SOPP # 105 (Requisitioning)	<u>Prepared By:</u> Accounting Division <u>Approved By:</u> Commissioner of Finance			
Effective Date:July 22, 2019				
Title	REQUISITIONING			
Purpose	To ensure uniformity and compliance with procurement regulations made throughout the central Government of the Virgin Islands utilizing the Enterprise Resource Planning (ERP) System.			
Policies	 ✓ Requisitions are initiated by the end-user department/agency. ✓ The following items <u>DO NOT</u> require a requisition and are valid forstraight payment processing via the Accounts Payable Module: a. Sub-Grants, Scholarships, Subsidies, and Sponsorship b. Petty Cash c. Imprest Fund d. Postage (i.e., USPS, Fed Ex, UPS, DHL, Pitney Bowes, etc.) e. Subscriptions and Membership dues f. Inter-Fund Transfers and Inter-Governmental Transfers g. Judgments & Claims 			
	 b. Executed leases for property and/or equipment rentals (i.e., office, parking spaces, Xerox, etc.) i. Refunds (i.e., Taxes, Child Taxes, and j. Travel Reimbursements k. Travel Advances (Inter- and Off-Island) l. Stipends m. Uniform Allowances n. Utilities (i.e., day-to-day electricity, water, telephone, mobile, and internet.) o. Security Services (i.e., Recurring security monitoring services with approved contract only) p. Workmen's Compensation 			
	 q. Bulk Transportation Tickets (for travel related to medical and/ormedical emergency care only) r. Emergency Task Orders executed by Property and Procurement s. Mailbox rentals t. Private donations • <u>NOTE:</u> Purchases utilizing private donations shall be conducted in accordance with the written intent of the donor. The written intent of the donor must be attached to the straight payment transaction in the ERP System. If a department/agency wishes to utilize any private donations outside of its intended purpose, written permission must be given from the 			

 donor. Additionally, if a private donation is given without any intended purpose, the funds should be utilized in the best interest of the Department/agency. When practicable, purchases utilizing private donations should procure goods and services in a timely manner based upon the mostfavorable terms (i.e., after careful consideration of competing offers and without unduly sacrificing quality and performance).
 Except as noted above, normal bulk ticket purchases and payments to travel agencies are to be routed through Property and Procurement.
\checkmark Fixed Asset Form must be itemized and completed in its entirety.
✓ The practice of transmitting justification letters external to the ERP System for purposes of obtaining an "advance written paper-driven approval" from the Department of Property & Procurement and/or Department of Finance is unwarranted and redundant; requisitions must have proper supporting documentation attached (e.g., quotations, bids, proposals and letters of justification) executed by the department/agency head and attached to a requisition at the point- of-entry.
✓ Except for certain exemptions, as provided for under Title 31 V.I.C. § 239; procurements of goods and/or services with a total cost not exceeding fifty thousand dollars (\$50,000) require at least three (3) vendor quotations/bids and must be attached to the requisition at point-of-entry.
✓ The selection of a vendor by the user agency shall be made to the lowest responsive responsible vendor quote/bid; however, in those instances where the lowest responsive responsible vendor quote/bid is not selected, the department head must attach a writtenjustification letter to the requisition within the ERP System at the point-of-entry, outlining the specific circumstance(s) that gave rise toselecting an alternate vendor quote/bid.

	~	Once a requisition is converted to a purchase order, the purchase order will generally remain active for ninety (90) days from the date of conversion (i.e., purchase order date).
	~	Purchase Orders encumbered with the Government of the Virgin Islands to support contracts, MOA, MOU or to accompany a solicitation document, such as bid or proposal, in support of a forthcoming contract, are exempt in accordance with SOPP# 305.
	~	Contract and Lease Renewals must be addressed directly with the Commissioner of Property & Procurement.
	~	With the exception of goods and/or services that require a binding contract with the Government of the Virgin Islands (e.g., RFP), requisitions processed at year-end for the sole purpose of encumbering funds to charge future years' expenditures against current year budgets shall be subject to rejection by the Departmentof Property & Procurement.
	~	With the exception of encumbrance balances that are exempt as delineated in SOPP# 305; all other encumbrance balances (i.e., goods and services) reflected on the VISION ERP System in excessof ninety (90) days shall be subject to cancellation/deletion. Department of Finance may grant special permission to maintain encumbrances beyond ninety (90) days, with proper written justification from the respective department's agency head.
	\checkmark	Departments/agencies must assign an appropriate vendor code for each requisition.
	√	Departments/agencies must include the appropriate commodity code that best describes the desired goods or services.
		Commodity codes are used to facilitate inventory and fixed assets management.
	~	Departments/agencies shall not edit the default description of any commodity code.
	~	Use <i>General Notes</i> to enter specific details of the commodities or services.
	\checkmark	Requisitions shall only be initiated using a vendor with an <i>Active</i> Status.

✓ Use Vendor/Sourcing Notes to enter vendor-specific details for the requested goods or services. Departments/agencies must confirm/verify that the vendor's preferred and accurate purchase order remit address is applied to the requisition. Assigning the preferred remit address will expedited elivery of the purchase order to the vendor.

- Departments/agencies must confirm/verify the receiving (*Ship to*) address for all goods and services. The shipping address enables vendors to deliver items purchased to the appropriate location. This should include the physical address of the office location, telephone number, and e-mail contact.
- Items being purchased must be clearly identified at the unit level (i.e., there must be a separate line item that includes, quantity and cost per unit, and description for each piece of merchandise). Accompanying items may be combined (e.g., monitor, keyboard, andcables/cords for a personal computer), however, supplementary items (e.g., printer, scanner, external drive for a personal computer) must be itemized separately.
- For services, related services may be clustered singularly; nonrelated services must be itemized separately; all services must be sufficiently described on the requisition.
- Department and agencies must ensure that the correct Org/Object/Project is being applied to requisitions for proper transaction recording in the Government's General Ledger.
- ✓ Requisitions shall not be assigned to payroll object codes.
- Purchases that are assigned to capital accounts objects are considered fixed assets. Items that satisfy the capitalization threshold cost of \$5,000 or greater, must be flagged as *fixed assetstransactions*. Valid fixed assets object codes are as follows:

Object Code	Object Code Description
570000	Capital Outlay
571000	Building and Improvements
571110	Land & Land Improvements
571300	Infrastructure
575000	Machine, Equipment & Misc.

Γ

	✓ The requisition processing status is as follows:				
	 The Department of Property & Procurement is the primary agency responsible for addressing issues relating to the vendor's record (e.g., new vendors, revisions to vendor address, vendor status, and standings). 				
	✓ The DPP is the authorizing agency to address all matters involving commodity codes.				
	 The Department of Property and Procurement is responsible foradjusting department/agency shipping addresses. 				
	Department of Finance will monitor all payment transactions and report to DPP those instances where the requisitioning process should be followed.
