing effective, affordable quality health care by implementing a new management structure that preserves decentralized control over health care facilities, yet incorporates the benefits of territory-wide planning and coordination.

SCHNEIDER REGIONAL MEDICAL CENTER Three Facilities, One Healthcare System, One Vision

Schneider Regional Medical Center

The Schneider Regional Medical Center (SRMC) is a semi-autonomous agency within the Virgin Islands Government. Our facilities include the Roy Lester Schneider Hospital, the Charlotte Kimelman Cancer Institute, and the Myrah Keating Smith Community Health Center on St. John.

SRMC's hospital is a 169-bed, licensed facility that offers a plethora of services. The Cancer Institute has advanced technology in cancer detection and treatment, and the Myrah Keating Smith Community Center provides a variety of primary health care services and is the only health center on St. John that offers 24-hour urgent care, seven (7) days a week. SRMC has a solid base of highly skilled and qualified physicians, surgeons, and clinical practitioners committed to providing optimal care. SRMC is exploring opportunities to expand its services at all three (3) facilities and add new technology to further enhance the quality of care we provide, such as digital mammography, pacemaker insertions, surgical ablations (as an alternative to total hysterectomies), and electroconvulsive therapy.

The following are the current board members:

- 1) Cornel Williams, Chairman;
- 2) Vacant, Vice Chairman;
- 3) Vacant, Secretary;
- 4) Vacant, Treasurer;

Governor Juan F. Luis Hospital and Medical Center

The Governor Juan F. Luis Hospital's mission is to drive the improvement of the health of those we serve, while exemplifying compassion and respect.

All hospital personnel are integral parts of a team that encourages innovation and single-minded dedication to improving the health of those we serve. We pledge to improve the quality of healthcare through a disciplined approach involving a significant investment of commitment, time, capital, and collaboration. In future years, we will attract and retain first-rate team members who will achieve extraordinary results for those who we serve. The quality of our customer service will attract patients and physicians as we continually improve our skills, services, methods and products to ensure enduring results.

JFLH's core responsibilities are:

- To deliver healthcare services of exceptional quality and value
- To create an environment of teamwork that bolsters employee morale
- To recognize and continually develop and encourage partnerships with employees, volunteers, patients, physicians, and other providers
- To generate sufficient profits for our health system to continually improve our ability to provide quality care
- To value and promote respect for and between our patients, their families, physicians, team members, and community
- To foster a strong bond between our community and team members
- To nurture, encourage, and celebrate the growth of our health system
- To continuously develop, research, and implement innovative and efficient healthcare products and services

Office of the Virgin Islands Inspector General

The Virgin Islands Inspector General's Office, formerly the Virgin Islands Bureau of Audit and Control, was created on December 14, 1999, with the passage by the Virgin Islands Legislature of Act No. 6333. As a separate, independent agency of the Government of the Virgin Islands, the Virgin Islands Inspector General's Office functions as the major auditing arm of the Government. Act No. 6333 gave the Virgin Islands Inspector General's Office functions are the major auditional of the Sovernment.

responsibilities to: a) conduct audits, inspections and investigations of programs and operations of the Virgin Islands Government; b) provide leadership in coordinating and recommending policies to promote economy, efficiency and effectiveness in the operations of the Virgin Islands Government; c) investigate and recommend policies to prevent fraud, waste, and abuse; d) refer criminal conduct to the Attorney General for criminal action; and, e) bring monetary losses to the attention of the Attorney General for appropriate recovery by civil suit.

The audit and investigative authority of the Virgin Islands Inspector General's Office extends to all three branches of the Virgin Islands Government, including the semi-autonomous and autonomous instrumentalities. The law requires that audits be performed in accordance with standards established by the United States General Accounting Office and the American Institute of Certified Public Accountants.

gement Authority The Virgin Islands Waste Management Authority (VIWMA) was created in January 2004 Preserving Paradise by the 25th Legislature of the Virgin Islands to provide solid waste and waste water

management services to the people of the United States Virgin Islands. Act No. 6638 established the VIWMA as a non-profit, public body, corporate and politic, of the Government of the Virgin Islands (GVI). It is constituted as an autonomous instrumentality of the GVI with a Governing Board of Directors comprised of seven (7) members, three (3) from the public sector and four (4) from the private sector. The following four Board Members currently serve: LaToya Williams, Acting Chairwoman/Secretary; Norbert Rosado, private sector; Clifford Joseph, Director of Fire Services; and Nelson Petty, Jr., Public Works Commissioner.

The VIWMA provides solid waste collection and disposal services to residential and governmental customers throughout the Territory. Commercial customers must collect and dispose of their solid waste. VIWMA provides waste water collection, treatment, and disposal services to residential, governmental, and commercial customers connected to the public sewer system.

- 2. Ronnie Jones: Treasurer (St. John); and
- 3. Eddie Williams: Member (St. Croix District).

University of the Virgin Islands

The University of the Virgin Islands (UVI), then College of the Virgin Islands, was opened in July, 1963, with a campus on St. Thomas consisting of 175 acres of land previously occupied by a Navy Department installation and deeded to the University by the federal government for educational purposes. Two types of programs, a liberal arts program and occupational program, were offered leading to an associate in arts degree. To provide educational

opportunities for the residents of St. Croix at the University level, an evening program was established in October 1964 on a 125 acre campus obtained from the federal government.

UVI is a public liberal arts-based Masters university, a Historically Black College and University and a Land-Grant institution. UVI has a combined enrollment of approximately 2,350 full-time, part-time and graduate students on its two campuses, St. Thomas and St. Croix. It continues to offer a high quality, affordable liberal arts education and professional programs in a culturally diverse environment. The University's objective is to be recognized as the leading American institution of higher learning in the Caribbean.

The University is currently governed by a 12 member Board of Directors. The Board members are:

- 1) Governor Kenneth E. Mapp, Honorary Chairman;
- 2) Henry C. Smock, Esq., Chairman;
- 3) Alexander Moorhead, Vice Chairman;
- 4) Dr. David Hall, Secretary, President of UVI

Description of Funds

Adult Education Fund

The Adult Education Fund was created pursuant to Title 17, Chapter 21, Section 242, Virgin Islands Code (VIC). All tuition fees paid by students attending evening classes shall be deposited in the Adult Education Fund. Monies shall be disbursed by the Commissioner of Finance exclusively for use of the adult education program, established and authorized by the Commissioner of Education.

Agriculture Revolving Fund

The Agriculture Revolving Fund was created pursuant to Title 33, Chapter 111, Section 3018, VIC. The fund shall consist of all revenues derived from the sale of agricultural products, livestock feeds, fruit trees, ornamentals, animals, water, and the rental of agricultural equipment, and all revenue from the rental or lease of government-owned lands for farming. All monies pertaining to the fund shall be disbursed by the Commissioner of Finance, exclusively for the expenditure of the Department of Agriculture for the purchase of seeds, fertilizers, insecticides, fungicides, other agricultural and farm equipment, and for the production and encouragement of temporary agricultural workers for planting and reaping.

Anti-Litter and Beautification Fund

The Anti-litter and Beautification Fund was created pursuant to Title 33, Chapter 3, Section 42, VIC. It consists of advance disposal fees required to be credited to the fund, and other amounts appropriated thereto from time to time by the Legislature. No money in the fund shall be available for expenditure except as appropriated annually by the Legislature and disbursed by the Commissioner of Finance for the following purposes: establishment of recycling programs and redemption centers; reimbursement of redemption centers, established under Title 19, Section 1557a, for sums paid in exchange for materials turned in for recycling, in an amount to be determined by the Anti-litter and Beautification Commission; roadside cleanup and beautification; removal and disposal of abandoned vehicles; increased enforcement of anti-litter laws; anti-litter educational campaigns; administration and expenses in an amount not to exceed thirteen percent of the deposits to the fund in any fiscal year; and such other purposes or activities of the Anti-litter and Beautification Commissions as are consistent with the purposes of Title 19, Chapter 56, VIC. Act No. 6638 transferred the administration of the fund to the direction of the Waste Management Authority.

Budget Stabilization Fund

The Budget Stabilization Fund was created pursuant to Title 33, Chapter 111 Section 3100m. Its source of revenue is an annual appropriation of not less than ten million dollars or any fiscal year end surplus within the Treasury of the Virgin Islands. Funds can be transferred from the Budget Stabilization Fund for the purpose of offsetting any deficit in the General Fund at the end of a fiscal year which occurs when the sum in the General Fund is less than the appropriations during a fiscal year. Transfers can also be made to offset a temporary shortfall in the General Fund caused by lagging revenue collections or to provide emergency funding for disaster recovery in a state of emergency declared by the Governor. Any funds in excess of five percent of the total appropriations from the General Fund for the fiscal year in progress must be applied to the Government's long-term debt, unfunded pension liability, and bond indebtedness. The Commissioner of Finance shall disburse monies in the Fund upon the authorization and direction of the Director of the Office of Management and Budget. Any sum used to offset a temporary shortfall must be repaid to the Fund by the end of the fiscal year. The Commissioner of Finance and the Director of the Office of Management and Budget are short of any allocations, expenditures, and obligations to the Governor and the Legislature within sixty days after disbursement.

Glossary

Actual

The year-to-date closing balance of the account for the period designated.

Adjusted Balance

The gross, total or net balance that has been adjusted to reflect a change (For example; Adjusted General Fund balance – reflects a change in the general fund total that may not be otherwise adjusted elsewhere).

Adjusted Gross Revenue

The total of all funds to include appropriated (general and local), non-governmental (hospital revolving), and non-appropriated (all others to include federal funds), and any adjustments to the general fund.

Administrative Transfer

A transfer of allotted departmental resources which requires only the approval of the Office of Management and Budget and/or the Governor. These transfers can only be effectuated if no funding restrictions are imposed by the Legislature on appropriations, as in the case of a lump sum appropriation or modified line item appropriation.

- Types of Administrative Transfer of Resources include the following:
 - 1) Lateral transfers: between the same sub-accounts and/or low orgs (activity centers);
 - 2) Vertical transfers: among different sub-accounts and/or low orgs (activity centers);
 - 3) Lateral and vertical transfers: between and among the same and different sub-accounts and/or low orgs (Activity center). (Lump sum appropriation)

Allocation

A distribution of funds, or an expenditure limit, established for a department or agency.

Allotment

A portion of an appropriation to be expended for a particular purpose during a specified time period.

American Recovery and Reinvestment Act (ARRA)

An unprecedented effort to jumpstart our economy, save and create millions of jobs, and put a down-payment on addressing long-neglected challenges so our country can thrive in the 21st century.

Appropriation

A legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and time when it may be expended.

Appropriation Transfer

A reprogramming of funds as authorized by Title 2, Chapter 2, Section 28(b), Virgin Islands Code, which can only be effectuated through a departmental request transmitted through the Director of the Office of Management and Budget to the Governor, and from the Governor to the Legislature for final approval.

- The following types of transfers require the approval of the Legislature as a Whole:
 - 1) Transfers between two different funds
 - 2) Transfers from one department to another

Appropriation Transfer (continues)

The following transfer requires the approval of the Legislature, Committee on Finance:

• Transfers between budgeted line items or organizations (activity centers) within the same department and fund.

Balanced Budget

When the general fund projected revenues or general fund net revenues equals projected expenditures, plus or minus transfers to or from other funds and financial sources (uses).

Baseline

Current level at which the organization is performing.

Benchmark

A standard or point of reference used in measuring and/or judging quality value.

Budget

A plan of financial operations, embodying an estimate of projected expenditures for a given period, and the corresponding proposed resources for funding the same.

Budget Adjustments

Changes to appropriations (Budgets) to include supplements, decreases, or reprogramming, including appropriation transfers and apportionments.

Budget Category

An account in which the aggregate is recorded for all related objects (e.g. personnel service cost is a budget category that is supported by the related individual detailed objects such as classified, unclassified, and part-time).

Calendar Year

January 1st to December 31st of the same year.

Capital Improvement

Capital Improvements are defined as physical assets, constructed or purchased, that have a useful life of ten (10) years or longer. Exceptions have been made for inclusion of a few projects that do not meet the above criteria, for example, ADA para-transit vans, to make them more visible to the public and the Legislature.

Capital Outlays

Expenditures which result in the acquisition of, or addition to, fixed assets. They should be classified under the following objects: land; buildings; improvements other than buildings; machinery and equipment.

Central Service Cost Allocation Plan

Comparable to the college and university long form, each central service is treated as a separate cost pool and distributed to each operating department or agency it serves. This distribution is accomplished through billing rates or particular services rendered (e.g. cost per mile for use of a motor vehicle, dollar per audit, or computer usage rates) or through an allocation basis on an indication of use (e.g. accounting based on the number of transactions or checks written or occupancy based on square footage or space occupied). The costs distributed through the central service cost allocation plan are subsequently included in the department's indirect cost proposal or included where they can be identified with a grant as a direct cost.

Chart of Accounts

A list of all asset, liability, fund balance, revenue, and expense accounts.

Debt Service Fund

A fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Department

An organization within the Executive Branch, which under general laws has an independent existence and the authority to receive and expend appropriations as set by law.

Effectiveness Measure

An indication of the degree to which a program will achieve its objective.

Encumbrance

The purchase in an expense account at the time an item is ordered. The Encumbrance reduces the available budget by the purchase amount.

Expenditure

A transaction resulting in the disbursement of cash.

Federal Funds

Contributions of cash or other assets from the federal government to be used or expended for a specific purpose, activity, or facility.

Fiscal Year

A 12-month period to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations. For example, the Government of the Virgin Islands' fiscal year begins on October 1st, in one calendar year and ends on September 30th in the ensuing calendar year.

Function

A group of related activities aimed at accomplishing a major service or regulatory program for which a government is responsible. For example, public safety is a function.

Fund

A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purposes of carrying out specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Fund Balance

The total available amount in a fund.

General Fund

The fund used to account for all financial resources except those required to be accounted for in another fund.

General Fund Gross Revenues

General fund revenues plus contributions (transfers in) and other financing sources; before any deductions of expenses (e.g. before deductions of tax refunds, infrastructure subsidy, debt services, or amounts owed to other entities or instrumentalities), transfer outs or other financing uses.

General Fund Net Revenues

General fund revenues plus contributions (transfers in) and other financing sources less deductions for expenses such as tax refunds, infrastructure subsidy, debt services, or amounts owed to other governmental entities or instrumentalities; transfers out or other financing uses.

In-Kind

"Cost Sharing or Matching" means the value of the third party in-kind contributions and the portion of the costs of a federally assisted project or program not borne by the Federal Government.

Indirect Cost

State and local governments incur administrative costs at two (2) levels. The first is the so-called executive or central administrative level of costs such as central budgeting, accounting (comptroller), personnel (civil service), legal services, (attorney general), facilities operations and maintenance, and the motorpool (general services administrations). The second level is the operating departments or agencies (health, roads, social services, education, police, fire, etc.) and consists of the overhead costs incurred at this level (salaries and wages of the department heads and their administrative staffs, the departmental accounting and budgeting offices, etc.) Because of this layering, state and local governments prepare two types of proposals: a central service cost allocation plan and an indirect cost proposal. "Indirect Cost" is an accounting term used to describe a process of assigning (or charging) costs that are common to two or more of a grantee's projects or operations. As a general rule, the cost of building occupancy, equipment usage, procurement, personnel administration, accounting, and other overhead activities are charged to grants and contracts as indirect costs. They are not substantially different from direct costs. If one wanted to incur the time and bookkeeping expense, all indirect costs could be treated as direct. Grantees must be consistent in treating costs as direct or indirect under grants. Once a decision is made by a grantee to treat a cost either as direct or as indirect, it must be treated that way for all projects and principal activities of the organization, regardless of the source of funding. From a grantee's point of view, the determining factor for treating a cost as direct or indirect should be practicability and the potential for reimbursement as a change to an outside funding source.

Low Org

Low Orgs are levels of organization that have no sub-units reporting to it.

Net Revenues

Gross or total revenue less any deductions for expenditures (expenses).

Non-Governmental Funds

Funds generated and utilized by a semi-autonomous or autonomous instrumentality that are not managed by the Government (e.g. Hospital Revolving Funds utilized by Juan F. Luis Hospital and Schneider Regional Medical Centers).

Object

One of a group of related accounts which support in detail the summaries recorded in a budget category. The individual accounts for personnel service costs such as unclassified and part-time are examples.

Object Code

The segment of the account number that reflects the object of expenditure or source of revenue.

Objective

A task or group of tasks undertaken in order to achieve a stated goal.

Org

An abbreviation for organization. It is the level within an organization at which costs are accumulated and associated with a purpose to carry on an activity or operation, or to complete a unit of work or a specific job. For example, in the Department of Human Services, Office of the Commissioner is a Divisional Org. and Personnel and Labor Relations is an Activity Org.

Org Code

A code representing the segments of an account number.

Option

Used to provide additional management reporting, e.g., physical location, job classification, or the types of services rendered. Options may be specific to an activity center, division, or department.

Other Funds

Funds used to account for financial resources not accounted for in the General Fund. For example, the internal service fund accounts for the financing of goods or services provided by one department or agency primarily or solely to other departments or agencies of the government unit, or to other governmental units, on a cost-reimbursed basis.

Output

A description of the level of activity or effort that will be produced or provided over a period of time by a specified date, including a description of the characteristics and attributes (e.g. timeliness) established as standards in the course of conducting the activity or effort.

Performance Budget

A budget presentation that clearly links performance goals with costs for achieving targeted levels of performance. In general, a performance budget links strategic goals with related long-term and annual performance goals and with the costs of specific activities that contribute to the achievement of those goals.

Performance Goal

Sets a target level of performance that is expressed as a tangible, measurable objective, against which actual achievement can be compared, including a goal expressed as a quantitative standard, value, or rate. Performance goals can be either outcome or output goals.

Performance Measures (aka indicators, metrics)

A quantitative or qualitative characterization of performance such as an indicator, statistic, or metric used to gauge program performance.

Performance Target

A quantitative level of performance desired.

Period

A month within a fiscal year; noted by a number, 1 through 12. Also periods of SOY (Start of Year), and 13 representing the reserve or EOY (End of Year).

Prior Approval

"Prior Approval" means documentation evidencing consent prior to incurring specific cost.

Program

A plan or system involving the expenditure of resources under which action may be taken to provide public goods or services. Programs are usually the lowest level of an organization at which cost data and evaluation measures are maintained.

Program Income

Program income means gross income received by the grantee or subgrantee directly generated by a grant supported activity, or earned only as a result of the grant agreement during the grant period. "During the grant period" is the time between the effective date of the award and the ending date of the award reflected in the final financial report.

Project Code

A segment of the account number used to identify a particular capital project.

Projection

The estimated budget for the upcoming year.

Revenues

Inflows or other enhancements of resources of an organization, or a settlement of its obligations (or a combination of both), during a period from delivering and or producing goods, rendering services, or other activities that constitute the organization's ongoing or central operations.

Roll–Up Code

A code which links an account with other accounts for the purpose of calculating the available budget.

Segment

A component of an account number; for example, the fund segment.

Spending Plan

Various patterns by which revenue and budgeted expenditures are allocated across accounting periods.

Strategic Goal

Broad long-term organizational statement of desired future performance. A statement of purpose that is measurable, but not measured directly.

Strategic Management

An integrated approach for leading and managing.

Strategic Objective

Broad time-phased statement of measurable accomplishment required to realize the successful completion of a strategic goal.

Workload Efficiency Measure

A key indicator of the degree to which a program economically manages the workload associated with meeting its objective, usually expressed in terms of cost per unit of work or output.
